Amendment to the Charter of Incorporation of
BILOXI AMUSEMENTS, INC.

On Tuesday, July 22, 1930, at a special meeting of the stockholders of Biloxi Amusements, Incorporated, a corporation chartered, organized and existing under the laws of the State of Mississippi, and domiciled at Biloxi, Mississippi, which said meeting was called and held pursuant to the by-laws of the corporation, the following resolution was adopted by the holders of a majority of the common stock of the corporation:

RESOLVED: That Article 4 of the charter of said corporation, which reads as follows, to-wit:

"4. Amount of authorized capital stock and particulars as to classes thereof: The amount of authorized capital stock is \$25,000, all of which said stock is to have a par value of \$50.00 per share, and being without privileges or restrictions."

be and the same is hereby changed and amended so as to hereafter read as follows:

Amended Article 4: The authorized capital stock of this corporation is hereby fixed at 1,500 shares. Said stock shall be divided into two classes, to be known respectively as preferred stock and common stock. The preferred stock shall consist of 500 shares of a par value of \$100.00 per share. The common stock shall consist of 1,000 shares without nominal or par value.

Preferred stock. Every such share of preferred stock shall be equal in all respects to every other share of preferred stock. Subject to the rights hereafter granted to the holders of common stock, said shares of preferred stock may be issued at such times and in such amounts and manner as the board of directors may determine and direct. The holders of said preferred stock shall be entitled to receive, when and as declared by the Board of Directors of the corporation, from the surplus or net profits of the corporation, dividends at the rate of \$8 per share per annum, and no more, payable annually on the first day of June of each year. Dividends of such preferred stock shall have preference and priority over all common stock, or classes of common stock hereafter created and issued by the corporation. Except as expressly herein provided, said preferred stock shall not be entitled to participate in any earnings of the corporation.

At no time shall any dividend be declared, set apart or paid on common stock unless and until: At such time all dividends on preferred stock at the rate of \$8 per share per annum which shall have matured, shall have been declared and paid in full. Dividends on such preferred stock shall be cumulative, but without interest, from January 1, 1931, and shall have preference priority over all common stock.

The preferred stock shall at the option of the board of directors be subject to redemption in whole or in part on any dividend paying date at \$110 per share and all unpaid accrued dividends. Notice of redemption shall be mailed to each holder of the preferred stock at his or her address registered upon the books of the corporation at least thirty days before the date of the said proposed redemption, such notice to state the place at which and the time when said stock is to be redeemed. Any such redemption of preferred stock shall be in such amount and at such place as shall be fixed by the board of directors. If less than all of the preferred stock outstanding is to be redeemed, then the stock to be redeemed shall be selected by lot in such manner as shall be fixed by the board of directors. Upon the deposit of the aggregate redemption price with any national or state bank, selected by the board and named in such notice, payable to the respective orders of the record holders of preferred stock so to be redeemed, on endorsement and surrender of their certificates, said holders shall at the time fixed in such notice for redemption cease to be stockholders with respect to said shares, and from and after the making of such deposit, said holders shall have no interest in nor claim against the corporation with respect to said shares and shall be entitled only to receive said monies from said bank or trust company without interest.

Preferred stock shall be entirely without voting power, except as provided in Sec. 194, Mississippi Constitution 1890, and unless and until default shall be made in the payment of Section 4488, Hem. Code, 1927, and amendments thereto, three consecutive dividends upon it, in which case each share of preferred stock shall be entitled to one vote upon all questions presented to, and at all elections held by the stockholders as long as three dividends upon the preferred stock shall remain past due and unpaid to preferred stockholders.

In the event of any liquidation or dissolution or winding up, whether voluntary or involuntary of this corporation, or any reduction of its capital stock not prohibited by the laws of Mississippi, resulting in the distribution of any of its assets to its stockholders, the holders of preferred stock shall be paid in full by preference over all common stockholders the sum of \$110 per share for each share of stock so held by them, together with dividends at the rate of \$8 per share per annum to the date of payment or appropriation for payment, under said liquidation, dissolution or winding up, and after such payment in full to the preferred stockholders, the holders of the common stock shall have distributed ratably among them, share for share, the remaining net assets of the corporation.

Common Stock. The common stock shall be of only one class and shall be without nominal or par value, and may be issued for the consideration of \$1 per share, to be paid as provided by law, but the board of directors shall have power to increase the price from time to time, at which said common stock may be issued, upon complying with the statutes in such cases made and provided. Said shares shall be entitled to participate in the liquidation of the corporation and to dividends, subject to the preference and priorities established by this charter in favor of the preferred stock. Subject to the provisions hereinbefore contained relative to the preferred stock, the board of directors may declare dividends on the common stock out of the remaining surplus or net profits.

