

Script for Broadcast VoiceMail Thanksgiving Message:

“This week, as we celebrate the Thanksgiving holiday, I encourage each of you to take a moment to remember the true meaning behind the holiday.

“We live in the greatest country on earth, a country where the freedoms of speech, religion and government stand as a beacon to others around the world. These freedoms are more precious than ever today, as we work with countries around the world to remove the threat of terrorism forever.

When we sit down to the Thanksgiving dinner Thursday, let’s say a collective prayer for our nation, the men and women serving to protect it, and the lives we are able to share with our loved ones. I hope each of you has a safe and happy Thanksgiving.”
