

Governor's part:

As you know, making sure our children receive the best education possible is my number one priority as Governor.

If our state is to continue to attract good jobs, we need a skilled and educated workforce.

Good teachers are the key to a good education.

If you're a teacher or about to enter the field of teaching, plan to attend this year's Mississippi Career Fair for Educators.

Superintendents and principals from across the state will hire teachers, like you, to fill their school district's needs.

Creating an environment for quality education is our passion. That's why I urge you to attend this year's Mississippi Teacher's Career Fair.

Together, we can make a difference.