Promptly upon the completion of this amendment to the charter, there shall be issued to each holder of record on that date of the presently existing stock of the corporation, which is designated as common stock, one and one-half shares of preferred stock and one and one-half shares of common stock without nominal or par value, for one share of the old stock held by the stockholders and to be surrendered by them for said exchange, which exchange shall be made upon surrender of said old stock certificates within a period of 120 days from the date of the completion of the amendment to this charter. The voting power of the stockholders of said corporation is hereby vested exclusively in the holders of the shares of common stock without nominal or par value, except as otherwise herein provided.

And be it further resolved, That Article 5 of said charter of incorporation which now reads as follows, to-wit:

"5. Number of shares for each class and par value thereof: 500 shares common stock, par value \$50.00 per share"

be and the same is hereby amended so as to read hereafter as follows:

Amended Article 5: Number of shares of each class and par value thereof: 500 shares preferred stock of a par value of \$100 per share. 1,000 shares of common stock without nominal or par value".

MISSISSIPPI INDUSTRIAL GAS COMPANY.

1. The corporate title of said company is Mississippi Industrial Gas Company.
2. The names of the incorporators are: M.O. Spencer, Jackson, Mississippi; Dan Bottrell, Jackson, Mississippi; Justin Green, Jackson, Mississippi; Geo. C. Wallace, Jackson, Mississippi.
3. The domicile is at Jackson, Mississippi.

4. Amount of capital stock and particulars as to class or classes thereof:

The capital stock of this corporation shall consist of:

(a) First Preferred Stock thereof there shall be Ten Thousand (10,000) shares each of the par value of One Hundred (\$100) Dollars, with the rights, privileges and obligations hereinafter set out under paragraph (a); and Common Stock, whereof there shall be Fifteen Thousand (15,000) shares, without nominal or par value, with the rights, privileges and obligations hereinafter set out under paragraph (b). All shares shall possess the rights, privileges and obligations declared in paragraphs One to Six, both inclusive, which provide the particular rights of the respective classes.

1. From time to time any class of stock may be increased or decreased, as by law permitted, and not otherwise, and as by law permitted there may be given such preferential, special or qualified rights as may be lawfully determined and permitted, provided, however, that the amount of the First Preferred stock now authorized shall not be increased and no different or additional classes of stock shall be created which shall be on a parity with, or preferred thereover, in respect of payment of dividends and/or payment or retirement, liquidation or otherwise, nor shall the rights of said First Preferred stock be in any way added to, varied and/or altered, if written objection thereto shall be filed with the corporation by the holders of record of twenty five per cent (25%) in value of any class of Preferred stock within twenty days after mailing written notice of such proposed action to said Preferred stockholders affected, at the addresses shown in the stock register, provided no notice need be given to any class when its rights, privileges and/or obligations are in no wise affected by such proposed amendment.

2. All persons who shall acquire stock herein shall take the same subject to the provisions hereof, but nevertheless a statement of the rights, privileges and obligations shall be set forth on the back of each certificate.

3. No stockholder shall have any preemptive or preferential right of subscription to any class of stock or to any obligations convertible into stock, or any right of subscription of any character other than such, if any, and at such price as the Board of Directors, in its absolute discretion, from time to time may determine, wherefor authority is herein conferred.

The directors may, when lawfully authorized, in accordance herewith and subject hereto, issue the stock or obligations convertible into stock without offering this or any part thereof to the stockholders; granting rights of subscriptions shall not be a waiver at any time hereof, and the acceptance of stock shall be a contractual release effectually waiving any preemptive or preferential rights which could otherwise exist.

4. Any unissued shares of stock may be issued from time to time by the corporation in such manner, amounts and proportions, and for such considerations as may be determined by the Board of Directors and as may be permitted by law, and when such shares have been paid for in accordance with law, and the value fixed by the Board of Directors, such shares shall be fully paid and non-assessable.

5. Any shares of stock may be issued from time to time to any of the employees; including officers and directors, on such basis of classification and eligibility, with such payment therefor, at such price, and with such credits for compensation for services as may be determined from time to time by the Board of Directors as fully paid and non-assessable.

6. The rights, privileges and obligations of the respective classes of stock hereunder created, and to be created, are as follows:

(a) First Preferred Stock: (1) Each share of first Preferred stock shall be fundamentally and in all particulars co-equal with every other share thereof.

(2) The holders thereof shall be entitled to receive when and as lawfully declared, cash dividends at the rate of six per cent (6%) per annum, payable annually, semi-annually, or quarterly as the Board of Directors may elect, which six per cent (6%) dividends shall be cumulative, so that if any default shall be made in the payment of any dividend, the deficiency shall be fully paid or set apart, without interest, before any dividends shall be paid or set apart upon any other class of stock.

