Talking Points

- Good Morning
- I am pleased to have the honor of introducing a lady who is a strong advocate of the arts in MS.
- As Honorary Chair of the Majesty of Spain Exhibition, she has worked tirelessly to promote this one-of-a-kind art collection set to open March 1.
- Always a teacher, she recently completed a public service announcement promoting this event for public school distribution.
- She is also involved with the:
 - Mississippi Committee of the National Museum of Women in the Arts,
 - The Mississippi Children's Museum,
 - The Mississippi Symphony Orchestra Education Committee, and
 - The International Ballet Competition committee.

- It is evident that she understands the importance the arts play in our communities, education and economic development.
- Ladies and Gentlemen: My wife, Melanie Musgrove.
