ARTICLE I. The name of the association shall be Cleveland Gin Association (AAL).

ARTICLE II. The domicile of the association shall be at Cleveland, Bolivar County, Mississippi.

ARTICLE III. The period of existence of the corporation shall be fifty years from the date hereof.

ARTICLE IV. The association shall be organized and operated under Article 1 of Chapter 99 of the Mississippi Code of 1930 and amendments thereto.

ARTICLE V. The purpose of the association shall be, primarily, to engage in the business of ginning and wrapping cotton, and buying, selling, storing, shipping and otherwise handling cottonseed and cottonseed products for its members; however, it may engage in any other business granted, authorized, or allowed to associations organized under Article 1 of Chapter 99 of the Mississippi Code of 1930, or amendments thereto. The association may also engage in any part or all of its activities with non-members, provided that the business transacted with such non-members is not greater than that transacted with its members.

ARTICLE VI. The association shall have all the powers granted, authorized or allowed to associations organized under Article 1 of Chapter 99 of the Mississippi Code of 1930, or other laws of the State of Mississippi, or amendments thereto, granting corporate powers to cooperative associations.

ARTICLE VII. Section 1. The authorized capital stock of the association shall be \$25,000.00, of which the sum of \$1,000.00 shall be common stock, divided into 100 shares of a par value of \$10.00 each, and \$24,000.00 shall be preferred stock, divided into 960 shares of a par value of \$25.00 each.

Section 2. The common stock of the association shall only be issued or transferred to, or held by producers of agricultural products who make use of the services and facilities of the association; and no person, firm, or corporation shall own or hold at any one time more than one share of such common stock. No person, firm or corporation shall own or hold at any one time more than 40% of the preferred stock outstanding.

Section 3. All transfers of stock shall be made on the books of the association on surrender of the certificate covering the same by the holder thereof, or by attorney duly authorized, but only with the consent and approval of the board of directors, and when the stockholders is free from indebtedness to the association. Section 4. Each share of stock shall entitle the holder thereof to one vote, provided, however, that holders of preferred stock shall have only such voting rights as are granted under Section 194 of the Mississippi Constitution of 1890.

The preferred stock, or any part thereof, may be redeemed or retired from time to time, provided said stock is retired in the same order as issued. All such preferred stock shall be paid for in cash at the par value thereof, plus any dividend declared thereon and unpaid. Amendment to the Charter of Incorporation of the
LAUREL OIL AND FERTILIZER COMPANY

Whereas, the stockholders of the Laurel Oil and Fertilizer Company, in special stockholders' meeting duly assembled and at which meeting it was duly determined that a majority of all of the preferred stock and a majority of all of the common stock of the company outstanding was represented in person or by proxy and that the meeting had been called for the time and in the manner required by the by-laws of the company, it was decided to be to the best interest of the company to have the charter of the company amended so as to provide for the issuance of a six per cent cumulative preferred stock in lieu of the eight per cent cumulative preferred stock authorized by amendment to the charter of incorporation of the said Laurel Oil and Fertilizer Company, approved by the Governor of the State of Mississippi on the 23rd day of October, 1929, whereupon the following resolution was offered and on motion was fully and unanimously adopted, the said resolution being in words and figures, as follows, to-wit:

"Be it resolved by the stockholders of the Laurel Oil and Fertilizer Company that Section Seven of the Charter of Incorporation of the Laurel Oil and Fertilizer Company as amended on the approval of the Governor of the State of Mississippi under date of October 23, 1929, be amended so that the said Section Seven as amended will read as follows, to-wit:

SECTION VII. Article 1. The total number of shares of the company's authorized capital is Five Thousand (5000) shares, of which One Thousand (1000) of the par value of One Hundred (\$100.00) Dollars each are to be preferred stock, and Four Thousand (4000) shares if the par value of One Hundred (\$100.00) Dollars each are to be common stock.

Article 2. From time to time either class of stock may be increased or decreased, or one or more additional classes of stock may be created in accordance with law, with such preferential, special or qualified rights as may be lawfully determined and permitted; provided, however, that the amount of preferred stock now authorized shall not be increased and no different or additional class of stock shall be created which shall be on a parity with or preferred thereover, in respect of payment for dividends or of payments on liquidation or dissolution, if there shall be filed with the corporation by the holders of record of twenty five per cent (25%) in par value of the preferred stock now authorized and then outstanding, written objection thereto with twenty (20) days after mailing to the then preferred stockholders of written notice of any such proposed action.

Article 3. All persons who shall acquire stock in this corporation shall acquire the same subject to the provisions of its charter, and consent specifically thereby to all therein contained, especially the voting rights, and bind such consent all subsequent holders thereof.

Article 4. Holders of the preferred stock shall be entitled to receive when and as may be lawfully declared, dividends at the rate of six per centum per annum and no more, payable annually, semi-annually or quarterly as the Directors may elect. Such dividends on the preferred stock must be paid in full before any dividend shall be paid upon or set apart for the common stock, and shall be cumulative so that if any default shall be made in the payment of said dividend, the deficiency shall be fully paid or set apart, but without interest, before any dividend shall be paid or declared upon the common stock. When there is no default upon the preferred stock, subject to its prior rights, dividends may be declared when lawful by the Directors upon the common stock.

Article 5. In the event of any liquidation, dissolution or winding up of the corporation, the holders of the preferred stock of the corporation shall be entitled, before any of the assets of the corporation shall be distributed among, or paid over to the holders of the common stock, to be paid in full the par amount of their shares, together with an amount equivalent to all dividends that should have been paid, at the rate of six per centum (6%) per annum, without reference to whether there were amounts appropriate to dividends or not, and if such liquidation of the corporation be voluntary, an additional amount equal to two per centum (2%) of such amount. The holders of the common stock shall be entitled, to the exclusion of the holders of the preferred stock, to share ratably in all the assets of the corporation remaining after such payment to the holders of the preferred stock.

Article 6. So long as any of the preferred stock shall be outstanding, the corporation shall not mortgage any of its fixed assets unless authorized by the written consent of the holders of two-thirds (2/3) in amount of the preferred stock then outstanding; but this provision shall not apply to purchase money mortgages or property acquired subject to mortgage.

Article 7. The preferred stock may be redeemed in whole or in part on any dividend payment date, at the option of the Board of Directors, upon not less than sixty (60) days prior notice to the holders of record of the preferred stock in such manner as may be prescribed by the Board of Directors, by payment in cash for each share of the preferred stock to be redeemed one hundred and two per centum (102%) of the par amount and in addition thereto an amount equivalent to all unpaid dividends that should have accrued, irrespective of whether earned or not. If less than all the outstanding shares are to be redeemed, such redemption may be made by lot or pro rata as may be prescribed by resolution of the Board of Directors. From and after the date fixed in any such notice as the date of redemption (unless default shall be made by the corporation in the payment of the redemption price) all dividends on the preferred stock thereby called for redemption shall cease to accrue and all rights of the holders thereof as stockholders of the corporation, except the right to receive the redemption price, shall cease and ~~may~~ determine. Any purchase by the corporation of shares of its preferred stock shall not be made at prices in excess of said redemption price.

Article 8. Exclusive voting rights shall vest in the common stockholders except as provided in Section 194, Constitution of Mississippi of 1890, provided, however, that in case the corporation default in the payment of the preferred dividend to the extent of six per centum (6%) per annum, then and in every such case the holders of the preferred stock, until such default shall have been cured by the payment of the dividend, shall have the right to vote at all meetings of the stockholders upon every question; but if all such accrued dividends shall have been paid, then thereupon all power of the holders of preferred stock to vote shall cease, except as provided in Section 194 of the Constitution of Mississippi of 1890, the subject to be again revived upon any such subsequent failure or failures. The preferred stockholders expressly consent to this section and agree to be bound thereby, and such stock is issued upon this express condition.

Article 9. Any unissued shares of stock of any class may be issued from time to time by the corporation in such manner, amounts and proportions, and for such consideration as shall be determined by the Board of Directors and as may be permitted by law; and all issued shares shall be deemed fully paid and non-assessable and the holders of such shares shall not be liable thereunder to the corporation or its creditors.

Article 10. The corporation shall be entitled to treat the person in whose name any share is registered as the owner thereof, for all purposes, and shall not be bound to recognize any equitable or other claim to, or interest in, such share on the part of any other person, whether or not the corporation shall have notice thereof, save as expressly provided by the laws of the State of Mississippi.

We, G. W. Covington and D. F. Granberry, President and Secretary, respectively, of the Laurel Oil and Fertilizer Company, a corporation, do hereby certify that the above and foregoing is a True and correct copy of a resolution duly and unanimously adopted by a special meeting of the stockholders of the said Laurel Oil and Fertilizer Company, held in the office of the company at Laurel, Mississippi, on the 22nd day of July, A. ARTICLE VII. The association shall have no common capital stock.

ARTICLE VIII. Section 1. The association shall have preferred capital stock in an authorized amount of \$30,000.00, to be divided into 300 shares of the par value of \$100.00 per share. Each share of stock shall entitle the holder to one vote in the management of the association. No stock shall be issued until it shall be paid for in cash or in property or in services fairly equal in value to its par value. The preferred stock shall have preference over the property rights of the members upon liquidation or dissolution and shall also be entitled to a dividend of not exceeding 8% per annum, payable on the 1st day of July of each year, which dividend shall be noncumulative and payable at the discretion of the board of directors, and only if earned.

Section 4. The shareholders shall be members of the association, but there may also be members who are not shareholders, and whose ownership shall be evidenced by certificates of membership to be issued on the terms and conditions prescribed by the bylaws of the association. Section 6. The association may make charges to its members and make deductions for services rendered to them from the gross proceeds of operation for the purpose of paying the expenses of operation, maintenance, and development of the association, and for the creation and maintenance of a reasonable reserve for the purpose of paying expenses, retiring obligations, acquiring, maintaining, and operating property, and for contingencies, and for other purposes incidental to carrying out the purposes of the Agricultural Association Law; and such reserves may be used or distributed as patronage dividends within the discretion of the board of directors under the by-laws of the association.

Meeting of the Negro Welfare and Publicity Work was called by the President, W. H. Lewis, who, after announcing the house in order for business introduced the matter of incorporating the activities of the organization.

The Rev. A motion also prevailed that the following named persons would be authorized to make application for a charter of incorporation, such persons constituting the incorporators with all the rights and privileges given thereto; W. RECORD OF CHARTERS 36-37 STATE OF MISSISSIPPI

TUCKER PRINTING HOUSE JACKSON MISS

RESOLVED ^{sath} ~~Fourth~~, that the Articles of Incorporation be further amended by striking out Article Fourth and inserting in the place thereof the following:

Article Fourth. (1) Amount, classes, and shares of capital stock.—

The amount of capital stock of the Corporation shall be \$12,500.00 divided into classes and shares as follows:

- (a) \$7,500.00 par value of preferred stock (subject to retirement as hereinafter provided) divided into 120 shares of the par value of \$62.50 each; and
 (b) \$5,000.00 par value of Common Stock (subject to increase upon retirement of Preferred Stock as provided in the second paragraph of section 4 of this Article ~~Fourth~~ divided into 100 shares of the par value of \$50.00 each.

(2) Assessability of stock.—The holders of Preferred Stock shall not be held individually responsible as such holders for any debts, contracts, or engagements of the Corporation, and shall not be liable for assessments to restore impairments in the capital of the Corporation.

(3) Dividends on Preferred Stock.—The holders of Preferred Stock, in preference to the holders of Common Stock, shall be entitled to receive, when and as declared by the Board of Directors, out of net profits of the Corporation (determined as provided in section 5 of this Article ~~Fourth~~ accruing after January 7, 1935 (hereinafter referred to as the "Recapitalization Date"), cash dividends thereon to and including March 31, 1939, at the rate of four percent per annum of the par value thereof, and no more, and thereafter at the rate of five percent per annum of the par value thereof, and no more. Such dividends shall be payable semi-annually on each February 1 and August 1, and shall accrue, as to any given share of such stock, from the date of issuance of such share; provided, however, that, in the case of any share of such stock issued after February 1, 1935, (3), such dividends shall accrue on such share from the February 1 or August 1, as the case may be, next preceding the date of issuance thereof. Such dividends shall be cumulative so that if dividends at the full rate required by this section 3 to be paid on the Preferred Stock shall not have been paid upon or declared and set apart for such Preferred Stock, the deficiency shall be fully paid or declared and set apart before any dividend or other distribution, whether in cash, property, stock, or otherwise, shall be declared, ordered, set apart, paid, or made in respect of the Common Stock. Dividends on the Preferred Stock shall be deemed to accrue from day to day.

(4) Dividends on Common Stock.—Dividends or other distributions, whether in cash, property, stock or otherwise, shall, so long as any shares of Preferred Stock are outstanding, be declared, ordered, set apart, paid, or made in respect of the Common Stock only out of the net profits of the Corporation (determined as provided in section 5 of this Article ~~Fourth~~ accruing after the Recapitalization Date.

If any call or purchase for retirement of Preferred Stock pursuant to the provisions of sections 8 or 9 of this Article ~~Fourth~~ would reduce the outstanding capital of the Corporation below the minimum amount at the time required by law, the Board of Directors, prior to or simultaneously with such retirement, shall declare on the Common Stock out of net profits of the Corporation accruing after the Recapitalization Date, a dividend in an amount equal to the sum required to maintain the capital of the Corporation at such minimum amount after giving effect to such retirement, such dividend to be payable in shares of Common Stock which shall be issued (without any action on the part of the holders of stock of any class or on the part of the Superintendent of Banks) pro rata to the holders of Common Stock.