(3) In the event of any forced liquidation, the holders of the First Preferred stock shall be entitled, before any of the assets of the corporation shall be distributed among or paid over to the holders of any other class of stock, to be paid in full the par value of their shares plus an amount equal to six per cent (6%) per annum of the par value of such shares from the date of issue thereof to the date of the payment, less the total amount of cumulative six per cent (6%) dividends theretofore paid thereon, notwithstanding the corporate assets may contain no surplus or net profits; and if a liquidation of the corporation be voluntary, and not forced, the holders of the First Preferred stock shall be entitled to the amount hereinbefore set forth, plus five per cent (5%) of the par value of each share then to be retired.

5. But the First Preferred stock may be retired in whole or in part on any dividend payment date at the option of the Board of Directors, upon not less than sixty (60) days prior notice in writing to the stockholders, given in such manner as may be prescribed by the directors, by payment for each share of said stock at 105% of the par value thereof plus an amount equal to six per cent (6%) per annum of the par value of such shares from the date of issue thereof to the date of payment, less the total amount of dividends theretofore paid thereon, notwithstanding the corporate assets may contain no surplus or net profits. If less than all of the outstanding First Preferred shares are to be retired, such retirement may be made by lot or pro rata, as may be prescribed by the Board of Directors. From and after the date fixed in any such notice as the date of retirement, unless default shall be made by the corporation in payment of the retirement price, all dividends on the First Preferred stock thereby called for retirement, or to the extent of such retirement, if not fully retired, shall cease to accrue, and all rights of the stockholders thereof, except as aforesaid as stockholders of the corporation, except the right to receive the retirement price, shall cease and determine, if in full, or if pro tanto, then to that extent. No purchase by the corporation of shares of its First Preferred stock shall be made at prices in excess of the retirement price, and no First Preferred stock held by the corporation shall be in any manner voted.

6. So long as the First Preferred stock shall be outstanding, the corporation shall not mortgage any of its fixed assets or pledge any of the shares of stock owned by it in any affiliated company or any subsidiary company, or create any funded debt, unless authorized so to mortgage, pledge or create such debt, by a vote or written consent of the holders of two-thirds in amount of the First Preferred stock then outstanding, but this provision shall not apply to purchase money mortgages, or property acquired subject to mortgages, or to liens created before the issuance of the First Preferred Stock.

Each share of First Preferred stock shall have one vote.

(b) Common Stock:

(1) Each share of Common stock shall be fundamentally and in all particulars co-equal with every other share thereof.

(2) The Common stock shall be subject to the rights of the First Preferred Stock, and such other Preferred stock as may be from time to time issued.

(3) No dividends on the Common stock shall be paid or set apart until the Preferred Stock shall have received all amounts of cumulative dividends as to it may be entitled.

(4) Each share of Common stock shall have one vote.

6. The period of existence (not to exceed fifty years) is Fifty (50) years.

THE CHARTER OF INCORPORATION
OF
CENTRAL INDEPENDENT GAS COMPANY.

1. The corporate title of said company is Central Independent Gas Company.
2. The names of the incorporators are: F. E. Stewart, Jackson, Miss.; R. B. Dudley, Ft. Worth, Tex.; George L. Sheldon, Jackson, Miss.
3. The domicile is at Jackson, Hinds County, Mississippi.
4. Amount of capital stock and particulars as to class or classes thereof:
Fifty thousand (50,000) shares of common stock, without nominal or par value.
Five Thousand (5,000) shares of Preferred Stock of the par value of Ten (\$10.00) Dollars per share, amounting in the aggregate to Fifty Thousand (\$50,000.00) Dollars of Preferred Stock, which may be issued in one or more series.

The holders of the Preferred Stock shall be entitled to receive, when and as declared by the Board of Directors, from the net profits of the corporation yearly dividends at the rate of Seven (7%) Per cent per annum and no more, payable in such installments at such date or dates as may from time to time be fixed by the Board of Directors, and such dividends shall be cumulative and shall be payable before any dividend on the Common Stock shall be paid or set apart, so that if any year, dividends amounting to Seven (7%) per cent shall not have been paid on the Preferred Stock, the deficiency shall be payable before any dividends shall be paid or set apart for the Common Stock.

In the event of any dissolution, liquidation or winding up, either voluntary or involuntary, of the corporation, the holders of Preferred Stock shall be entitled, before any assets of the corporation shall be distributed among or paid to the holders of the Common Stock, to be paid in full the par value of their shares, together with all accrued and unpaid dividends thereon, and if said liquidation is voluntary, an additional fifty cents per share. The holders of the Common stock shall be entitled, to the exclusion of the holders of Preferred Stock, to share ratably in all assets of the corporation remaining after such payment to the holders of Preferred Stock.

The Preferred Stock shall, at the option of the Board of Directors, be subject to redemption on any dividend paying date after date of issue at the price of Ten Dollars and Fifty cents (\$10.50) per share, and dividends accumulated and unpaid thereon, upon not less than thirty (30) days notice to the address of the stockholders, and in such manner as may be decided upon by the Board of Directors and in accordance with the statutes of the State of Mississippi. The Board of Directors may redeem the whole or any part of, or series of said Preferred Stock in any manner they may deem proper. From and after the date fixed by such notice, unless the corporation shall fail to pay the redemption price, dividends shall cease to accrue on the stock to be redeemed and all rights of the holders thereof as stockholders of the corporation, except the right to receive such redemption price, shall cease.

