Dear Anna and Byron, I was so very thrilled to get your letter with so very much news from home, that I cried when they handed it to me. The children sound fine. You will probably be going on your vacation soon. Have a good trip. Catch a fish for me. I am fine, although I am losing weight. Your advice about exercise will follow. The weather has been rainy since July 11 when I entered Parchman. I am getting used to the diet, & usually clean my plate. -- Would it be possible to send a picture of the children in a letter? Everyday I think of you, and miss you. I can see Laurie & Melinda swinging, & Hillary. The sandbox like I do not have our own bibles, but there are sufficient. My skirt is striped. I wear my own blouse. We get to wash our hair & we shower on Mon. & Thurs. There is good light from the hall windows. I hear the geese & turkeys & ducks outside around food every morning. They are funny. We sing, have devotion every afternoon. I like to listen to wonderful music from a classicist among us. More like you. I read your letter over & over. My inmate read it to. In another day I'll write it memorized. The girl in the cell with me is pregnant. She wants all the baby John. Thank you for Willie's address in England. Will you thank dear Mrs. Smith for everything. Please give my happiest regards to everyone. Love,
Lovingly, Barbara

Dear Annie, I just raced through your two letters ^{Postmarked 9-10} which I received a few minutes ago. It was wonderful to hear all the good news from home and to learn you are happy & well. I will read the letters many times. The weather has been consistently warm but not unbearable. There are stately oaks that we can see and birds fly close to the windows. The country is mostly flat farm land. Sometimes we can see beautiful sunrises. I am well. I hope you are not working too hard and I'm glad to hear you are getting your rest. I imagine you have been taking the kids on lots of pictures, swims, rides, etc. Have you heard from Don yet? I imagine he will be coming from Huston soon. I expect Babs will be back from Europe when you get this. She seemed to have a very worthwhile itinerary. I'm sure she made a lasting impression among the specialists in the field of packaging. Her modernistic designs are bound to become popular. Send her my greetings. Betty's job sounds fascinating. I often wonder if she meets at the studio any of the actors and actresses I have worked with. Please write more clearly in your next letter. Loads of Love, kiss the kids for me,

Byron.

Dear Annie, It was wonderful to receive your letter. The one to
Hinds reached me here as did those sent on the 10th and 15th. I have also
received a letter from Betty sent on the 15th. I cannot tell you how much
it means to hear from home. It is reassuring to find all is going well
although if I had not been confident that this would be the case, I
would never have left. You know how conservative I can be. I
hope you don't find the trip to Beachhaven to trying, nor the sun
to burning. I will be with you in spirit. I hope you and the kids
are enjoying the kitchen now that Amigo is gone. Tell them
I have seen large turkeys, geese, pigs, and cows here.
The weather is ideal and the countryside is beautiful.
Give my regards to the Mells, Harveys, Pannercuffs, Appels, Nijga,
Johay, and others. Tell Betty I will write her soon and that
her letter was a real morale booster for me. Time here
goes faster than I expected, and I am beginning to plan
for when I leave. When did you mail the letter to Dan?
I am feeling well, getting plenty of rest and exercise. I did
not write Ralph, perhaps I will the last week. Keep up
the good job, you have no idea how secure I feel because
of you. Loads of love to you David, Laura, but not the cat. By
Love, Byron