(5) Determination of net profits.—For the purpose of this Article ~~Fourth~~ the net profits or net loss (as distinguished from usage of terms "net profits" and "net loss" in reports required by the Superintendent of Banks) of the Corporation shall be determined for each six months' period ending on December 31 or June 30 by deducting from the gross earnings from all sources for such period:

- (a) All expenses for such period;
 (b) All interest accrued during such period;
 (c) All losses determined during such period, and such charge-offs and write-downs of assets and transfers to reserves (whether from income, undivided profits or surplus) for such period (including all charge-offs, write-downs and transfers to reserves requested by the Superintendent of Banks for such period) as may be reasonably necessary to make proper provision for doubtful assets, depreciation, and undetermined losses, but to the extent only that such losses, determined or undetermined, charge-offs, and write-downs of assets exceed reserves previously set up therefor in such period or any prior period, or available unallocated reserves;
 (d) Provision for all taxes for such period, including taxes measured by income and taxes based on the ownership of stock in the Corporation paid or payable by the Corporation for the account of its shareholders, without prejudice to such right as the Corporation may have to recover the same;
 (e) Such transfers for such period to surplus as may be required by law; provided, however, that transfers to earned surplus as required by section 7-(b) of Senate Bill No. 227, Laws of 1934, shall not be deducted from gross earnings in determining net profits available for the dividend and retirement requirements of the Preferred Stock; and
 (f) The net loss, if any, determined in accordance with the provisions of this section 5, accrued since the Recapitalization Date, accumulated to and existing at the beginning of such period; provided, however, that no deductions from gross earnings for the six months' period ending June 30, 1935, (4), shall be required by reason of any charge-offs or write-downs of assets or transfers to reserves made during said period on account of losses sustained on or prior to the Recapitalization Date.

All recoveries over net book value on assets previously charged off or written down or against which reserves have been set up, and all transfers from reserves to surplus or undivided profits (other than transfers made to reflect recoveries already treated as gross earnings), shall be considered gross earnings for the respective periods during which such recoveries or transfers are effected.

(6) Application of net profits.—As long as any shares of Preferred Stock are outstanding the Corporation, on each February 1 and August 1, shall apply the net profits of the Corporation for the six months' period ending on the next preceding December 31 or June 30, as the case may be, to the following purposes and in the following order of priority:

- (a) To the payment of dividends on the outstanding Preferred Stock accrued to such February 1 or August 1, as the case may be;
 (b) To the payment into the Preferred Stock retirement fund (referred to in section 8 of this Article ~~Fourth~~ a sum equal to forty per cent of the remainder, if any, of such net profits; provided, however, that the aggregate amount paid into the Preferred Stock retirement fund in any one year need not exceed five percent of the maximum aggregate par value of the Preferred Stock at any time outstanding, whether or not any such stock shall have been subsequently retired or the aggregate par value thereof reduced in any manner whatsoever; provided, further, however, that unless otherwise elected, from time to time, by the Corporation by action of its Board of Directors, it shall not be required to make such payment into the Preferred Stock retirement fund except from such net profits as may have accrued from and after December 31, 1935;

Subject to compliance with the provisions of Section 7-(b) of Senate Bill No. 227, Laws of 1934, any balance of net profits for any such period may be applied from time to time to such lawful purposes as may be determined by the Board of Directors, subject, however, to the provisions of section 7 of this Article ~~Fourth~~.

(7) Limitations on retirement of stock.—Except with the approval of the Superintendent of Banks no Preferred Stock shall be called or purchased for retirement by the Corporation unless the then unimpaired capital, surplus and undivided profits of the Corporation, and the retirement funds provided for herein (after giving effect to the proceeds of the issuance of any stock issued to provide funds for such retirement) exceed \$7,000.00 (5), by an amount at least equal to the sum necessary to effect such retirement. No shares of Preferred Stock shall be called or purchased for retirement unless all accrued dividends (whether or not earned or declared) to the dividend payment date next preceding the date of such retirement shall have been paid on all shares of Preferred Stock at the time outstanding.

(8) Retirement of Preferred Stock by purchase.—Subject to the provisions of section 7 of this Article ~~Fourth~~, whenever the balance in the Preferred Stock retirement fund shall amount to as much as \$1,000.00 (6), the Corporation shall (unless the Board of Directors shall elect to use the entire amount of such balance in the Preferred Stock retirement fund for the retirement of Preferred Stock by call as provided in section 9 hereof) within ten days thereafter mail, first-class postage prepaid, to all holders of record of Preferred Stock at their respective addresses as shown on the books of the Corporation, a notice specifying the balance in such fund and stating that the same is available for the purchase for retirement of Preferred Stock at the lowest prices (not in excess of the par value thereof and accrued dividends thereon, whether or not earned or declared, to the date of purchase) offered within twenty days after the date of such notice. At the expiration of such twenty days, the Corporation shall apply such balance to the purchase for retirement of Preferred Stock, if obtainable, in accordance with the terms of such notice. Within ten days after such expiration, subject to the provisions of section 7 of this Article ~~Fourth~~, the Corporation shall call for retirement, in the manner provided in section 9 hereof, the largest number of shares of Preferred Stock which can be retired from the balance in such retirement fund remaining after deducting the amount paid or to be paid for the purchase for retirement of Preferred Stock as aforesaid, and shall set aside from such retirement fund the sum necessary to effect such retirement, but the minimum capital shall in no event be reduced below the minimum amount of capital required by law.

Subject to the provisions of section 7 of this Article ~~Fourth~~, at any time and from time to time the Corporation may make such lawful transfers from its surplus and/or undivided profits to the Preferred Stock retirement fund as the Board of Directors may determine. All shares of Preferred Stock purchased for retirement by the Corporation whether from the retirement fund or otherwise, shall be canceled forthwith and shall not be reissued.

(9) Retirement of Preferred Stock by call.—Subject to the provisions of section 7 of this Article ~~Fourth~~, the Corporation may at any time, at its election as expressed by resolution of the Board of Directors, retire the outstanding Preferred Stock as a whole, or from time to time in part, pro rata, or by lot in such equitable manner to carry out the purpose of this section 9 as the Board of Directors of the Corporation in its discretion shall from time to time determine (and provided always that the capital shall in no event be reduced below the minimum amount required by law) by paying for each share to be retired a retirement price equal to the par value thereof plus all accrued dividends thereon, whether or not earned or declared, accrued to the date of such retirement. At least thirty days' prior written notice of every such retirement, stating the retirement date and the retirement price, and the place of payment thereof, shall be mailed, first-class postage prepaid, to the holder of record of each share to be retired, at the address of such holder as shown on the books of the Corporation. Such notice having been so mailed, each holder of shares so called for retirement shall be entitled to receive payment of the retirement price of such shares (without interest) upon surrender to the Corporation, on or after the retirement date, at the place designated in such notice, of the certificate or certificates therefor in transferable form and, if required, properly stamped for transfer. In case less than all of the shares represented by any such certificate are retired, a new certificate shall be issued representing the unretired shares. From and after the retirement date (unless the Corporation shall default in payment of the retirement price), all dividends on shares called for retirement shall cease to accrue, such shares shall be deemed to be no longer outstanding, and all rights of the holders thereof as shareholders of the Corporation, except the right to receive the retirement price, shall terminate. All shares so retired shall be canceled forthwith and shall not be reissued.

(10) Increase or decrease of capital stock; Amendments of Articles of Incorporation, etc.—By the affirmative vote of the holders, voting by classes, of at least two-thirds of the shares of each class of stock at the time outstanding, and not otherwise, and subject to such approval by the Superintendent of Banks and such other conditions as at the time may be required by law—

- (a) The capital stock of the Corporation may be increased at any time and from time to time through issuing additional shares of Preferred Stock and/or Common Stock, and/or through the creation of one or more additional classes of stock; provided, however, that no vote of the holders of Preferred Stock shall be required with respect to any issue of additional shares of Common Stock if the entire proceeds of such issue are to be used for the retirement of shares of Preferred Stock; and provided further, that no vote of the holders of stock of any class shall be required with respect to any issue of additional shares of Common Stock as a stock dividend, pursuant to the second paragraph of section 4 of this Article ~~Fourth~~ in connection with the retirement of shares of Preferred Stock;
 (b) The capital stock of the Corporation may be decreased at any time and from time to time to any amount not below the amount at the time required by law; provided, however, that no vote of the holders of stock of any class shall be required with respect to the retirement of Preferred Stock;
 (c) The name of the Corporation and/or the place where its operations of discount and deposit are to be carried on may be changed, but this clause shall not be construed to abridge the powers of the Board of Directors under applicable law with reference to the establishment or change of location or closing of branches;
 (d) These Articles of Incorporation may be amended at any time and from time to time in any other respect, but not so as to change the respective voting rights of the Preferred Stock and Common Stock so long as any of the Preferred Stock remains outstanding;
 (e) The Corporation may be consolidated or merged into or with any other bank;
 (f) All or substantially all of the assets and business of the Corporation may be sold or otherwise disposed of;
 (g) The Corporation may go into voluntary liquidation; and

(h) Any plan of reorganization of the Corporation may be carried into effect—Provided, however, that if and as long as the voting rights of the Preferred Stock are increased in accordance with the provisions of section 12 or 13 of this Article ~~Fourth~~ or the fair value of the assets of the Corporation as determined by the Superintendent of Banks shall be less than an amount equal to all of its liabilities, including all capital stock outstanding, any of the actions specified in the foregoing paragraphs (a) to (h), inclusive, of this section 10 may be taken by the affirmative vote of two-thirds of the votes to which the holders of all classes of stock, voting as one class, are at the time entitled, and not otherwise, except that the Corporation may not be put into voluntary liquidation without the approval of the Superintendent of Banks.

(2) Insert date on which Articles of Incorporation amended by shareholders.

(3) Insert the February 1 or August 1 next succeeding the proposed date of purchase of Preferred Stock.

If at the expiration of such subscription rights, any of the new shares have not been subscribed for, such shares shall be offered for subscription to the holders of record of all other shares of stock of all other classes at the time outstanding, in proportion to the number of such shares held by them respectively, and notice shall be given as above provided. If at the expiration of both of such subscription rights any of the new shares have not been subscribed for, such unsubscribed new shares may be issued and sold at such price, not less than the par value thereof, to such persons and on such terms as the Board of Directors may determine.

(12) **Voting rights.**—(a) Except as otherwise provided in sections 10 and 13 of this Article ^{Fourth} and in this section 12, each holder of stock of any class shall be entitled to vote on all matters one vote for each share of stock of any class held by him.

(b) In all elections of directors, each holder of stock of any class shall have the right to vote the votes allocable to the number of shares owned by him for as many persons as there are directors to be elected, or to cumulate such votes and give one candidate as many votes as the number of directors multiplied by the number of votes allocable to his shares shall equal, or to distribute such votes on the same principle among as many candidates as he shall think fit.

(c) In case as many as two semi-annual dividend payments (whether or not consecutive and whether or not earned or declared) on the Preferred Stock shall be in arrears (exclusive of any such dividend which may be payable at any time within three (3) months from the date of issuance of the Preferred Stock), then, and until all arrears of dividends upon the Preferred Stock shall have been paid and the full dividend on the outstanding Preferred Stock for the then current semi-annual dividend period shall have been declared and funds set apart for the payment thereof, the holders of Preferred Stock at the time outstanding shall be entitled, as a class, to vote on all matters twice the number of votes to which the holders of Common Stock, as a class, are at the time entitled, and each holder of Preferred Stock shall be entitled to a pro rata share of the votes to which his class is entitled.

(d) At any time while the votes of the Preferred Stock are increased as provided in paragraph (c) of this section 12 or in sub-paragraph (2) of section 13 of this Article ^{Fourth}, any one or more of the directors, officers, or employees of the Corporation may be removed at any annual or special meeting of shareholders, for or without cause, and their successors elected, by the affirmative vote of two-thirds of the votes to which the holders of all classes of stock, voting as one class, are at the time entitled.

(13) **Other voting rights.**—If at any time while the Reconstruction Finance Corporation shall hold not less than twenty-five percent of the total number of shares of Preferred Stock at the time outstanding—

(a) The Corporation shall be in arrears in the payment of as many as two semi-annual dividend payments (whether or not consecutive and whether or not earned or declared) on the Preferred Stock (exclusive of any such dividend which may be payable at any time within three (3) months from the date of issuance of the Preferred Stock); or

(b) The amounts paid into the Preferred Stock retirement fund (referred to in section 8 of this Article ^{Fourth}) on and after February 1, 1937, shall not have amounted in the aggregate to five percent of the maximum par value of the Preferred Stock at any time outstanding (whether or not any such stock shall have been subsequently retired or the aggregate par value thereof reduced in any manner whatsoever) multiplied by the number of calendar years which shall have elapsed since January 1, 1936; or

(c) The fair value of the assets of the banking corporation as determined by an examination of the banking corporation by the Reconstruction Finance Corporation (which may be made by the Reconstruction Finance Corporation once in each calendar year if the Reconstruction Finance Corporation shall so elect), or as determined by the Superintendent of Banks, shall be less than an amount equal to all of its liabilities, including all capital stock outstanding; or

(d) The Corporation shall violate or fail to observe any of the terms, provisions, or conditions of its Articles of Incorporation—then after written notice from Reconstruction Finance Corporation of the existence of any of said conditions and so long as any of said conditions in (a), (b), (c), and (d) above shall continue:

(1) All directors, officers, and employees of the Corporation shall receive compensation at rates not exceeding such maximum limitations as may be fixed by the vote of the holders of a majority of the shares of Preferred Stock at the time outstanding.

(2) In case Reconstruction Finance Corporation, with the approval of the Superintendent of Banks, at any time shall notify the Corporation that any director, officer or employee of the Corporation is regarded by Reconstruction Finance Corporation as unsatisfactory, and in case such director, officer, or employee is not removed from office (and, if requested by Reconstruction Finance Corporation, replaced with a director, officer, or employee, satisfactory to it) within thirty days after receipt by the Corporation of such notice, then, and until then such removal and replacement shall have been effected, the holders of Preferred Stock at the time outstanding shall be entitled, as a class, to vote on all matters twice the number of votes to which the holders of Common Stock, as a class, are at the time entitled, and each holder of Preferred Stock shall be entitled to a pro rata share of the votes to which his class is entitled.