The holders of the Preferred Stock shall have no voting power on any question except as otherwise provided by law, nor shall the holders thereof as such be entitled to notice of any meeting of the stockholders, the voting power, except where otherwise provided by law, being vested exclusively in the holders of the Common Stock.

Provided, however, that in case the corporation shall be in default in respect to the declaration and payment of full dividends on the Preferred Stock for a period equal to three (3) years, then and in every such case, the holders of Preferred Stock shall possess full voting power for all purposes until all dividends having past due dividend periods have been paid, whereupon such voting power, except that required by law, shall cease.

When entitled to vote, holders of Preferred Stock shall have equal voting power, share for share, with holders of Common Stock.

Whenever all cumulative dividends on the Preferred Stock for all previous years shall have been paid and the accrued installment for the current period shall have been declared and the company shall have paid such cumulative dividends for previous periods and such accrued installment, or shall have set apart from its net profits a sum sufficient for the payment thereof, the Board of Directors in their judgment and discretion may declare dividends on the Common Stock payable then and thereafter out of any remaining funds available for dividends; provided, however, that no dividends shall be paid on the Common Stock which shall in any way impair the capital of the company.

The voting power of all stockholders shall be subject to the provisions of Section 194 of the Mississippi Constitution of 1890, and the laws of Mississippi.

5. The Board of Directors of the corporation shall have the power and authority to fix the sale price per share of stock without par value, and the authority to change such sale price from time to time, and the authority, in its discretion, to issue Common Stock on the basis to be determined by it to the purchasers of Preferred Stock; provided, until further change by the Board of Directors that the Common Stock without par value shall not be sold at a price to exceed two cents (2¢) per share.

The Preferred Stock shall be sold at a price of not less than Ten (\$10.00) Dollars per share.

The stock of the corporation shall be paid for in cash, or in material, labor, services, or in other property, at a price to be fixed by the Board of Directors.

6. The period of existence is fifty (50) years.

7. The purpose for which this corporation is created:

(a) To acquire, own, work, lease, mortgage, sell and dispose of gas and oil lands, royalties, leases and any and all interest therein, and to drill, explore and develop the same.

(b) To buy, sell and otherwise acquire, transport, market and distribute natural gas, retail and wholesale, and the products and by-products thereof.

(l) And to do and perform any and all other acts and deeds not contrary to the laws of the State of Mississippi and the United States, proper to carry out and perform the objects of this corporation.

RECORD OF CHARTERS 30-STATE OF MISSISSIPPI

#4668

THE CHARTER OF INCORPORATION
OF
SOUTHERN GAS UTILITIES, INC.

1. The corporate title of said company is Southern Gas Utilities, Inc.
 2. The names of the incorporators are: R. B. Dudley, Ft. Worth, Tex.; George L. Sheldon, Jackson, Miss.; W. E. Willis, Jackson, Miss.; J. Ed Franklin, Jackson, Miss.; D. R. Weston, Logtown, Miss.

3. The domicile is at Jackson, Hinds County, Mississippi.

4. Amount of capital stock and particulars as to class or classes thereof:
 Five Hundred Thousand (500,000) shares of common stock, without nominal or par value.
 One Hundred Thousand (100,000) shares of Preferred Stock of the par value of Ten (\$10.00) Dollars per share, amounting in the aggregate to One Million (\$1,000,000.00) Dollars of Preferred Stock, which may be issued in one or more series, in such amounts and at such time as the Board of Directors may determine.

The holders of the Preferred Stock shall be entitled to receive, when and as declared by the Board of Directors, from the net profits of the corporation yearly dividends at the rate of Seven (7%) percent per annum and no more, payable in such installments at such date or dates as may from time to time be fixed by the Board of Directors, and such dividends shall be cumulative and shall be payable before any dividend on the Common Stock shall be paid or set apart, so that if in any year, dividends amounting to Seven (7%) percent shall not have been paid on the Preferred Stock, the deficiency shall be payable before any dividends shall be paid or set apart for the Common Stock.

In the event of any dissolution, liquidation or winding up, either voluntary or involuntary, of the corporation, the holders of Preferred Stock shall be entitled, before any assets of the corporation shall be distributed among or paid to the holders of the Common Stock, to be paid in full the par value of their shares, together with all accrued and unpaid dividends thereon, and if said liquidation is voluntary, an additional fifty cents per share shall be paid. The holders of the Common Stock shall be entitled, to the exclusion of the holders of Preferred Stock, to share rateably in all assets of the corporation remaining after such payment to the holders of Preferred Stock.

