Shanta,
I am attaching information about 7 Governors Build computers that still remain at Natchez High School. These were I believe the original part of Jackson Public's shipment that were in need of CDROMs at that time so Jackson left them. Then, Jackson ended up giving back 74 computers. Can you help me by indicating what you would like to do with these computers? Is there a school still in need? Did you previously assign them to anybody? If not, any ideas how to proceed? Shannon has listed the computers below by MS-CCI number.
I hope you are doing okay. Things remain busy here as I am sure they are there.
Thanks,
Julie

>I know I am bothering you about this, but I am not sure what to do. We have the following seven computers still here in my classroom. Do I need to contact someone to help you guys out? I know you are sooooo busy with everything else. I just can't believe no one is yelling where are my computers! LOL
Thanks so much