(3) The Corporation shall not directly or indirectly purchase or otherwise acquire any real estate for its own use, or lease any real estate for its own use for a term longer than one year, without in each case the affirmative vote of the holders of a majority of the Preferred Stock at the time outstanding, or a written waiver of voting rights in respect thereto by the holders of such majority; provided, however, that this limitation shall not apply to real estate acquired under the provisions of subdivisions 2 and 3 of section 53 of Senate Bill 227, Laws of 1934.

(4) The Corporation shall not incur indebtedness maturing more than one year from the creation thereof, without the affirmative vote of the holders of a majority of the Preferred Stock at the time outstanding or a written waiver of voting rights with respect thereto by the holders of such majority, but the indebtedness herein referred to shall not be construed to include the issuance of circulating notes and the acceptance of time deposits, which may continue to be accepted by the Corporation, under such conditions as may be provided by law.

(14) **Rights of Preferred Stock on liquidation.**—In the event of any receivership, conservatorship, liquidation, dissolution, or winding up of the Corporation, whether voluntary or involuntary, before any payment or other distribution, whether in cash, property, or otherwise shall be made to the holders of Common Stock, the holders of Preferred Stock shall be entitled to receive, for each share of such stock held by them, an amount equal to the par value thereof, plus an amount equal to all unpaid dividends thereon, whether or not earned or declared, accrued to the date of payment, but shall not be entitled to any other or further payment; provided, however, that a merger or consolidation in accordance with law and these Articles of Incorporation, shall not be deemed a liquidation, dissolution, or winding up of the Corporation within the meaning of this section 14.

RESOLVED That the Articles of Incorporation be amended by inserting a new article, to be designated as ^{Article Eighth}, reading as follows:

Article Eighth (a) **Officers.**—The Board of Directors shall elect one of its members President of the Corporation. The Board may designate a director in lieu of the President to be Chairman of the Board, who shall perform such duties as may be designated by the Board. The directors shall have power to elect one or more Vice Presidents, at least one of whom shall also be a member of the Board of Directors, and who shall be authorized, in the absence or inability of the President from any cause, to perform all acts and duties pertaining to the office of President except such as the President only is authorized by law to perform; and to elect or appoint a Cashier, and such other officers and clerks as may be required to transact the business of the Corporation; and, subject to the provisions of sub-paragraphs (1) and (2) of section 13 of Article ^{Fourth} hereof, to fix the salaries to be paid to them, and to continue them in office or to dismiss them as in the opinion of a majority of the Board the interests of the Corporation may demand.

(b) **Powers of Board of Directors.**—The Board of Directors shall have the power to define the duties of the officers and clerks of the Corporation, to require bonds from them, and to fix the penalty thereof; to regulate the manner in which election of directors shall be held and to appoint judges of the elections; to make all by-laws that it may be proper for them to make, not inconsistent with the law and these Articles of Incorporation, for the general regulation of the business of the Corporation and the management of its affairs, and generally to do and perform all acts that it may be legal for a Board of Directors to do and perform according to law and within the limits of these Articles of Incorporation.

RESOLVED That the Articles of Incorporation be amended by inserting a new article, to be designated as ^{Article Ninth}, reading as follows:

Article Ninth **Special meetings of shareholders.**—Except as otherwise specifically provided by statute, special meetings of the shareholders may be called for any purpose at any time by the Board of Directors or by the holders of at least ten percent of the then outstanding shares of any class. Every such special meeting shall be called by mailing, not less than ten days before the time fixed for the meeting, to all shareholders of record entitled to act and vote at such meeting, at their respective addresses as shown on the books of the Corporation, a notice stating the purpose of the meeting. Such notice may be waived in writing.

RESOLVED That each shareholder of record may subscribe within five days from and after the date of this meeting to such issue of Preferred Stock in proportion to the number of shares of Common Stock of the Corporation standing on the books of the Corporation in his name; and

RESOLVED That the Board of Directors through its proper officers, at the expiration of the said five days, shall sell the unsubscribed portion of such Preferred Stock at such price (not less than the par value thereof) to Reconstruction Finance Corporation and/or to such other person or persons as the Board of Directors may deem advisable.

At an annual meeting of the shareholders of The Bank of Oakland, Oakland, Mississippi, held on January 4, 1937, ten days' notice of the proposed business having been given by mail, all of the foregoing resolutions were adopted by the following vote, representing all of the shares of Preferred Stock outstanding and at least two-thirds of the total number of shares of Common Stock outstanding.

Proposed Amendment to Charter of Incorporation
of
THE BANK OF INVERNESS
Inverness, Sunflower County, Mississippi.

Resolved First, That the capital of this corporation be increased in the sum of \$30,000 by the issuance of preferred stock under the provisions of Section 52 of Senate Bill No. 227, Laws of 1934, making the total capital of the Corporation \$50,000 of which \$30,000 is preferred and \$20,000 is common stock.

Resolved Second, That the Charter of Incorporation, as amended, be further amended by striking out Article III and inserting in the place thereof the following:

Article III. (1) Amount, classes and shares of capital stock. The amount of capital stock of the Corporation shall be \$50,000 divided into classes and shares as follows:

(a) \$30,000 par value of preferred stock (subject to retirement as hereinafter provided) divided into 250 shares of the par value of \$120 each; and

(b) \$20,000 par value of common stock (subject to increase upon retirement of preferred stock as provided in the second paragraph of section 4 of this Article III) divided into 200 shares of the par value of \$100 each.

(2) Assessability of stock.---The holders of preferred stock shall not be held individually responsible as such holders for any debts, contracts, or engagements of the Corporation, and shall not be liable for assessments to restore impairments in the capital of the Corporation.

(3) Dividends on preferred stock.---The holders of preferred stock, in preference to the holders of common stock, shall be entitled to receive, when and as declared by the Board of Directors, out of net profits of the Corporation (determined as provided in section 5 of this article III) accruing after September 24, 1937 (1) (hereinafter referred to as the "Recapitalization Date"), cash dividends thereon to and including January 31, 1940, at the rate of three and one-half per cent per annum of the par value thereof, and no more, and thereafter at the rate of four per cent per annum of the par value thereof, and no more. Such dividends shall be payable semiannually on each February 1 and August 1, and shall accrue, as to any given share of such stock, from the date of issuance of such share. Such dividends shall be cumulative, so that if dividends at the full rates required by this section 3 to be paid on the preferred stock shall not have been paid upon or declared and set apart for such preferred stock, the deficiency shall be fully paid or declared and set apart before any dividend or other distribution, whether in cash, property, stock, or otherwise, shall have been declared, ordered, set apart, paid or made in respect of the common stock. Dividends on the preferred stock shall be deemed to accrue from day to day.

(4) Dividends on common stock.---Dividends or other distribution, whether in cash, property, stock or otherwise, shall, so long as any shares of preferred stock are outstanding, be declared, ordered, set apart, paid, or made in respect of the common stock only out of the net profits of the Corporation (determined as provided in section 5 of this Article III) accruing after the Recapitalization Date.

If any retirement of preferred stock would decrease the outstanding capital of the Corporation below the minimum amount required by law, the Board of Directors, prior to or simultaneously with such retirement, shall transfer an amount equal to the aggregate par value of the preferred stock so retired from reserves set up for the retirement of preferred stock to a special reserve

(1) Insert date on which Charter of Incorporation is amended by shareholders.
fund for the payment of common stock dividends, and shall declare on the common stock, out of such special reserve fund, a dividend payable in common stock, in an amount equal to the aggregate par value of the preferred stock so retired, and the shares of common stock required for the payment of any such stock dividend shall be issuable without any further vote on the part of the holders of stock of any class or any further approval on the part of the State Comptroller.

(5) Determination of net profits. For the purpose of this article III, the net profits or net loss (as distinguished from usage of terms "net profits" and "net loss" in reports required by the State Comptroller) of the Corporation shall be determined for each six months' period ending on December 31 or June 30 by deducting from the gross earnings from all sources for such period:

(a) All expenses for such period; (b) All interest accrued during such period; (c) All losses determined during such period, and such charge-offs and write-downs of assets and transfers to reserves (whether from income, undivided profits or surplus) for such period (including all charge-offs, write-downs and transfers to reserves requested by the State Comptroller for such period) as may be reasonably necessary to make proper provision for doubtful assets, depreciation, and undetermined losses, but to the extent only that such losses, determined or undetermined, charge-offs, and write-downs of assets exceed reserves previously set up therefor in such period or any prior period, or available unallocated reserves; (d) Provision for all taxes for such period, including taxes measured by income and taxes based on the ownership of stock in the Corporation paid or payable by the Corporation for the account of its shareholders, without prejudice to such right as the Corporation may have to recover the same; (e) Such transfers for such period to surplus as may be required by

RECORD OF CHARTERS 36-37 STATE OF MISSISSIPPI

law; provided, however, that transfers to earned surplus^{as} required by section 7-(b) of Senate Bill No. 227, Laws of 1934, shall not be deducted from gross earnings in determining net profits available for the dividend and retirement requirements of the preferred stock; and (f) The net loss, if any, determined in accordance with the provisions of this section 5, accrued since the Recapitalization Date, accumulated to and existing at the beginning of such period.

All recoveries over net book value on assets previously charged off or written down or against which reserves have been set up, and all transfers from reserves to surplus or undivided profits (other than transfers made to reflect recoveries already treated as gross earnings), shall be considered gross earnings for the respective periods during which such recoveries or transfers are effected.

Application of net profits.---As long as any shares of preferred stock are outstanding, the Corporation, on each February 1 and August 1, shall apply the net profits of the Corporation for the six months' period ending on the next preceding December 31, as the case may be, to the following purposes and in the following order of priority: (a) To the payment of dividends on the outstanding preferred stock accrued to such February 1 or August 1, as the case may be. (b) To the payment into the preferred stock retirement fund (referred to in section 8 of this Article III) on August 1, 1937, and on each February 1 and August 1 thereafter, to and including February 1, 1940, of a sum equal to one-quarter of one per cent of the aggregate par value of the preferred stock at the time outstanding and on each February 1 and August 1 thereafter of a sum equal to one-half of one per cent of the aggregate par value of the preferred stock at the time outstanding. In the event that the net profits of the Corporation shall on any such February 1 or August 1 be insufficient to permit the payment into such preferred stock retirement fund of the full amount herein^{after} provided for, the deficiency shall be fully paid before any net profits of the Corporation shall be thereafter applied to any of the purposes hereinafter specified in this section 6. (c) To the payment into the preferred stock retirement fund (referred to in section 8 of this article III) of a sum equal to forty per cent of the remainder, if any, of such net profits: Provided, however, That the aggregate amount paid into the preferred stock retirement fund in any one year in accordance with the requirements of this paragraph (c) need not exceed five per cent of the maximum aggregate par value of the preferred stock at any time outstanding, whether or not any such stock shall have been subsequently retired or the aggregate par value thereof reduced in any manner whatsoever. Subject to compliance with the provisions of section 7-(b) of Senate Bill No. 227, Laws of 1934, any balance of net profits for any such period may be applied from time to time to such lawful purposes as may be determined by the Board of Directors, subject, however, to the provisions of section 7 of this article III.

(7) Limitations on retirement of stock.---Except with the approval of the State Comptroller no preferred stock shall be called or purchased for retirement by the Corporation unless the then unimpaired capital, surplus and undivided profits of the Corporation, and the retirement funds provided for herein (after giving effect to the proceeds of the issuance of any stock issued to provide funds for such retirement) exceed \$66,000 by an amount at least equal to the sum necessary to effect such retirement. No shares of preferred stock shall be called or purchased for retirement unless all accrued dividends (whether or not earned or declared) to the dividend payment date next preceding the date of such retirement shall have been paid on all shares of preferred stock at the time outstanding.

(8) Retirement of preferred stock by purchase.---Subject to the provisions of section 7 of this article III, whenever the balance in the preferred stock retirement fund shall amount to as much as \$1,000, the corporation shall (unless the Board of Directors shall elect to use the entire amount of such balance in the preferred stock retirement fund for the retirement of preferred stock by call as provided in section 9 hereof) within ten days thereafter mail, first-class postage prepaid, to all holders of record of preferred stock at their respective addresses as shown on the books of the Corporation, a notice specifying the balance in such fund and stating that the same is available for the purchase for retirement of preferred stock at the lowest prices, not in excess of the par value thereof and accrued dividends thereon, whether or not earned or declared, to the date of purchase offered within twenty days after the date of such notice. At the expiration of such twenty days, the Corporation shall apply such balance to the purchase for retirement of preferred stock, if obtainable, in accordance with the terms of such notice. Within ten days after such expiration, subject to the provisions of section 7 of this Article III, the Corporation shall call for retirement, in the manner provided in section 9 hereof, the largest number of shares of preferred stock which can be retired from the balance in such retirement fund remaining after deducting the amount paid or to be paid for the purchase for retirement of preferred stock as aforesaid, and shall set aside from such retirement fund the sum necessary to effect such retirement, but in the minimum capital shall in no event be reduced below the minimum amount of capital required by law. Subject to the provisions of Section 7 of this article III, at any time and from time to time the Corporation may make such lawful transfers from its surplus and/or undivided profits to the preferred stock retirement fund as the Board of Directors may determine. All shares of preferred stock purchased for retirement by the Corporation, whether from the retirement funds or otherwise, shall be cancelled forthwith and shall not be reissued.