The Preferred Stock shall, at the option of the Board of Directors, be subject to redemption on any dividend paying date after date of issue at the price of Ten Dollars and Fifty Cents (\$10.50) per share, and dividends accumulated and unpaid thereon, upon not less than thirty (30) days notice to the address of the stockholders, and in such manner as may be decided upon by the Board of Directors and in accordance with the statutes of the State of Mississippi.

The Board of Directors may redeem the whole or any part or series of said Preferred Stock in any manner they may deem proper. From and after the date fixed by such notice, unless the corporation shall fail to pay the redemption price, dividends shall cease to accrue on the stock to be redeemed and all rights of the holders thereof as stockholders of the corporation, except the right to receive such redemption price, shall cease.

The holders of the Preferred Stock shall have no voting power on any question except as otherwise provided by law, nor shall the holders thereof as such be entitled to notice of any meeting of the stockholders, the voting power, except where otherwise provided by law, being vested exclusively in the holders of the Common Stock.

Provided, however, that in case the corporation shall be in default in respect to the declaration and payment of full dividends on the Preferred Stock for a period equal to three (3) years, then and in every such case, the holders of Preferred Stock shall possess full voting power for all purposes until all dividends having past due dividend periods have been paid, whereupon such voting power, except that required by law, shall cease.

When entitled to vote, holders of Preferred Stock shall have equal voting power, share for share, with holders of Common Stock.

Whenever all cumulative dividends on the Preferred Stock for all previous years shall have been declared and shall have been paid and the accrued installment for the current period shall have been declared and the company shall have paid such cumulative dividends for previous periods and such accrued installment, or shall have set apart from its net profits a sum sufficient for the payment thereof, the Board of Directors in their judgment and discretion may declare dividends on the Common Stock payable then and thereafter out of any remaining funds available for dividends; provided, however, that no dividends shall be paid on the Common Stock which shall in any way impair the capital of the company.

The voting power of all stockholders shall be subject to the provisions of Section 194 of the Mississippi Constitution of 1890, and the laws of Mississippi.

5. The Board of Directors of the corporation shall have the power and authority to fix the sale price per share of stock without par value, and the authority to change such sale price from time to time, and the authority, in its discretion, to issue Common Stock on the basis to be determined by it to the purchasers of Preferred Stock.

The par value of the Preferred Stock shall be Ten (\$10.00) Dollars per share.

The stock of the corporation shall be paid for in cash, or in material, labor, services, or in other property, at a value and price to be fixed by the Board of Directors.

6. The period of existence is fifty (50) years.

7. The purpose for which this corporation is created:

4. The amount of capital stock and particulars as to class or classes thereof:
Two Hundred and Fifty Thousand (250,000) shares of common stock, without nominal or par value.
Twenty-five Thousand (25,000) shares of Preferred Stock, without nominal or par value, which may be issued in one or more series, in such amounts and at such time as the Board of Directors may determine.

Without action by the stockholders, the shares of stock without par value may be issued by the corporation from time to time for such consideration as may be fixed from time to time by the Board of Directors thereof, and any and all such shares so issued, the full consideration for which has been paid or delivered, shall be deemed fully paid stock and not liable to any further call or assessment thereon, and the holders of such shares shall not be liable for any further payment thereon.

The designations and the powers, preferences and rights, and the qualifications, limitations or restrictions thereof, of the various classes of stock of the corporation are as follows:

(1) The holders of the Preferred Stock shall be entitled to receive, when and as declared by the Board of Directors of the corporation out of the net profits or surplus of the corporation, preferential dividends at the rate of Four Dollars (\$4.00) per share, per annum, and no more, payable quarterly on such days as may be determined by the Board of Directors, before any dividends shall be declared or paid upon or set apart for the Common Stock. Such dividends upon the Preferred Stock shall be cumulative from the date of issue thereof or from such other date as may be determined by the Board of Directors, so that if dividends for any past dividend period at the rate of \$4.00 per share per annum shall not have been paid thereon, or declared and a sum sufficient for payment thereof set apart, the deficiency shall be fully paid or set apart, but without interest, before any dividend shall be paid upon or set apart for the Common Stock. Whenever the full dividend upon the Preferred Stock for all past dividend periods shall have been paid, and the full dividend thereon for the then current dividend period shall have been paid or declared and a sum sufficient for the payment thereof set apart and provisions shall have been made for the purchase fund hereinafter provided for, dividends upon the Common Stock may be declared by the Board of Directors out of the remainder of the net profits or surplus; and the holders of the Preferred Stock shall not be entitled to participate in any such dividends.

(2) The Preferred Stock shall be subject to redemption and the corporation may, at the option of the Board of Directors, redeem upon any dividend payment date the whole or any part of the outstanding Preferred Stock, after the date of issuance by paying Fifty-five Dollars (\$55.00) for each share thereof, together with a sum of money equivalent to the amount of any unpaid cumulative dividends accrued thereon, upon ten (10) days' notice and in such manner as may be prescribed by the Board of Directors.

