Subject: Travel to Moorhead

As we discussed earlier this morning, William Winter had suggested that you and Senators Burton and Chaney carpool with him to Moorhead for tomorrow evening's hearing. I have spoken to Governor Winter's security detail/driver and he said he is to only take Governor Winter to Moorhead and that his vehicle really isn't large enough for additional passengers. Thus, you will need to make your own arrangements for transportation to Moorhead. Thank you.