- (b) The capital stock of the Corporation may be decreased at any time and from time to time to any amount not below the amount at the time required by law; provided, however, that no vote of the holders of stock of any class shall be required with respect to the retirement of Preferred Stock;

- (d) ~~This Charter~~ ^{This Charter} of Incorporation may be amended at any time and from time to time in any other respect, but not so as to change the respective voting rights of the Preferred Stock and Common Stock so long as any of the Preferred Stock remains outstanding;
- (e) The Corporation may be consolidated or merged into or with any other bank; ^{it may acquire all, or substantially all of the assets and business of any banking corporation or trust company.}
- (f) All or substantially all of the assets and business of the Corporation may be sold or otherwise disposed of; ^{State Comptroller}
- (g) The Corporation may go into voluntary liquidation; and
- (h) Any plan of reorganization of the Corporation may be carried into effect--
Provided, however, that if and as long as the voting rights of the Preferred Stock are increased in accordance with the provisions of section 12 or 13 of this Article III or the fair value of the assets of the Corporation as determined by the ~~Superintendent of Banks~~ ^{State Comptroller} shall be less than an amount equal to all of its liabilities, including all capital stock outstanding, any of the actions specified in the foregoing paragraphs (a) to (h), inclusive, of this section 10 may be taken by the affirmative vote of two-thirds of the votes to which the holders of all classes of stock, voting as one class, are at the time entitled, and not otherwise, except that the Corporation may not be put into voluntary liquidation without the approval of the ~~Superintendent of Banks~~ ^{State Comptroller}.

The Alumni Association met at its regular annual meeting with President D. L. Fair presiding. After opening remarks by the President, Chancellor Butts was called upon to speak and he gave the Alumni some facts regarding the University, its Student Body and its equipment.

After Chancellor Butts' speech, Mr. Kenneth Crosby, President of the Student Body, made a talk welcoming the Alumni to the campus.

Honorable Harry M. Bryan delivered a splendid eulogy on the late Judge William Henry Cook. Immediately following Mr. Bryan's speech Dr. Ike Knox of Vicksburg made a motion which was seconded by Martin Miller, Meridian, that the M Club Room be named the William Cook Memorial Room. This was passed unanimously.

Governor White was called upon to speak and in a very few words made an appeal to the Alumni to get busy and help the University secure adequate funds from the legislature.

Immediately following Governor White's speech President Fair appointed a special committee to draw up a resolution in the memory of Judge Cook and to send copies to the members of his family and have them published in the Alumni Magazine: Judge L. A. Smith, Sr., Holly Springs; Judge T. C. Kimbrough, University; Judge D. C. McCool, Canton; Hon. Tom Campbell, Yazoo City; Hon. Elmer Sharp, Jackson; and Senator Hubert Stephens, New Albany.

Election of officers was then held and the following were unanimously elected: D. L. Fair, President; Clyde Hester, Jackson, Vice-President, J. K. Hamm, University, Secretary and O. B. Rogers, Tupelo, Athletic Committeeman.

After the election of officers, Mr. Robert Burton Smith, Booneville, a member of the Class of '77, was recognized as being the oldest alumnus present and was asked to stand and was given an ovation.

Dr. W. L. Shackelford of West Palm Beach, Florida, was recognized as the alumnus who had traveled the furthest distance to attend Homecoming and was likewise asked to stand, was applauded.

Upon motion of Martin Miller, Meridian, which was duly seconded by J. H. Currie, Meridian, it was voted unanimously to incorporate the Alumni Association. Mr. Miller made a motion that Mr. D. L. Fair, Mr. Clyde L. Hester, and Mr. J. K. Hamm be named as incorporators. This was seconded by Mr. Currie and passed unanimously.

Mr. Martin Miller made a motion that was duly seconded and passed that Mr. R. L. Smalwood, Jr., be given a vote of thanks for his work in preparing the papers of incorporation.

The matter of forming a Junior Alumni Association was discussed at length and upon motion of Judge L. A. Smith, Sr., which was duly seconded, the President is to appoint a committee of five to study the matter and report back at the next meeting.

After a few announcements, the meeting was adjourned.

By reinserting in the Charter, as amended an article designated "Article First," the original Article First naming the bank "The Citizens Bank of Columbia," having been inadvertently stricken from the Charter by the Amendment of October 24, 1934, so that the name of the bank shall be "Citizens Bank", and such Article First read as follows:

RECORD OF CHARTERS ³⁷⁻³⁸ ~~36-37~~ STATE OF MISSISSIPPI

TUCKER PRINTING HOUSE JACKSON MISS

~~FOURTH~~ ^{SIXTH} RESOLVED, that the Articles of Incorporation be further amended by striking out Article Fourth and inserting in the place thereof the following:

Article Fourth. (1) Amount, classes, and shares of capital stock.—

The amount of capital stock of the Corporation shall be \$50,000.00, divided into classes and shares as follows:

- (a) 25,000.00 par value of preferred stock (subject to retirement as hereinafter provided) divided into 200 shares of the par value of 125.00 each; and
- (b) 25,000.00 par value of Common Stock (subject to increase upon retirement of Preferred Stock as provided in the second paragraph of section 4 of this Article Fourth) divided into 250 shares of the par value of \$100.00 each.

(2) Assessability of stock.—The holders of Preferred Stock shall not be held individually responsible as such holders for any debts, contracts, or engagements of the Corporation, and shall not be liable for assessments to restore impairments in the capital of the Corporation.

(3) Dividends on Preferred Stock.—The holders of Preferred Stock, in preference to the holders of Common Stock, shall be entitled to receive, when and as declared by the Board of Directors, out of net profits of the Corporation (determined as provided in section 5 of this Article Fourth) accruing after October 24, 1934 (2), (hereinafter referred to as the "Recapitalization Date"), cash dividends thereon to and including March 31, 1935, at the rate of four percent per annum of the par value thereof, and no more, and thereafter at the rate of five percent per annum of the par value thereof, and no more. Such dividends shall be payable semi-annually on each February 1 and August 1, and shall accrue, as to any given share of such stock, from the date of issuance of such share; provided, however, that, in the case of any share of such stock issued after February 1, 1935 (3), such dividends shall accrue on such share from the February 1 or August 1, as the case may be, next preceding the date of issuance thereof. Such dividends shall be cumulative so that if dividends at the full rate required by this section 3 to be paid on the Preferred Stock shall not have been paid upon or declared and set apart for such Preferred Stock, the deficiency shall be fully paid or declared and set apart before any dividend or other distribution, whether in cash, property, stock, or otherwise, shall be declared, ordered, set apart, paid, or made in respect of the Common Stock. Dividends on the Preferred Stock shall be deemed to accrue from day to day.

(4) Dividends on Common Stock.—Dividends or other distributions, whether in cash, property, stock or otherwise, shall, so long as any shares of Preferred Stock are outstanding, be declared, ordered, set apart, paid, or made in respect of the Common Stock only out of the net profits of the Corporation (determined as provided in section 5 of this Article Fourth) accruing after the Recapitalization Date.

If any call or purchase for retirement of Preferred Stock pursuant to the provisions of sections 8 or 9 of this Article Fourth would reduce the outstanding capital of the Corporation below the minimum amount at the time required by law, the Board of Directors, prior to or simultaneously with such retirement, shall declare on the Common Stock out of net profits of the Corporation accruing after the Recapitalization Date, a dividend in an amount equal to the sum required to maintain the capital of the Corporation at such minimum amount after giving effect to such retirement, such dividend to be payable in shares of Common Stock which shall be issued (without any action on the part of the holders of stock of any class or on the part of the Superintendent of Banks) pro rata to the holders of Common Stock.

(5) Determination of net profits.—For the purpose of this Article Fourth, the net profits or net loss (as distinguished from usage of terms "net profits" and "net loss" in reports required by the Superintendent of Banks) of the Corporation shall be determined for each six months' period ending on December 31 or June 30 by deducting from the gross earnings from all sources for such period:

- All expenses for such period;
- All interest accrued during such period;
- All losses determined during such period, and such charge-offs and write-downs of assets and transfers to reserves (whether from income, undivided profits or surplus) for such period (including all charge-offs, write-downs and transfers to reserves requested by the Superintendent of Banks for such period) as may be reasonably necessary to make proper provision for doubtful assets, depreciation, and undetermined losses, but to the extent only that such losses, determined or undetermined, charge-offs, and write-downs of assets exceed reserves previously set up therefor in such period or any prior period, or available unallocated reserves;
- Provision for all taxes for such period, including taxes measured by income and taxes based on the ownership of stock in the Corporation paid or payable by the Corporation for the account of its shareholders, without prejudice to such right as the Corporation may have to recover the same;
- Such transfers for such period to surplus as may be required by law; provided, however, that transfers to earned surplus as required by section 7-(b) of Senate Bill No. 227, Laws of 1934, shall not be deducted from gross earnings in determining net profits available for the dividend and retirement requirements of the Preferred Stock; and
- The net loss, if any, determined in accordance with the provisions of this section 5, accrued since the Recapitalization Date, accumulated to and existing at the beginning of such period; provided, however, that no deductions from gross earnings for the six months' period ending December 31, 1934 (4), shall be required by reason of any charge-offs or write-downs of assets or transfers to reserves made during said period on account of losses sustained on or prior to the Recapitalization Date.

All recoveries over net book value on assets previously charged off or written down or against which reserves have been set up, and all transfers from reserves to surplus or undivided profits (other than transfers made to reflect recoveries already treated as gross earnings), shall be considered gross earnings for the respective periods during which such recoveries or transfers are effected.

(6) Application of net profits.—As long as any shares of Preferred Stock are outstanding the Corporation, on each February 1 and August 1, shall apply the net profits of the Corporation for the six months' period ending on the next preceding December 31 or June 30, as the case may be, to the following purposes and in the following order of priority:

- To the payment of dividends on the outstanding Preferred Stock accrued to such February 1 or August 1, as the case may be;
- To the payment into the Preferred Stock retirement fund (referred to in section 8 of this Article Fourth) of a sum equal to forty per cent of the remainder, if any, of such net profits; provided, however, that the aggregate amount paid into the Preferred Stock retirement fund in any one year need not exceed five percent of the maximum aggregate par value of the Preferred Stock at any time outstanding, whether or not any such stock shall have been subsequently retired or the aggregate par value thereof reduced in any manner whatsoever; provided, further, however, that unless otherwise elected, from time to time, by the Corporation by action of its Board of Directors, it shall not be required to make such payment into the Preferred Stock retirement fund except from such net profits as may have accrued from and after December 31, 1935;

Subject to compliance with the provisions of Section 7-(b) of Senate Bill No. 227, Laws of 1934, any balance of net profits for any such period may be applied from time to time to such lawful purposes as may be determined by the Board of Directors, subject, however, to the provisions of section 7 of this Article Fourth.

(7) Limitations on retirement of stock.—Except with the approval of the Superintendent of Banks no Preferred Stock shall be called or purchased for retirement by the Corporation unless the then unimpaired capital, surplus and undivided profits of the Corporation, and the retirement funds provided for herein (after giving effect to the proceeds of the issuance of any stock issued to provide funds for such retirement) exceed \$63,000.00 (5), by an amount at least equal to the sum necessary to effect such retirement. No shares of Preferred Stock shall be called or purchased for retirement unless all accrued dividends (whether or not earned or declared) to the dividend payment date next preceding the date of such retirement shall have been paid on all shares of Preferred Stock at the time outstanding.

(8) Retirement of Preferred Stock by purchase.—Subject to the provisions of section 7 of this Article Fourth, whenever the balance in the Preferred Stock retirement fund shall amount to as much as \$1,000.00 (6), the Corporation shall (unless the Board of Directors shall elect to use the entire amount of such balance in the Preferred Stock retirement fund for the retirement of Preferred Stock by call as provided in section 9 hereof) within ten days thereafter mail, first-class postage prepaid, to all holders of record of Preferred Stock at their respective addresses as shown on the books of the Corporation, a notice specifying the balance in such fund and stating that the same is available for the purchase for retirement of Preferred Stock at the lowest prices (not in excess of the par value thereof and accrued dividends thereon, whether or not earned or declared, to the date of purchase) offered within twenty days after the date of such notice. At the expiration of such twenty days, the Corporation shall apply such balance to the purchase for retirement of Preferred Stock, if obtainable, in accordance with the terms of such notice. Within ten days after such expiration, subject to the provisions of section 7 of this Article Fourth, the Corporation shall call for retirement, in the manner provided in section 9 hereof, the largest number of shares of Preferred Stock which can be retired from the balance in such retirement fund remaining after deducting the amount paid or to be paid for the purchase for retirement of Preferred Stock as aforesaid, and shall set aside from such retirement fund the sum necessary to effect such retirement, but the minimum capital shall in no event be reduced below the minimum amount of capital required by law.

Subject to the provisions of section 7 of this Article Fourth, at any time and from time to time the Corporation may make such lawful transfers from its surplus and/or undivided profits to the Preferred Stock retirement fund as the Board of Directors may determine. All shares of Preferred Stock purchased for retirement by the Corporation whether from the retirement fund or otherwise, shall be canceled forthwith and shall not be reissued.

(9) Retirement of Preferred Stock by call.—Subject to the provisions of section 7 of this Article Fourth, the Corporation may at any time, at its election as expressed by resolution of the Board of Directors, retire the outstanding Preferred Stock as a whole, or from time to time in part, pro rata, or by lot in such equitable manner to carry out the purpose of this section 9 as the Board of Directors of the Corporation in its discretion shall from time to time determine (and provided always that the capital shall in no event be reduced below the minimum amount required by law) by paying for each share to be retired a retirement price equal to the par value thereof plus all accrued dividends thereon, whether or not earned or declared, accrued to the date of such retirement. At least thirty days' prior written notice of every such retirement, stating the retirement date and the retirement price, and the place of payment thereof, shall be mailed, first-class postage prepaid, to the holder of record of each share to be retired, at the address of such holder as shown on the books of the Corporation. Such notice having been so mailed, each holder of shares so called for retirement shall be entitled to receive payment of the retirement price of such shares (without interest) upon surrender to the Corporation, on or after the retirement date, at the place designated in such notice, of the certificate or certificates therefor in transferable form and, if required, properly stamped for transfer. In case less than all of the shares represented by any such certificate are retired, a new certificate shall be issued representing the unretired shares. From and after the retirement date (unless the Corporation shall default in payment of the retirement price), all dividends on shares called for retirement shall cease to accrue, such shares shall be deemed to be no longer outstanding, and all rights of the holders thereof as shareholders of the Corporation, except the right to receive the retirement price, shall terminate. All shares so retired shall be canceled forthwith and shall not be reissued.