(3) Notice of such election to redeem shall, not less than ten (10) days prior to the dividend date upon which the stock is to be redeemed, be mailed to each holder of stock to be so redeemed, at his address as it appears on the books of the corporation. In case less than all of the outstanding Preferred Stock is to be redeemed, the amount to be redeemed and the method of affecting such redemption, whether by lot or pro rata or otherwise, may be determined by the Board of Directors. If on or before the redemption date named in such notice, the funds necessary for such redemption shall have been set aside by the corporation so as to be available for payment on demand to the holders of the Preferred Stock so called for redemption, then, notwithstanding that any certificate of the Preferred Stock so called for redemption shall not have been surrendered for cancellation, the dividends thereon shall cease to accrue from and after the date of redemption so designated, and all rights with respect to such Preferred Stock so called for redemption, including any right to vote or otherwise participate in the determination of any proposed corporate action, shall forthwith after such redemption date cease and terminate, except only the right of the holder to receive the redemption price therefor but without interest. Stock redeemed pursuant to the provisions hereof shall not be reissued and no Preferred Stock shall be issued in lieu thereof or in exchange therefor.

(4) The corporation shall on January 1st of each year commencing with 1934, set up on the books out of surplus or net profits, after dividends on all Preferred Stock issued and outstanding have been paid or provision made for the payment thereof, a purchase fund, for the purchase and/or redemption of the Preferred Stock of an amount equal to Three per cent (3%) of the redemption price of the Preferred Stock which shall at the time be issued and outstanding, such purchase fund to be applied during the next twelve months to the purchase and/or redemption of such Preferred Stock at not exceeding the redemption price, and any unexpended balance shall be available for general corporate purposes. The purchase fund obligations shall be cumulative and may be anticipated but shall not be credited with any such stock converted. The foregoing provisions for a purchase fund for the purchase and/or redemption of the Preferred Stock shall be applicable until all of the Preferred Stock herein authorized shall have been redeemed; and the methods by and the manner in which such provisions shall be exercised shall be determined from time to time by the Board of Directors, and such determination shall be final and conclusive.

(5) In the event of any voluntary liquidation, dissolution or winding up of the affairs of the corporation, the holders of the Preferred Stock shall be entitled, before any assets of the corporation shall be distributed among or paid over to the holders of the Common Stock, to be paid fifty dollars (\$50.00) per share, together with a sum of money equivalent to the amount of any unpaid cumulative dividends thereon. After the making of such payments to the holders of the Preferred Stock, the remaining assets of the corporation shall be distributed among the holders of the Common Stock alone, share and share alike.

(6) In the event of any involuntary liquidation, dissolution or winding up of the affairs of the corporation, the holders of the Preferred Stock shall be entitled, before any assets of the corporation shall be distributed among or paid over to the holders of the Common Stock, to be paid Fifty Dollars (\$50.00) per share, together with a sum of money equivalent to the amount of any unpaid cumulative dividends accrued thereon. After the making of such payments to the holders of the Preferred Stock, the remaining assets of the corporation shall be distributed among the holders of the Common Stock alone, share and share alike.

(7) All of the Common Stock and all of the Preferred Stock of this corporation shall have full and equal voting rights, powers, and privileges and each holder of either class of stock shall be entitled to vote for any purpose and shall be entitled, where authorized by law, to one vote, for each share of stock of such class then outstanding in his name on the books of the corporation.

(8) The voting power of all stockholders shall be subject to provisions of Section 194 of the Mississippi Constitution of 1890, and the laws of the State of Mississippi.

(9) No amendment, increasing or decreasing the amount of Common Stock and/or Preferred Stock herein authorized to be issued, or increasing or decreasing the par value thereof, shall be made except as in the manner provided by the Laws of the State of Mississippi.

5. The Board of Directors of the corporation shall have the power and authority to fix the sale price per share of all stock without nominal or par value, Common and/or Preferred, and the authority to change such sale price from time to time, and the authority, in its discretion, to issue Common Stock on the basis to be determined by it to the purchasers of Preferred Stock.

6. The following provisions are inserted for the management of the business and for the conduct of the affairs of this corporation, and for further definition, limitation and regulation of the powers of this corporation and of its directors and stockholders.

(1) The number of directors of the corporation shall be such as from time to time shall be fixed by, or in the manner provided in the by-laws, but shall not be less than three. In case of any increase in the number of directors, the additional directors may be elected by the directors or by the stockholders at an annual or special meeting as shall be provided in the by-laws. Election of directors need not be by ballot, unless the By-Laws so provide.

(2) The Board of Directors shall have power, except as otherwise prohibited by the Constitution and Laws of Mississippi.

