Subject: Christmas Present for Bill

Hello all,

Since Sasha is out of the office, she has asked that I talk to everyone about getting a Christmas present for Bill. She said he really loved the gift card from Home Depot we gave him last year (I think she said it was about \$150) so if you would like to contribute to Bill's Christmas present, please let me know as soon as possible. I would like to have the money together by December 15 or 16 so we can get the present to give him at the staff Christmas party on December 19. Thanks for your help.

Kim