(10) Increase or decrease of capital stock; Amendments of Articles of Incorporation, etc.—By the affirmative vote of the holders, voting by classes, of at least two-thirds of the shares of each class of stock at the time outstanding, and not otherwise, and subject to such approval by the Superintendent of Banks and such other conditions as at the time may be required by law—

- The capital stock of the Corporation may be increased at any time and from time to time through issuing additional shares of Preferred Stock and/or Common Stock, and/or through the creation of one or more additional classes of stock; provided, however, that no vote of the holders of Preferred Stock shall be required with respect to any issue of additional shares of Common Stock if the entire proceeds of such issue are to be used for the retirement of shares of Preferred Stock; and provided further, that no vote of the holders of stock of any class shall be required with respect to any issue of additional shares of Common Stock as a stock dividend, pursuant to the second paragraph of section 4 of this Article Fourth, in connection with the retirement of shares of Preferred Stock;
- The capital stock of the Corporation may be decreased at any time and from time to time to any amount not below the amount at the time required by law; provided, however, that no vote of the holders of stock of any class shall be required with respect to the retirement of Preferred Stock;
- The name of the Corporation and/or the place where its operations of discount and deposit are to be carried on may be changed, but this clause shall not be construed to abridge the powers of the Board of Directors under applicable law with reference to the establishment or change of location or closing of branches;
- These Articles of Incorporation may be amended at any time and from time to time in any other respect, but not so as to change the respective voting rights of the Preferred Stock and Common Stock so long as any of the Preferred Stock remains outstanding;
- The Corporation may be consolidated or merged into or with any other bank;
- All or substantially all of the assets and business of the Corporation may be sold or otherwise disposed of;
- The Corporation may go into voluntary liquidation; and

(h) Any plan of reorganization of the Corporation may be carried into effect—Provided, however, that if and as long as the voting rights of the Preferred Stock are increased in accordance with the provisions of section 12 or 13 of this Article Fourth, the fair value of the assets of the Corporation as determined by the Superintendent of Banks shall be less than an amount equal to all of its liabilities, including all capital stock outstanding, any of the actions specified in the foregoing paragraphs (a) to (h), inclusive, of this section 10 may be taken by the affirmative vote of two-thirds of the votes to which the holders of all classes of stock, voting as one class, are at the time entitled, and not otherwise, except that the Corporation may not be put into voluntary liquidation without the approval of the Superintendent of Banks.

(2) Insert date on which Articles of Incorporation amended by shareholders.

(3) Insert the February 1 or August 1 next succeeding the proposed date of purchase of Preferred Stock.

(4) Insert June 30 or December 31 next succeeding the Recapitalization Date.

(5) This figure, representing approximately the unimpaired capital structure of the Corporation after giving effect to the issue of the Preferred Stock, will be fixed by Reconstruction Finance Corporation prior to the purchase of the Preferred Stock.

(6) This figure will be fixed by Reconstruction Finance Corporation.

(11) Preemptive rights.—In case of any increase in the capital stock of the Corporation of any class other than by way of a stock dividend, the new shares shall be offered for subscription to the holders of record of all shares of stock of that class at the time outstanding, in proportion to the number of shares of such stock of that class held by them respectively, by mailing, first-class postage prepaid, to such holders, at their respective addresses as shown on the books of the Corporation, transferable subscription warrants exercisable at any time on or before thirty days from the date of such mailing. If at the expiration of such subscription rights, any of the new shares have not been subscribed for, such shares shall be offered for subscription to the holders of record of all other shares of stock of all other classes at the time outstanding, in proportion to the number of such shares held by them respectively, and notice shall be given as above provided. If at the expiration of both of such subscription rights any of the new shares have not been subscribed for, such unsubscribed new shares may be issued and sold at such price, not less than the par value thereof, to such persons and on such terms as the Board of Directors may determine.

(12) Voting rights.—(a) Except as otherwise provided in sections 10 and 13 of this Article Fourth and in this section 12, each holder of stock of any class shall be entitled to vote on all matters one vote for each share of stock of any class held by him.

(b) In all elections of directors, each holder of stock of any class shall have the right to vote the votes allocable to the number of shares owned by him for as many persons as there are directors to be elected, or to cumulate such votes and give one candidate as many votes as the number of directors multiplied by the number of votes allocable to his shares shall equal, or to distribute such votes on the same principle among as many candidates as he shall think fit.

(c) In case as many as two semi-annual dividend payments (whether or not consecutive and whether or not earned or declared) on the Preferred Stock shall be in arrears (exclusive of any such dividend which may be payable at any time within three (3) months from the date of issuance of the Preferred Stock), then, and until all arrears of dividends upon the Preferred Stock shall have been paid and the full dividend on the outstanding Preferred Stock for the then current semi-annual dividend period shall have been declared and funds set apart for the payment thereof, the holders of Preferred Stock at the time outstanding shall be entitled, as a class, to vote on all matters twice the number of votes to which the holders of Common Stock, as a class, are at the time entitled, and each holder of Preferred Stock shall be entitled to a pro rata share of the votes to which his class is entitled.

(d) At any time while the votes of the Preferred Stock are increased as provided in paragraph (c) of this section 12 or in sub-paragraph (2) of section 13 of this Article Fourth, any one or more of the directors, officers, or employees of the Corporation may be removed at any annual or special meeting of shareholders, for or without cause, and their successors elected, by the affirmative vote of two-thirds of the votes to which the holders of all classes of stock, voting as one class, are at the time entitled.

(13) Other voting rights.—If at any time while the Reconstruction Finance Corporation shall hold not less than twenty-five percent of the total number of shares of Preferred Stock at the time outstanding—

(a) The Corporation shall be in arrears in the payment of as many as two semi-annual dividend payments (whether or not consecutive and whether or not earned or declared) on the Preferred Stock (exclusive of any such dividend which may be payable at any time within three (3) months from the date of issuance of the Preferred Stock); or

(b) The amounts paid into the Preferred Stock retirement fund (referred to in section 8 of this Article Fourth) on and after February 1, 1937, shall not have amounted in the aggregate to five percent of the maximum par value of the Preferred Stock at any time outstanding (whether or not any such stock shall have been subsequently retired or the aggregate par value thereof reduced in any manner whatsoever) multiplied by the number of calendar years which shall have elapsed since January 1, 1936; or

(c) The fair value of the assets of the banking corporation as determined by an examination of the banking corporation by the Reconstruction Finance Corporation (which may be made by the Reconstruction Finance Corporation once in each calendar year if the Reconstruction Finance Corporation shall so elect), or as determined by the Superintendent of Banks, shall be less than an amount equal to all of its liabilities, including all capital stock outstanding; or

(d) The Corporation shall violate or fail to observe any of the terms, provisions, or conditions of its Articles of Incorporation—then after written notice from Reconstruction Finance Corporation of the existence of any of said conditions and so long as any of said conditions in (a), (b), (c), and (d) above shall continue:

(1) All directors, officers, and employees of the Corporation shall receive compensation at rates not exceeding such maximum limitations as may be fixed by the vote of the holders of a majority of the shares of Preferred Stock at the time outstanding.

(2) In case Reconstruction Finance Corporation, with the approval of the Superintendent of Banks, at any time shall notify the Corporation that any director, officer or employee of the Corporation is regarded by Reconstruction Finance Corporation as unsatisfactory, and in case such director, officer, or employee is not removed from office (and, if requested by Reconstruction Finance Corporation, replaced with a director, officer, or employee, satisfactory to it) within thirty days after receipt by the Corporation of such notice, then, and until then such removal and replacement shall have been effected, the holders of Preferred Stock at the time outstanding shall be entitled, as a class, to vote on all matters twice the number of the votes to which the holders of Common Stock, as a class, are at the time entitled, and each holder of Preferred Stock shall be entitled to a pro rata share of the votes to which his class is entitled.

(3) The Corporation shall not directly or indirectly purchase or otherwise acquire any real estate for its own use, or lease any real estate for its own use for a term longer than one year, without in each case the affirmative vote of the holders of a majority of the Preferred Stock at the time outstanding, or a written waiver of voting rights in respect thereto by the holders of such majority; provided, however, that this limitation shall not apply to real estate acquired under the provisions of subdivisions 2 and 3 of section 53 of Senate Bill 227, Laws of 1934.

(4) The Corporation shall not incur indebtedness maturing more than one year from the creation thereof, without the affirmative vote of the holders of a majority of the Preferred Stock at the time outstanding or a written waiver of voting rights with respect thereto by the holders of such majority, but the indebtedness herein referred to shall not be construed to include the issuance of circulating notes and the acceptance of time deposits, which may continue to be accepted by the Corporation, under such conditions as may be provided by law.

(14) Rights of Preferred Stock on liquidation.—In the event of any receivership, conservatorship, liquidation, dissolution, or winding up of the Corporation, whether voluntary or involuntary, before any payment or other distribution, whether in cash, property, or otherwise shall be made to the holders of Common Stock, the holders of Preferred Stock shall be entitled to receive, for each share of such stock held by them, an amount equal to the par value thereof, plus an amount equal to all unpaid dividends thereon, whether or not earned or declared, accrued to the date of payment, but shall not be entitled to any other or further payment; provided, however, that a merger or consolidation in accordance with law and these Articles of Incorporation, shall not be deemed a liquidation, dissolution, or winding up of the Corporation within the meaning of this section 14.

RESOLVED SEVENTH, That the Articles of Incorporation be amended by inserting a new article, to be designated as ARTICLE EIGHTH, reading as follows:

ARTICLE EIGHTH. (a) Officers.—The Board of Directors shall elect one of its members President of the Corporation. The Board may designate a director in lieu of the President to be Chairman of the Board, who shall perform such duties as may be designated by the Board. Charter Amendment of
THE MERCHANTS COMPANY

Pursuant to due authorization therefor given by the stockholders at a special meeting, lawfully acting on the 22nd day of October, 1937, whereat were present 5,298 shares out of 6,000 shares issued and outstanding, the President of the Company, was authorized and empowered to present to the State and have allowed an amendment to the Charter of The Merchants Company, originally created as Fain Grocery Company upon the 11th day of February, 1904, amended March 3, 1905, September 4, 1917, July 1, 1920, March 11, 1922, February 28, 1924, and August 16, 1927, which was unanimously adopted in the precise words herein set forth, voting therefor all shares, against no shares, said amendment being in these words:

"The capital structure and stock of this Company shall hereafter be:

"1. The total number of shares of the corporation's authorized capital is 10,000, of which 2,000 of the par value of One Hundred Dollars (\$100.00) each are Preferred stock, and of which 8,000 of the par value of One Hundred Dollars (\$100.00) each are Common Stock.

"2. The amount of Preferred stock now authorized shall not be increased, and no different or additional class of stock shall be created which shall be on a parity with or preferred thereover in respect of payment of dividends, payment in liquidation, dissolution, retirement or otherwise, if there shall be filed with the corporation by the holders of record of twenty-five per cent (25%) in par value of the Preferred stock authorized and then outstanding written objection thereto within twenty (20) days after mailing to the then Preferred stockholders of written notice of any such proposed action; otherwise, preferences and priorities may be created by a majority of both common and preferred stock, each voting as a class.

"3. The holders of Preferred stock shall, before any other dividend or distribution is made to any other class of stock, be entitled to receive when and as may be lawfully declared, dividends at the rate of five per cent (5%) per annum and no more, payable annually, semi-annually or quarterly, as the directors may elect. Such dividends shall be paid in full before any dividends shall be paid upon or set apart for any other stock, and such dividends shall be cumulative so that if default be made in the payment thereof, the deficiency shall be fully paid or set apart, but without interest, before any dividends shall be paid or declared upon any other class of stock. When there is no default in dividends upon the Preferred stock under its prior rights, dividends may be declared when lawful upon the Common stock of this Company. Preferred dividends shall begin to accrue upon the issuance and continue until fully liquidated in accordance herewith.

"4. In the event of any liquidation, dissolution or winding up, the holders of Preferred stock shall be entitled, before any of the assets shall be distributed among or paid to the holders of any other class of stock, to be paid in full the par amount of their shares, together with an amount equivalent to all dividends that should have been paid at the rate of five per cent (5%) per annum, without reference to whether there were amounts appropriable to dividends or not, and if such liquidation of the corporation be voluntary or said stock be retired, an additional amount equal to two per cent (2%) of such par amount.

"5. The Preferred stock may be redeemed in whole or in part on any dividend payment date at the option of the Board of Directors upon not less than sixty (60) days' prior notice to the holders of said Preferred stock, given in such manner as may be prescribed by the directors by payment in cash for each share of said Preferred stock to be retired of one hundred two per cent (102%) of the par amount thereof, and in addition thereto, an amount equivalent to all unpaid dividends that should have accrued irrespective of whether earned or not. If less than all of the outstanding shares are to be so thus retired, such retirement shall be made by lot or prorata, as may be determined by the directors. From and after the date fixed in any such notice as the date of retirement, unless default shall be made by the corporation in the payment of the retirement price, all dividends on Preferred stock thereby called shall cease to accrue, and all rights of the holders thereof as stockholders of the corporation except the right to receive the retirement price shall cease and determine. Said retirement price may be deposited in such bank as the directors may fix and upon deposit therein the Preferred stockholder must look thereto alone for the amount due and owing to him.

"6. Equal voting rights shall vest in all shares, except as provided in Section 2 hereof as to the creation of different and additional classes of stock, provided, however, that in case the corporation has defaulted in the payment of its Preferred dividends to the extent of 10 per cent, then and in every such case except as to the election of directors, the holders of the Preferred stock wherein the default is, until such default shall have been cured by the payment of dividends, shall have the exclusive right to vote at all meetings of the stockholders upon every question, except as to directors, and the holders of the Common stock have no right so to vote save as to the election of directors as prescribed by the Constitution of Mississippi. If all Preferred dividends shall have been paid upon such Preferred stock so in default, the right of the Common stock to vote shall be restored, subject, however, to being again divested and revived upon each subsequent failure of failures.