(a) Without the assent or vote of the stockholders, to make, alter, amend, change, add to, or repeal the By-Laws of this corporation; to fix and vary the amount to be reserved as working capital; to authorize and cause to be executed mortgages and liens upon all the property of the corporation, or any part thereof; to determine the use of and disposition of any surplus of net assets in excess of capital and to fix the times for the declaration and payment of dividends.

(3) The Directors, in their discretion, may submit any contract or act for approval or ratification at any annual meeting of the stockholders or at any meeting of the stockholders called for the purpose of considering any such act or contract, and any contract or act that shall be approved or be ratified by the vote of the holders of a majority of the stock of the corporation which is represented in person or by proxy at such meeting and entitled to vote thereat (provided that a lawful quorum of stockholders be there represented in person or by proxy) shall be as valid and as binding upon the corporation and upon all the stockholders, as though it had been approved or ratified by every stockholder of the corporation, whether or not the contract or act would otherwise be open to legal attack because of directors' interest, or for any other reason.

(4) In addition to the powers and authorities hereinbefore or by statute expressly conferred upon them, the directors are hereby empowered to exercise all such powers and do all such acts and things as may be exercised or done by the corporation; subject, nevertheless, to the provisions of the Constitution and Statutes of Mississippi, of this Charter, and to any By-Laws from time to time made by the stockholders; provided, however, that no By-Laws so made shall invalidate any prior act of the directors which would have been valid if such By-Laws had not been made.

7. The corporation reserves the right to amend, alter, change or repeal any provision contained in this Charter of Incorporation in the manner now or hereafter prescribed by law, and all rights and powers conferred herein on stockholders, directors and officers are subject to this reserved power.

8. The period of existence is fifty (50) years.

THE CHARTER OF INCORPORATION
OF
PEOPLES GAS AND POWER COMPANY.

1. The corporate title of said company is Peoples Gas and Power Company.
2. The names of the incorporators are: F. Shields, postoffice, Jackson, Mississippi; L. A. Richardson, postoffice, Jackson, Mississippi; S. I. Blake, postoffice, Jackson, Mississippi.
3. The domicile is at Jackson, Mississippi.
4. Amount of capital stock and particulars as to class or classes thereof:

The capital stock of this corporation shall consist of:

(a) First Preferred Stock, whereof there shall be Fourteen Hundred (1400) shares, each of the par value of Twenty-five Dollars (\$25.00), with the rights, privileges and obligations hereinafter set out under paragraph (a); and Common Stock, whereof there shall be Thirty Thousand (30,000) shares, each of the par value of One Dollar (\$1.00), with the rights, privileges and obligations hereinafter set out under paragraph (b). All shares shall possess the rights, privileges and obligations declared in paragraphs One to Six, both inclusive, which provide the particular rights of the respective classes.

1. From time to time any class of stock may be increased or decreased, as by law permitted, and not otherwise, and as by law permitted there may be given such preferential, special or qualified rights as may be lawfully determined and permitted, provided, however, that the amount of the First Preferred Stock now authorized shall not be increased and no different or additional classes of stock shall be created which shall be on a parity with, or preferred thereover, in respect of payment of dividends and/or payment or retirement, liquidation, or other-wise; nor shall the rights of said First Preferred Stock be in any way added to, varied and/or altered, if written objection thereto shall be filed with the corporation by the holders of record of seventy-five per cent (75%) in value of any class of Preferred stock within twenty days after mailing written notice of such proposed action to said Preferred stockholders affected, at the addresses shown in the stock register, provided no notice need be given to any class when its rights, privileges and/or obligations are in no wise affected.

2. All persons who shall acquire stock herein shall take the same subject to the provisions hereof, but nevertheless a statement of the rights, privileges and obligations shall be set forth on the back of each certificate.

3. No stockholder shall have any preemptive or preferential right of subscription to any class of stock or to any obligations convertible into stock, or any right of subscription of any character other than such, if any, and at such price as the Board of Directors, in its absolute discretion, from time to time may determine, wherefor authority is herein conferred.

The Directors may, when lawfully authorized, in accordance herewith and subject hereto, issue the stock or obligations convertible into stock without offering this or any part thereof to the stockholders; granting rights of subscription shall not be a waiver at any time hereof, and the acceptance of stock shall be a contractual release effectually waiving any preemptive or preferential rights which could otherwise exist.

4. Any unissued shares of stock may be issued from time to time by the corporation in such manner, amounts and proportions, and for such considerations as may be determined by the Board of Directors and as may be permitted by law, and when such shares have been paid for in accordance with law, and the value fixed by the Board of Directors, such shares shall be fully paid and non-assessable.

5. Any shares of stock may be issued from time to time to any of the employees, including officers and directors, on such basis of classification and eligibility, with such payment therefor, at such price, and with such credits for compensation for services as may be determined from time to time by the Board of Directors as fully paid and non-assessable.

