Sales Tax Supports the General Fund, Education, Municipalities, and Special Funds

All sales of tangible personal property in the State of Mississippi are subject to the regular retail trade rate of sales tax (7%) unless law exempts the item or provides a reduced rate of tax for an item. The tax is based on gross proceeds of sales or gross income, depending on the type of business. Additionally, many services are subject to sales tax. Installation labor is taxable when connected to the sale of tangible personal property.

Each month, the DOR distributes and transfers the sales tax collected during the prior month to various Treasury Funds. The State General Fund receives the largest portion; however, Sales Tax is also an important revenue source for Municipal Governments and for Education in our state. Money transferred to the Motor Vehicle Ad Valorem Reduction Fund is used to reimburse the counties for the credit on motor vehicle license plates annually provided to each vehicle owner.

Transfer to Cities and Counties from Special Tax Collections

Most Special Taxes are imposed on the gross receipts of hotels, motels, restaurants and/or bars within certain cities or counties; however, the cities of Jackson and Tupelo impose a tax on retail sales and services subject to the general rate of state sales tax with certain exceptions. Revenues are dedicated to certain purposes as authorized by the enacting legislation and the tax rates vary by location. All special taxes are in addition to the regular Sales Tax. More information about these taxes can be found by visiting our website.

Income Taxes Support the State General Fund

Mississippi enacted the state's first income tax in 1912. At that time, the tax rate was ½ of 1% imposed on all net income in excess of \$2,500. Over 100 years later, the laws have been amended numerous times providing exemptions, deductions, exclusions, inclusions and various filing status classifications. Income tax is imposed on the net taxable income of individuals, corporations, estates and trusts.

The chart below provides the amounts transferred to the State's General Fund and which revenues are utilized by other agencies to provide services to the citizens of Mississippi, such as education and public safety.

ABC Collections and Transfers

The Mississippi Alcoholic Beverage Control was created for the purpose of enforcing the liquor laws and for the distribution of alcohol products in this state. Along with 17 other states, Mississippi is a control state meaning it exercises complete control over the wholesale distribution of alcoholic beverages. All legal alcohol entering Mississippi from manufacturers must be shipped directly to the ABC's Liquor Distribution Center from which ABC sells the products to licensed retailers for ultimate sale to the public.

An alcoholic beverage is either a distilled spirit or a wine product that contains more than 5% alcohol by weight. Beer and light wine products are not included and are not distributed by the ABC. The excise tax on sparkling wine and champagne is \$1.00 per gallon, other wines are 35 cents per gallon, and distilled spirits are \$2.50 per gallon. Additionally, all alcoholic beverage products are subject to an additional 27½% markup on the wholesale purchase of alcoholic beverages. A permit is required to sell alcohol in this state.

The below collections result from the operations of the Liquor Distribution Center and the licensing of retail businesses.

This schedule is based on month of collection.

Section 27-5-101 sets forth the distribution of the taxes to the counties from gasoline and special fuels. The counties share is derived from the “base” rate of tax. For gasoline, the base tax is the first 7 cents per gallon, and for un-dyed diesel, the base rate is the first 10 cents per gallon. After specified transfers are made from the base tax collections, 5/14ths of the remainder is distributed to the counties. The law provides that a portion of the counties share is shared with the municipalities within that county.

The following is the distribution of 5/14ths between the counties:

1. Pay each county \$190,000 annually. The municipalities share is paid from the \$190,000 and is paid from the municipal aid fund.
2. Annually, the remainder is divided according to the following formula (This split is listed as “surplus” in the above chart):
 - 1/3 share split evenly among all the counties;
 - 1/3 share split based upon the population of each county;
 - 1/3 share split based on the square miles of each county.

The 9/14ths share provides a monthly transfer of \$83,333.33 to the Municipal Aid Fund; 50% of the tax on gasoline collected in the three coastal counties is returned to those counties for Road Protection; amounts specified to retire the bond sinking funds; and the remainder for the benefit of the State Highway Fund.

The additional tax is **11 cents** a gallon on gas and **8 cents a gallon** on diesel. The amount of tax collections from the first 2 cents per gallon of the additional tax is used exclusively for the construction, reconstruction and maintenance of highways or the payment of interest and principal on bonds. Of the remaining additional tax:

- 23 1/4% is for the State Aid Road Fund
- The remainder to the State Highway Fund

Quantities and Taxes Collected by Fuel Type

All motor fuels including gasoline, diesel, kerosene, fuel oil, compressed gas, natural gas and lubricating oil, are subject to Petroleum Excise Taxes. These taxes are collected from petroleum product distributors, interstate motor carriers, and persons using petroleum products.

The Gross Gallons, Exempt Sales, 2% Allowance, Net Taxable Gallons, Government Exemptions, and Tax Due (Total Tax) will reflect the return totals for the return period. Collections will reflect the total collected during that period.

* Excess MS Excise Tax is used to make IFTA Clearinghouse payments.

IFTA is a compact of the 48 contiguous States, the IRS, the 10 Canadian provinces, and the federal government of Canada.

A motor carrier licensed under IFTA reports to its home state all miles traveled in all jurisdictions, total fuel consumed, and the total fuel purchased. IFTA apportions tax collections among the states based on miles traveled and the fuel used by carriers within each state according to each state's tax rates.

THE DOR collects the taxes from Mississippi based licensees on behalf of all member jurisdictions and makes a payment to IFTA for taxes collected for those jurisdictions. Likewise, the DOR receives payments from other states who collect Mississippi taxes from their licensees.

Mississippi is a payout state. That means carriers purchase more fuel in the State than they consume and why the amount "collected" is a negative. The offset to the payout is the amounts collected in the other fuel categories: Automotive, Special Fuels, Compressed Gas, and Natural Gas, Compressed Gas & Locomotive Fuels.