"7. No stockholder shall have any preemptive or preferential right to subscribe to any class of stock, whether now or hereafter authorized, or to any obligations convertible into the stock of this corporation, nor any right of subscription to any thereof other than such, if any, and at such price as the directors in their discretion from time to time may determine pursuant to authority hereby therefor conferred by this certificate of incorporation, and the directors may issue stock of this corporation or obligations convertible into stock without offering such issue of stock to the stockholders, and no holder of Preferred stock shall under any circumstances have any preemptive or preferential right to receive or subscribe for any shares unless given by the directors. Should the directors, as to any portion of the stock of the corporation, whether now or hereafter authorized, or any obligation convertible thereinto, offer the same to the stockholders or any class thereof, such offer shall not in any way constitute a waiver or release of the right of the Board of Directors subsequently to dispose of other portions of said stock without so offering the same to the stockholders. The acceptance of stock in the corporation shall be a waiver of any such preemptive or preferential right, which might otherwise be asserted by the stockholders or any of them.

"8. All unissued shares of stock may be issued from time to time by the Directors for lawful considerations of a value not less than par, or, when authorized by the condition of the Company, declared as dividends. "9. If it seems desirable to do so, the Board of Directors may from time to time issue scrip for fractional shares of stock. Such scrip shall not confer upon the holder any voting or other rights of a stockholder of the corporation, but the corporation shall from time to time, within such time as the Board of Directors may determine, issue one whole share of stock upon the surrender of scrip for fractional shares aggregating one whole share properly endorsed if in registered form."

In Witness Whereof, The Merchants Company, acting by and through its President, pursuant to due authority from the shareholders, appearing on the minutes in the form above quoted, has hereunto set its hand and seal, this the 22nd day of October, 1937.

Stockholder Clyde R. Elvis presented to said meeting for its consideration the following resolution, and moved its adoption:

WHEREAS, on December 21, 1928, Busey Brothers & Company (a corporation) was incorporated under the Laws of the State of Mississippi, the charter of said corporation having been recorded in the office of the Secretary of State of the State of Mississippi on December 21, 1928, in Book No. 28 at page 742 of the records in his office, and was filed in the office of the Clerk of the Chancery Court of Bolivar County at Cleveland, Mississippi, on January 17, 1929, and recorded in Charter Book No. 2 at page 48, et seq., of the records in the office of said Clerk at Cleveland; and

WHEREAS, Section 4 of said charter of incorporation authorized a capital stock of \$360,000.00 of the class "Common Stock"; and

WHEREAS, Section 5 of said charter authorized the issuance of thirty-six hundred shares of capital stock of the par value of \$100.00 each; and

WHEREAS, Section 8 of said charter provided that said corporation might begin business when 50% of the capital stock of said corporation so authorized should have been paid in as provided, and that all shares of said capital stock so paid in should be "Common Stock"; and

WHEREAS, upon the organization of said corporation, only 50% of the authorized capital stock was paid in, and said corporation proceeded to do business as authorized by said charter; and

WHEREAS, no further payments have been made to said corporation for capital stock and no other capital stock has been issued; and

WHEREAS, it has been ascertained that this corporation has suffered a loss by reason of the decreases of the fair, cash market value of its property and holdings, and has also suffered a loss through its operation, which said decreases in value and operating losses amount to \$50,000.00 over and above any surplus or profits; and

WHEREAS, it has been ascertained that the holders of unsecured debts of this corporation are willing to accept preferred stock of this corporation in liquidation of their said unsecured debts and accrued interest thereon.

NOW, THEREFORE, in order to care for the said loss in the value of the property and holdings of this corporation, and its loss on its operations, and in order to make payment of its unsecured debts, it has been determined to be to the best interest of this said corporation to amend Section 4 of the charter of said Busey Brothers & Company (a corporation) so as to reduce the authorized capital from \$360,000.00 to \$130,000.00, and instead of said capital stock being all common stock, to provide for two classes of stock, viz: "Common Stock" and "Preferred Stock"; that of the capital stock five hundred shares shall be denominated "Common Stock" with the par value of \$100.00 per share and eight hundred shares of the said capital stock shall be denominated "Preferred Stock" with the par value of \$100.00 per share, the said "Preferred Stock" bearing a 3% non cumulative annual dividend based on the annual net income from the operations of the properties of said corporation for each calendar year; net income for the purpose of this amendment is defined as the amount represented by the products of the then current year, whether sold or not, remaining after the payment of all operating expenses, rents, necessary repairs and replacements to buildings and equipment, insurance, taxes, and legal assessments, and any amount due, or in default, by this corporation during the calendar year for principal and/or interest on any indebtedness due on the properties belonging to and operated by this said corporation; with the provisions that the owner of record of the "Preferred Stock" shall have no voting privileges except that provided in Section 194 of the Constitution of the State of Mississippi of 1890, and on questions affecting the disposal of the real property of the corporation, and with the further provisions that the owners of record of said preferred stock shall have all preference over the owners of record of the said "Common Stock" as to the net assets of said corporation, when the said net assets shall be disposed of by sale or otherwise, or said corporation shall be dissolved; and

WHEREAS, Section 5 of said charter shall be amended by reducing the number of shares provided for in the original charter from eighteen hundred shares of par value of \$100.00 to thirteen hundred shares of par value of \$100.00; and

WHEREAS, Section 8 of the said original charter shall be amended so as to read: "That the number of shares of each class of stock to be subscribed for and paid for before the corporation shall begin business, shall be five hundred shares of "Common Stock" and eight hundred shares of "Preferred Stock"; and

WHEREAS, it is the purpose of the stockholders collectively of this said corporation to surrender to said corporation without consideration, five hundred shares of said outstanding common stock of this corporation for cancellation, and to surrender to this corporation eight hundred additional shares of said common stock of this corporation so that eight hundred shares of "Preferred Stock" of this corporation may be issued in lieu; said "Preferred Stock" to be used by this said corporation solely for the purpose of exchanging said "Preferred Stock" to the unsecured creditors of this corporation in payment, satisfaction and discharge of the debts due such unsecured creditors by this corporation; said unsecured creditors to waive the interest on said unsecured debts.

AMENDMENT TO THE CHARTER OF INCORPORATION
OF
EVANS-TERRY COMPANY, LAUREL, MISSISSIPPI.

Whereas, the stockholders of Evans-Terry Company in a special stockholders' meeting duly assembled and at which meeting it was duly determined that all of stock of the company outstanding was represented in person or by proxy, it was determined to be to the best interest of the company to have the charter of the company amended so as to provide for the issuance of a five per cent (5%) cumulative preferred stock, whereupon the following resolution was offered and on motion was unanimously adopted, the said resolution providing for an amendment to the charter being in words and figures as follows, to-wit:
"RESOLUTION

Be it resolved by the stockholders of Evans-Terry Company that Sections 4, 5 and 7 of the charter of incorporation bearing date of April 3, 1913, as amended on the 17th day of February, 1921, be amended so that the said sections when amended shall read as follows, to-wit:
The amount of capital stock is \$150,000.00, of which sum \$100,000.00 shall be common stock represented by one thousand (1000) shares of the par value of \$100.00 each, and \$50,000.00 shall be five per cent (5%) cumulative preferred stock represented by five thousand (5000) shares of the par value of \$10.00 per share. The holders of the preferred stock shall be entitled to receive when and as may be lawfully declared dividends at the rate of five per centum (5%) per annum and no more, payable yearly, or as the Directors may otherwise elect. Such dividends on the preferred stock must be paid in full before any dividend shall be paid upon or set apart for the common stock and shall be cumulative so that if any default shall be made in the payment of the said dividend, the deficiency shall be fully paid or set apart, but without interest, before any dividend shall be paid or declared upon the common stock. When there is no default upon the preferred stock, subject to its prior right, dividends may be declared when lawful by the Directors upon the common stock but paid from earnings or undivided net gains not passed to the surplus.

In the event of any liquidation, dissolution or winding up of the corporation, the holders of the preferred stock of the corporation shall be entitled, before any of the assets of the corporation shall be distributed among or paid over to the holders of the common stock, to be paid in full the par amount of their shares, together with an amount equivalent to all dividends that should have been paid at the said rate of five per centum (5%) per annum, without reference as to whether there were amounts appropriate to dividends or not. The holders of the common stock shall be entitled to the exclusion of the holders of the preferred stock to share ratably in all the assets of the corporation remaining after such payment to the holders of the preferred stock.

The preferred stock may be redeemed in whole or in part on any dividend payment date, at the option of the Board of Directors of the company, upon not less than sixty days prior notice to the holders of record of the preferred stock in such manner as may be prescribed by the Board of Directors, by payment in cash for each share of the preferred stock to be redeemed one hundred and two per centum (102%) of the par amount thereof, and in addition thereto an amount equivalent to all unpaid dividends that should have accrued irrespective of whether earned or not. If less than all the outstanding shares are to be redeemed, such redemption may be made by lot or pro rata as may be prescribed by a resolution of the Board of Directors. Exclusive voting rights shall vest in the common stockholders, except as provided in Section 194, Constitution of Mississippi of 1890, provided, however, that in case the corporation shall make default in the payment of the preferred dividend to the extent of five per centum (5%) per annum, then and in every such case the holders of the preferred stock, until such default shall have been cured by the payment of the dividend, shall have the right to vote in all meetings of the stockholders on every question, but if all such accrued dividends shall have been paid, thereupon all power of the holders of the preferred stock to vote shall cease, except as provided in Section 194, Constitution of Mississippi of 1890, subject to be again revived on subsequent failure or failures.

Section 5. The par value of the shares is \$100.00 per share for the common stock and \$10.00 for the preferred stock.

Section 7. The purpose for which the company is created is to engage in the wholesale grocery business and to buy and sell at wholesale or retail articles of commerce which may be lawfully sold and dealt in by merchants, brokers and jobbers; to acquire, own, improve and sell real estate; to own and operate trucks or other vehicles for the transportation of commodities; to do any lawful thing necessary or convenient for the operation of the said businesses, or any one of them, and without limitation of its powers but in aid thereof, it may buy and sell merchandise, buy and sell securities, raise capital for its corporate purposes, lend moneys and take securities therefor, issue notes and bills and secure the same, mortgage or otherwise hypothecate its assets; import and export articles of commerce; acquire patents and trade marks; purchase or otherwise acquire, hold, transfer and assign shares of the capital stock and bonds or other evidences of indebtedness of corporations and exercise all the privileges of ownership; to manufacture, sell and distribute paints, varnishes and all ingredients thereof and make and enter into all kinds of contracts, agreements and obligations by or with any other person or persons, corporation or corporations, for the purchase, acquiring, holding, manufacturing, selling or otherwise disposing of either as principal or as agent or for a commission or otherwise all articles of commerce, with full power to perform any acts connected therewith or arising therefrom, or incidental thereto. The corporation may be merged with any other corporation or consolidated with any other corporation when not in violation of law."

We, T. B. Terry and W. A. Travis, President and Secretary, respectively, of the Evans-Terry Company, a corporation, do hereby certify that the above and foregoing is a true and a correct copy of a resolution duly and unanimously adopted at a called special meeting of the stockholders of the said Evans-Terry Company, held in the office of the company at Laurel, Mississippi, on the 9th day of December, A.D., 1937, as the same appears in the stockholders' meeting of the said corporation. In the event that the net profits of the Corporation shall on any such February 1 or August 1 be insufficient to permit the payment into such preferred stock retirement fund of the full amount hereinabove provided for, the deficiency shall be fully paid before any net profits of the Corporation shall be thereafter applied to any of the purposes hereinafter specified in this section 6. (c) To the payment into the preferred stock retirement fund (referred to in section 8 of this Article 4) of a sum equal to forty per cent of the remainder, if any, of such net profits; provided, however, that the aggregate amount paid into the preferred stock retirement fund in any one year in accordance with the requirements of this paragraph (c) need not exceed \$2,000.00; provided, further, however, that unless otherwise elected, from time to time, by the Corporation by action of its Board of Directors, it shall not be required to make such payment into the preferred stock retirement fund required by this paragraph (c) except from such net profits as may have accrued from and after December 31, 1935. RENEWALS OF THE ARTICLES OF INCORPORATION
OF
BANK OF LULALula

(State)

WHEREAS, by the Articles of Incorporation of the Bank of Lula, Lula, Mississippi, the term of existence of the corporation was fixed at thirty years, which period expires on March 2, 1938, and it is desired to extend the existence of the corporation for fifty years from such date:

RESOLVED, that the Articles of Incorporation, as amended, be hereby amended and renewed so as to read as follows:

Article 1. The corporate title of said Company is "Bank of Lula".

Article 2. The names of the incorporators are: J. J. Dillard, Postoffice, Lula, Mississippi; W. P. Moore, Postoffice, Lula, Mississippi; H. M. Caldwell, Postoffice, Lula, Mississippi.

Article 3. The domicile is at Lula, Mississippi.

Article 4. (1) Amount, classes, and shares of capital stock.--The amount of capital stock of the Corporation shall be \$30,000.00 divided into classes and shares as follows:

(a) \$5,000.00 par value of preferred stock (subject to retirement as hereinafter provided) divided into 40 shares of the par value of \$125.00 each; and

(b) \$25,000.00 par value of common stock (subject to increase upon retirement of preferred stock as provided in the second paragraph of section 4 of this Article 4) divided into 250 shares of the par value of \$100.00 each.

(2) Assessability of stock.--The holders of preferred stock shall not be held individually responsible as such holders for any debts, contracts, or engagements of the Corporation, and shall not be liable for assessments to restore impairments in the capital of the Corporation.