6. The rights, privileges and obligations of the respective classes of stock hereunder created, and to be created, are as follows:

(a) First Preferred Stock:

(1) Each share of First Preferred Stock shall be fundamentally and in all particulars co-equal with every other share thereof.

(2) The holders thereof shall be entitled to receive when and as lawfully declared, cash dividends at the rate of six per cent (6%) per annum, payable annually, semi-annually or quarterly, as the Board of Directors may elect, which six per cent (6%) dividends shall be cumulative, so that if any default shall be made in the payment of any dividend, the deficiency shall be fully paid or set apart, without interest, before any dividends shall be paid or set apart upon any other class of stock.

(3) In the event of any forced liquidation, the holders of the First Preferred Stock shall be entitled, before any of the assets of the corporation shall be distributed among or paid over to the holders of any other class of stock, to be paid in full the par value of their shares plus an amount equal to six per cent (6%) per annum of the par value of such shares from the date of issue thereof to the date of the payment, less the total amount of cumulative six per cent (6%) dividends theretofore paid thereon, notwithstanding the corporate assets may contain no surplus or net profits; and if a liquidation of the corporation be voluntary, and not forced, the holders of the First Preferred Stock shall be entitled to the amount hereinbefore set forth, plus five per cent (5%) of the par value of each share then to be retired.

5. But the First Preferred Stock may be retired in whole or in part on any dividend payment date at the option of the Board of Directors, upon not less than thirty (30) days prior notice in writing to the stockholders, given in such manner as may be prescribed by the directors, by payment for each share of said stock at 105% per annum of the par value of such shares from the date of issue thereof to the date of payment, less the total amount of dividends theretofore paid thereon, notwithstanding the corporate assets may contain no surplus or net profits. If less than all of the outstanding First Preferred Shares are to be retired, such retirement may be made by lot or pro-rata, as may be prescribed by the Board of Directors. From and after the date fixed in any such notice as the date of retirement, unless default shall be made by the corporation in payment of the retirement price, all dividends on the First Preferred Stock thereby called for retirement, or to the extent of such retirement, if not fully retired, shall cease to accrue, and all rights of the stockholders thereof, except as aforesaid as stockholders of the corporation, except the right to receive the retirement price, shall cease and determine, if in full, or if in pro tanto, then to that extent. No purchase by the corporation of shares of its First Preferred Stock shall be made at prices in excess of the retirement price, and no First Preferred Stock held by the corporation shall be in any manner voted.

6. So long as the First Preferred Stock shall be outstanding, the corporation shall not mortgage any of its fixed assets or pledge any of the shares of stock owned by it in any affiliated company or any subsidiary company, or create any funded debt, unless authorized so to mortgage, pledge or create such debt, by a vote or written consent of the holders of one-third in amount of the First Preferred Stock then outstanding, but this provision shall not apply to purchase money mortgages, or property acquired subject to mortgages or to liens created before the issuance of the First Preferred Stock. Each share of First Preferred Stock shall have one vote.

RECORD OF CHARTERS 29-30-STATE OF MISSISSIPPI

(1) Each share of Common Stock shall be fundamentally and in all particulars co-equal with every other share thereof.

(2) The Common Stock shall be subject to the rights of the First Preferred Stock, and such other preferred stock as may be from time to time issued.

(3) No dividends on the Common Stock shall be paid or set apart until the Preferred Stock shall have received all amounts of cumulative dividends as to it may be entitled.

(4) Not more than one-half of the total number of shares of authorized Common Stock shall be issued and held within the first twelve (12) months after the granting of the Charter of Incorporation, and thereafter all unissued common stock may be issued and sold in such manner, amounts and proportions, and for such consideration as may be determined by the Board of Directors and as may be permitted by law.

(5) Each share of Common Stock shall have one vote.

From and after the date fixed for such redemption by said notice, unless the corporation shall fail to pay the redemption price, dividends shall cease to accrue on the stock so to be redeemed, and all rights of the holders thereof as stockholders of the corporation by virtue of such stock, except the right to receive such redemption price, shall cease and determine.

The holders of prior preferred and preferred stock shall have equal voting power, share for share, with holders of common stock, one vote for each share.

Out of any earned surplus or net profits of the corporation remaining after full dividends on the outstanding prior preferred stock for all previous dividend periods shall have been paid, and for the current dividend period shall have been declared and paid or provided for, and after dividends for the current dividend period shall have been declared and paid or provided for upon the preferred stock, then, and not otherwise so long as any of the prior preferred or preferred stock shall remain outstanding, dividends may be declared and paid upon the common stock in such amounts and at such times as may be determined by the Board of Directors.

The corporation shall have the right to treat the person in whose name a share of stock is registered as the owner thereof for all purposes. No stockholder shall have any preferential or pre-emptive right of subscription to any shares of any class of stock, now or hereafter created, unless such right be granted by the Board of Directors.