(3) Dividends on Preferred Stock.--The holders of preferred stock, in preference to the holders of common stock, shall be entitled to receive, when and as declared by the Board of Directors, out of net profits of the Corporation (determined as provided in section 5 of this Article 4) accruing after January 29, 1935 (hereinafter referred to as the "Recapitalization Date"), cash dividends thereon to and including January 31, 1935 at the rate of four per cent per annum of the par value thereof, and no more, and thereafter to and including January 31, 1940, at the rate of three and one-half per cent per annum of the par value thereof, and no more, and thereafter at the rate of four per cent per annum of the par value thereof, and no more, such dividends shall be payable semi-annually on each February 1 and August 1, and shall accrue, as to any given share of such stock from the date of issuance of such share. Such dividends shall be cumulative, so that if dividends at the full rates required by this section 3 to be paid on the preferred stock shall not have been paid upon or declared and set apart for such preferred stock, the deficiency shall be fully paid or declared and set apart before any dividend or other distribution, whether in cash, property, stock, or otherwise, shall be declared, ordered, set apart, paid, or made in respect of the common stock. Dividends on the preferred stock shall be deemed to accrue from day to day.

(4) Dividends on Common Stock.--Dividends or other distributions whether in cash, property, stock or otherwise, shall, so long as any shares of preferred stock are outstanding, be declared, ordered, set apart, paid, or made in respect of the common stock only out of the net profits of the Corporation (determined as provided in section 5 of this article 4) accruing after the Recapitalization Date.

If any retirement of preferred stock would decrease the outstanding capital of the Corporation below the minimum amount required by law, the Board of Directors, prior to or simultaneously with such retirement, shall transfer an amount equal to the aggregate par value of the preferred stock so retired from reserves set up for the retirement of preferred stock to a special reserve fund for the payment of common stock dividends, and shall declare on the common stock, out of such special reserve fund, a dividend payable in common stock in an amount equal to the aggregate par value of the preferred stock so retired, and the shares of common stock required for the payment of any such stock dividend shall be issuable without any further vote on the part of the holders of stock of any class or any further approval on the part of the State Comptroller.

(5) Determination of net profits.--For the purpose of this Article 4, the net profits or net loss (as distinguished from usage of terms "net profits" and "net loss" in reports required by the State Comptroller) of the Corporation shall be determined for each six months' period ending on December 31 or June 30 by deducting from the gross earnings from all sources for such period;

(a) All expenses for such period;

(b) All interest accrued during such period;

(c) All losses determined during such period, and such charge-offs and write-downs of assets and transfers to reserves (whether from income, undivided profits or surplus) for such period (including all charge-offs, write-downs and transfers to reserves requested by the State Comptroller for such period) as may be reasonable necessary to make proper provision for doubtful assets, depreciation, and undetermined losses, but to the extent only that such losses, determined or undetermined, charge-offs, and write-downs of assets exceed reserves previously set up therefor in such period or any prior period, or available unallocated reserves;

(d) Provisions for all taxes for such period, including taxes measured by income and taxes based on the ownership of stock in the Corporation paid or payable by the Corporation for the account of its shareholders, without prejudice to such right as the Corporation may have to recover the same;

(e) Such transfers for such period to surplus as may be required by law; provided, however, that transfers to earned surplus as required by section 7-(b) of Senate Bill No. 227, Laws of 1934, shall not be deducted from gross earnings in determining net profits available for the dividend and retirement requirements of the preferred stock; and

(f) The net loss, if any, determined in accordance with the provisions of this section 5, accrued since the Recapitalization Date, accumulated to and existing at the beginning of such period; provided, however, that no deductions from gross earnings for the six months' period ending June 30, 1935, need be made by reason of any charge-offs or write-downs of assets or transfers to reserves required by the State Comptroller and approved in writing by Reconstruction Finance Corporation made on account of loss incurred prior to or depreciation in assets existing at the Recapitalization Date.

All recoveries over net book value on assets previously charged off or written down or against which reserves have been set up, and all transfers from reserves to surplus or undivided profits (other than transfers made to reflect recoveries already treated as gross earnings), shall be considered gross earnings for the respective periods during which such recoveries or transfers are effected.

(6) Application of Net Profits.--As long as any shares of preferred stock are outstanding, the Corporation, on each February 1 and August 1 (except that, as provided in paragraph (b) hereof, no payments shall be required pursuant to the provisions of such paragraph prior to August 1, 1936), shall apply the net profits of the Corporation for the six months' period ending on the next preceding December 31 or June 30, as the case may be, to the following purposes and in the following order of priority:

(a) To the payment of dividends on the outstanding preferred stock accrued to such February 1 or August 1, as the case may be.

(b) To the payment into the preferred stock retirement fund (referred to in section 8 of this article 4) on August 1, 1936, of a sum equal to three-quarters of one per cent of the aggregate par

value of the preferred stock at the time outstanding, and on each February 1 and August 1 thereafter, to and including February 1, 1940, of a sum equal to one-quarter of one per cent of the aggregate par value of the preferred stock at the time outstanding, and on each February 1 and August 1 thereafter of a sum equal to one-half of one per cent of the aggregate par value of the preferred stock at the time outstanding. In the event that the net profits of the Corporation shall on any such February 1 or August 1 be insufficient to permit the payment into such preferred stock requirement fund of the full amount hereinabove provided for, the deficiency shall be fully paid before any net profits of the Corporation shall be thereafter applied to any of the purposes hereinafter specified in this section 6.

(c) To the payment into the preferred stock retirement fund (referred to in section 8 of this Article 4.), of a sum equal to forty per cent of the remainder, if any, of such net profits; Provided, however, That the aggregate amount paid into the preferred stock retirement fund in any one year in accordance with the requirements of this paragraph (c) need not exceed five per cent of the maximum aggregate par value of the preferred stock at any time outstanding, whether or not any such stock shall have been subsequently retired or the aggregate par value thereof reduced in any manner whatsoever: Provided, further, however, That unless otherwise elected, from time to time, by the Corporation by action of its Board of Directors, it shall not be required to make such payment into the preferred stock retirement fund required by this paragraph (c) except from such net profits as may have accrued from and after December 31, 1935.

Subject to compliance with the provisions of section 7-(b) of Senate Bill No. 227, Laws of 1934, any balance of net profits for any such period may be applied from time to time to such lawful purposes as may be determined by the Board of Directors, subject, however, to the provisions of section 7 of this Article 4.

(7) Limitations or Retirement of Stock.-- Except with the approval of the State Comptroller no preferred stock shall be called or purchased for retirement by the Corporation unless the then unimpaired capital, surplus and undivided profits of the Corporation, and the retirement funds provided for herein (after giving effect to the proceeds of the issuance of any stock issued to provide funds for such retirement) exceed \$42,000.00 by an amount at least equal to the sum necessary to effect such retirement. No shares of preferred stock shall be called or purchased for retirement unless all accrued dividends (whether or not earned or declared) to the dividend payment date next preceding the date of such retirement shall have been paid on all shares of preferred stock at the time outstanding.

(8) Retirement of Preferred Stock by Purchase.-- Subject to the provisions of section 7 of this Article 4, whenever the balance in the preferred stock retirement fund shall amount to as much as \$1,000.00, the Corporation shall (unless the Board of Directors shall elect to use the entire amount of such balance in the preferred stock retirement fund for the retirement of preferred stock by call as provided in section 9 hereof) within ten days thereafter mail, first-class postage prepaid, to all holders of record of preferred stock at their respective addresses as shown on the books of the Corporation, a notice specifying the balance in such fund and stating that the same is available for the purchase for retirement of preferred stock at the lowest prices (not in excess of the par value thereof and accrued dividends thereon, whether or not earned or declared, to the date of purchase) offered within twenty days after the date of such notice. At the expiration of such twenty days, the Corporation shall apply such balance to the purchase for retirement of preferred stock, if obtainable, in accordance with the terms of such notice. Within ten days after such expiration, subject to the provisions of section 7 of this article 4, the Corporation shall call for retirement, in the manner provided in section 9 hereof, the largest number of shares of preferred stock which can be retired from the balance in such retirement fund remaining after deducting the amount paid or to be paid for the purchase for retirement of preferred stock as aforesaid, and shall set aside from such retirement fund the sum necessary to effect such retirement, but the minimum capital shall in no event be reduced below the minimum amount of capital required by law. Subject to the provisions of section 7 of this Article 4, at any time and from time to time the Corporation may make such lawful transfers from its surplus and/or undivided profits to the preferred stock retirement fund as the Board of Directors may determine. All shares of preferred stock purchased for retirement by the Corporation, whether from the retirement fund or otherwise, shall be cancelled forthwith and shall not be reissued.

(9) Retirement of Preferred Stock by Call.-- Subject to the provisions of section 7 of this article 4, the Corporation may at any time, at its election as expressed by resolution of the Board of Directors, retire the outstanding Preferred Stock as a whole, or from time to time in part, pro rata, or by lot in such equitable manner to carry out the purpose of this section 9 as the Board of Directors of the Corporation in its discretion shall from time to time determine, (and provided always that the capital shall in no event be reduced below the minimum amount of capital required by law) by paying for each share to be retired a retirement price equal to the par value thereof plus all accrued dividends thereon, whether or not earned or declared, accrued to the date of such retirement.

At least thirty days prior written notice of every such retirement, stating the retirement date and the retirement price, and the place of payment thereof, shall be mailed, first-class postage prepaid, to the holder of record of each share to be retired, at the address of such holder as shown on the books of the Corporation. Such notice having been so mailed, each holder of shares so called for retirement shall be entitled to receive payment of the retirement price of such shares (without interest) upon surrender to the Corporation, on or after the retirement date, at the place designated in such notice, of the certificate or certificates therefor in transferable form and, if required, properly stamped for transfer. In case less than all of the shares represented by any such certificate are retired, a new certificate shall be issued representing the unretired shares. From and after the retirement date (unless the Corporation shall default in payment of the retirement price), all dividends on shares called for retirement shall cease to accrue, such shares shall be deemed to be no longer outstanding, and all rights of the holders thereof as shareholders of the Corporation, except the right to receive the retirement price, shall terminate. All shares so retired shall be canceled forthwith and shall not be reissued.

(10) Increase or Decrease of Capital Stock: Amendments of Articles of Incorporation, etc.-- By the affirmative vote of the holders, voting by classes, of at least two-thirds of the shares of each class or stock at the time outstanding, and not otherwise, and subject to such approval by the State Comptroller and such other conditions as at the time may be required by law--

(a) The capital stock of the Corporation may be increased at any time and from time to time through issuing additional shares of preferred stock and/or common stock, and/or through the creation of one or more additional classes of stock; provided, however, that no vote of the holders of preferred stock shall be required with respect to any issue of additional shares of common stock if the entire proceeds of such issue are to be used for the retirement of shares of preferred stock; and provided further, that not vote of the holders of stock of any class shall be required with respect to any issue of additional shares of common stock as a stock dividend, pursuant to the second paragraph of section 4 of this Article 4, in connection with the retirement of shares of preferred stock;

(b) The capital stock of the Corporation may be decreased at any time and from time to time to any amount at the time required by law; provided, however, that no vote of the holders of stock of any class shall be required with respect to the retirement of preferred stock;

(c) The names of the Corporation and/or the place where its operations of discount and deposit are to be carried on may be changed, but this clause shall not be construed to abridge the powers

of the Board of Directors under applicable law with reference to the establishment or change of location or closing of branches;

(d) These Articles of Incorporation may be amended at any time and from time to time in any other respect, but not so as to change the respective voting rights of the preferred stock and common stock so long as any of the preferred stock remains outstanding;

(e) The Corporation may be consolidated or merged into or with any other bank, or may acquire all or substantially all of the assets and business of any banking corporation or trust company;

(f) All or substantially all of the assets and business of the Corporation may be sold or otherwise disposed of;

(g) The Corporation may go into voluntary liquidation; and

(h) Any plan of reorganization of the Corporation may be carried into effect--Provided, however, that if and as long as the voting rights of the preferred stock are increased in accordance with the provisions of section 12 or 13 of this Article 4, or the fair value of the assets of the Corporation as determined by the State Comptroller shall be less than an amount equal to all of its liabilities, including all capital stock outstanding, any of the actions specified in the foregoing paragraphs (a) to (h) inclusive, or this section 10 may be taken by the affirmative vote of two-thirds of the votes to which the holders of all classes of stock, voting as one class, are at the time entitled, and not otherwise, except that the Corporation may not be put into voluntary liquidation without the approval of the State Comptroller.

(11) Preemptive rights.--In case of any increase in the capital stock of the Corporation of any class other than by way of a stock dividend, the new shares shall be offered for subscription to the holders of record of all shares of stock of that class at the time outstanding, in proportion to the number or shares of such stock of that class held by them respectively by mailing, first-class postage prepaid, to such holders, at their respective addresses as shown on the books of the Corporation, transferable subscription warrants exercisable at any time on or before thirty days from the date of such mailing. If at the expiration of such subscription rights, any of the new shares have not been subscribed for, such shares shall be offered for subscription to the holders of record of all other shares of stock of all other classes at the time outstanding, in proportion to the number of such shares held by them respectively, and notice shall be given as above provided. If at the expiration of both of such subscription rights any of the new shares have not been subscribed for, such unsubscribed new shares may be issued and sold at such price, not less than the par value thereof, to such persons and on such terms as the Board of Directors may determine.

(12) Voting Rights.--(a) Except as otherwise provided in sections 10 and 13 of this article 4, and in this section 12, each holder of stock of any class shall be entitled to vote on all matters one vote for each share of stock of any class held by him.

(b) In all elections of directors, each holder of stock of any class shall have the right to vote the votes allocable to the number of shares owned by him for as many persons as there are directors to be elected, or to cumulate such votes and give one candidate as many votes as the number of directors multiplied by the number of votes allocable to his shares shall equal, or to distribute such votes on the same principle among as many candidates as he shall think fit.

(c) In case as many as two semi-annual dividend payments (whether or not consecutive and whether or not earned or declared) on the preferred stock shall be in arrears (exclusive of any such dividend which may be payable at any time within three (3) months from the date of issuance of the preferred stock), then, and until all arrears of dividends upon the preferred stock shall have paid and the full dividend on the outstanding preferred stock for the then current semi-annual dividend period shall have been declared and funds set apart for the payment thereof, the holders of preferred stock at the time outstanding shall be entitled, as a class, to vote on all matters twice the number of the votes to which the holders of common stock, as a class, are at the time entitled, and each holder of preferred stock shall be entitled to a pro rata share of the votes to which his class is entitled.

(a) At any time while the votes of the preferred stock are increased as provided in paragraph (c) of this section 12 or in subparagraph (2) of section 13 of this Article 4, any one or more of the directors, officers, or employees of the Corporation may be removed at any annual or special meeting of shareholders, for or without cause, and their successors elected, by the affirmative vote of two-thirds of the votes to which the holders of all classes of stock, voting as one class, are at the time entitled.

(13) Other Voting Rights.-- If at any time while the Reconstruction Finance Corporation shall hold not less than twenty-five per cent of the total number of shares of preferred stock at the time outstanding--

(a) The Corporation shall be in arrears in the payment of as many as two semi-annual dividend payments (whether or not consecutive and whether or not earned or declared) on the preferred stock (exclusive of any such dividend which may be payable at any time within three (3) months from the date of issuance of the preferred stock); or

(b) The amounts paid into the preferred stock retirement fund (referred to in section 8 of this article 4,) in accordance with the requirements of paragraph (c) of section 6 of this article 4 on and after February 1, 1937, shall not have amounted in the aggregate to five per cent of the maximum par value of the preferred stock at any time outstanding (whether or not any such stock shall have been subsequently retired or the aggregate par value thereof reduced in any manner whatsoever) multiplied by the number of calendar years which have elapsed since January 1, 1936; or

(c) The fair value of the assets of the banking corporation as determined by an examination of the banking corporation by the Reconstruction Finance Corporation (which may be made by the Reconstruction Finance Corporation once in each calendar year if the Reconstruction Finance Corporation shall so elect), or as determined by the State Comptroller, shall be less than an amount equal to all of its liabilities, including all capital stock outstanding; or

(d) The Corporation shall violate or fail to observe any of the terms, provisions, or conditions of its Articles of Incorporation--

Then after written notice from Reconstruction Finance Corporation of the existence of any of said conditions and so long as any of said conditions in (a), (b), (c) and (d) above shall continue:

(1) All directors, officers, and employees of the Corporation shall receive compensation at rates not exceeding such maximum limitations as may be fixed by the vote of the holders of a majority of the shares of preferred stock at the time outstanding.

(2) In case Reconstruction Finance Corporation, with the approval of the State Comptroller, at any time shall notify the Corporation that any director, officer or employee of the Corporation is regarded by Reconstruction Finance Corporation as unsatisfactory, and in case such director, officer, or employee is not removed from office (and, if requested by Reconstruction Finance Corporation, replaced with a director, officer, or employee satisfactory to it) within thirty days after receipt by the Corporation of such notice, then, and until such removal and replacement shall have been effected, the holders of preferred stock at the time outstanding shall be entitled, as a class, to vote on all matters twice the number of the votes to which the holders of common stock, as a class, are at the time entitled, and each holder of preferred stock shall be entitled to a pro rata of the votes to which his class is entitled.

(3) The Corporation shall not directly or indirectly purchase or otherwise acquire any real estate for its own use, or lease any real estate for its own use for a term longer than one year, without in each case the affirmative vote of the holders of a majority of the preferred stock at the time outstanding, or a written waiver of voting rights in respect thereto by the holders of such majority; provided, however, that this limitation shall not apply to real estate acquired under the provisions of sub-divisions 2 and 3 of Section 53 of Senate Bill 227, Laws of 1934.

RECORD OF CHARTERS 37--38 STATE OF MISSISSIPPI

(4) The Corporation shall not incur indebtedness maturing more than one year from the creation thereof, without the affirmative vote of the holders of a majority of the preferred stock at the time outstanding or a written waiver of voting rights with respect thereto by the holders of such majority, but the indebtedness herein referred to shall not be construed to include the issuance of circulating notes and the acceptance of time deposits, which may continue to be accepted by the Corporation under such conditions as may be provided by law.

(14) Rights of preferred stock on liquidation.--In the event of any receivership, conservatorship, liquidation, dissolution, or winding up of the Corporation, whether voluntary or involuntary, before any payment or other distribution, whether in cash, property, or otherwise shall be made to the holders of common stock, the holders of preferred stock shall be entitled to receive for each share of such stock held by them, an amount equal to the par value thereof, plus an amount equal to all unpaid dividends thereon, whether or not earned or declared, accrued to the date of payment, but shall not be entitled to any other or further payment; provided, however, that a merger or consolidation in accordance with law and these Articles of Incorporation, shall not be deemed a liquidation, dissolution, or winding up of the Corporation within the meaning of this section 14.

Article 5. WE, THE UNDERSIGNED, all of whom are engaged in the production or agricultural products, do hereby voluntarily associate ourselves together for the purpose of forming and incorporating a cooperative association with capital stock under the provisions of Article 1 of Chapter 99 of the Mississippi Code of 1930, known as the "Agricultural Association Law", and any amendments thereto, with all the benefits, rights, powers, privileges, and immunities given or allowed by said statute, or other laws of the State of Mississippi, in relation to corporations so formed, or amendments thereto; and for that purpose hereby adopt the following Articles of Association and Incorporation:

ARTICLE I. The name of the association shall be Wayne County Cooperative Gin Association (A.A.L.)

ARTICLE II. The domicile of the association shall be at Waynesboro, Wayne County, Mississippi.

ARTICLE III. The period of existence of the association shall be fifty years from date hereof.

ARTICLE IV. The association shall be organized and operated under Article 1 of Chapter 99 of the Mississippi Code of 1930, and amendments thereto.

ARTICLE V. The purpose of the association shall be, primarily, to engage in the business of ginning and wrapping cotton, and buying, selling storing, shipping, and otherwise handling cotton-seed and cotton-seed products for its members; however, it may engage in any other business granted, authorized, or allowed to associations organized under Article 1 of Chapter 99 of the Mississippi Code of 1930, or amendments thereto. The association may also engage in any part of all of its activities with non-members, provided the business transacted with such non-members is not greater in value than that transacted with its members.

ARTICLE VI. The association shall have all the powers granted, authorized, or allowed to associations organized under Article 1 of Chapter 99 of the Mississippi Code of 1930, or other laws of the State of Mississippi, or amendments thereto, granting corporate powers to cooperative associations.

ARTICLE VII. Section 1. The authorized capital stock of the association shall be \$25,000.00, of which the sum of \$7,000.00 shall be common stock, divided into 700 shares of a par value of \$10.00 each, and \$18,000.00 shall be preferred stock, divided into 1200 shares of a par value of \$15.00 each.

Section 2. The common stock of the association shall only be issued or transferred to, or held by producers of agricultural products who make use of the services and facilities of the association; and no person, firm, or corporation shall own or hold at any one time more than one share of such common stock. The preferred stock shall be held only by producers qualified to hold common stock, and by agricultural associations, organizations, federations, or corporations organized under Article 1 of Chapter 99 of the Mississippi Code of 1930, or whose purposes and operations are in harmony with the purposes of that act. No person, firm or corporation shall own or hold at any one time more than 5% of the preferred stock outstanding.

Section 3. All transfers of stock shall be made on the books of the association on surrender of the certificate covering the same by the holder thereof, or by attorney properly authorized, but only with the consent and approval of the board of directors, and when the stockholder is free from indebtedness to the association. No purported transfer of stock shall pass any right or privilege on account of such stock, or any vote or voice in the control of management of the association unless the recipient thereof is eligible, as herein defined, to hold such stock, and such transfer is approved by the board of directors.

Section 4. Each share of stock shall entitle the holder thereof to one vote, provided, however, that holders of preferred stock shall have only such voting rights as are granted under Section 194 of the Mississippi Constitution of 1890.

Section 5. The common stock of the association shall not bear dividends. The preferred stock shall bear non-cumulative dividends not exceeding 6% per annum, if earned and when declared by the board of directors; and such dividends shall have preference over any and all other dividends or distributions declared in any year. In the discretion of the board of directors, all dividends or distributions, or any part thereof, may be paid in certificates of preferred stock and/or credits on preferred stock, or ad interim certificates representing fractional parts thereof, subject to conversion into full shares.

Section 6. The common stock of any member who shall die or whose membership is terminated by the board of directors shall be retired by the association at its par or book value, whichever is less; and the association may pay therefor in cash or by certificate of indebtedness payable within one year from date thereof. The preferred stock, or any part thereof, may be redeemed or retired from time to time, provided said stock is retired in the same order as originally issued. All such preferred stock so retired shall be paid for in cash at the par value thereof, plus any dividend declared thereon and unpaid. No stock shall bear dividends or be eligible for voting after it has been called for retirement.

Section 7. In the event of dissolution or liquidation of the association, no holder of stock shall receive any distribution of the assets on such stock in excess of the par value thereof, plus any dividend declared thereon and unpaid. Upon such distribution, the holders of preferred stock shall be entitled to receive the par value of their stock, plus any dividend declared thereon and unpaid, before any distribution is made on the common stock.

Each of the parties hereto hereby subscribe for one share of common stock of the association and agrees to pay therefor at the par value of \$10.00, in cash, at the first meeting to be held after the issuance of the association's charter by the Secretary of State.

Each fully paid up share of stock shall entitle the holder thereof to one vote in transacting business at meetings of the stockholders; provided, however, that holders of preferred stock shall have only such voting rights on account of such stock as are required by Section 194 of the Mississippi Constitution of 1890.

Section 5. Dividends. The common stock of the association shall not bear dividends. The preferred stock shall bear non-cumulative dividends not exceeding 6% per annum, if earned and when declared by the board of directors; and such dividends shall have preference over any and all other dividends or distributions declared in any year. In the discretion of the board of directors, all dividends on preferred stock, or any part thereof, may be paid in additional certificates or preferred stock and/or credits on preferred stock.

Section 6. Retirement. The common stock of any member who shall die or whose membership is terminated by the board of directors shall be retired by the association at its par or book value, whichever is less; and the association may pay therefor in cash or by certificate of indebtedness payable within one year from date thereof. The preferred stock, or any part thereof, may be redeemed or retired upon call of the board of directors from time to time, provided said stock is called and retired in the same order as originally issued. All such preferred stock so retired shall be paid for in cash at the par value thereof, plus any dividend declared thereon and unpaid. No preferred stock called for retirement shall bear dividends, or carry any voting rights, after the date fixed in the call for its retirement; and no holder of common stock, whose membership has been terminated by the board of directors, shall be entitled to any vote, on account of such common stock, in the transacting business at meetings of stockholders after his membership has been terminated.

Section 7. Distribution upon liquidation. In the event of dissolution or liquidation of the association, no holder of stock shall be entitled to receive any distribution of the assets on such stock in excess of the par value thereof, plus any dividend declared thereon and unpaid. Upon such distribution, the holders of preferred stock shall be entitled to receive the par value of their preferred stock, plus any dividend declared thereon and unpaid, before any distribution is made on the common stock.

Each of the parties hereto hereby subscribe for one share of common stock of the association and agrees to pay therefor at the par value of \$50.00, in cash, at the first meeting to be held after the issuance of the association's charter by the Secretary of State.

Section 4. The shareholders shall be members of the Association. But there may also be members who are not shareholders, and whose membership shall be evidenced by certificates of membership to be issued on the terms and conditions prescribed by the by-laws of the Association. Such members shall have no vote in the management of the Association but shall be entitled to all other benefits of the association equal with members who are shareholders, except they shall have no right to stock dividends.

Section 5. The membership in the Association shall be personal to the member, and shall not be transferable in any manner, whether by operation of law or otherwise, and shall be cancelled in the discretion of the board of directors should the member fail to do business with the Association during one entire season, or fail to cooperate as required by the by-laws.

Section 6. The Association may make charges to its members and make deductions for services rendered to them from the gross proceeds of operation for the purpose of paying the expenses of operation, maintenance, and development of the Association, and for the creation and maintenance of a reasonable reserve, for the purpose of paying expenses, retiring obligations, acquiring, maintaining and operating property, and for contingences and for other purposes incident to carrying out the purposes of the agricultural Association Law; and such reserves may be used or distributed as patronage dividends within the discretion of the board of directors under the by-laws of the Association.

Section 7. The property rights and interest of each member shall be unequal and shall be determined upon distribution of patronage dividends on dissolution of the Association in proportion to the deliveries of agricultural products in the several seasons during which its assets are acquired or accumulated, but not member shall have any right or interest in any property acquired on reserves created prior to his admission as such member.

Section 8. In any distribution of patronage dividends to its members, priority with respect to time shall be recognized and distribution made in the same order on which such patronage dividends were created and set-aside. At the discretion of the Board of Directors such patronage dividends and distributions to non-stockholders may be paid as a credit toward the purchase of stock in the Association.

Section 9. Upon the dissolution of the Association, any assets remaining after the payment of debts and the retiring of outstanding stock at par value shall be divided among the members on the basis heretofore provided, whether stockholder or not.

RESOLVED SECOND, that the Articles of Incorporation, as amended, be further amended by designating the paragraphs numbered 1 to 8 inclusive thereof, as Articles 1 to 8, respectively.

RESOLVED THIRD, that the Articles of Incorporation be amended by striking out Article (Paragraph) 5 and Section 3 of Article (Paragraph) 7, and inserting as "Article 5" the following:

Article 5. The Board of Directors shall consist of such number of shareholders, not less than five nor more than twenty-five, as from time to time shall be determined by a majority of the votes to which all shareholders are at the time entitled. A majority of the Board of Directors shall be necessary to constitute a quorum for the transaction of business.

RESOLVED FOURTH, that the Articles of Incorporation be further amended by striking out Articles (Paragraph) 4 and inserting in the place thereof the following:

Article 4. (1) Amount, classes, and shares of capital stock.-- The amount of capital stock of the Corporation shall be \$65,000.00 divided into classes and shares as follows: (a) \$35,000.00 par value of preferred stock (subject to retirement as hereinafter provided) divided into 280 shares of the par value of \$125.00 each; and

(b) \$30,000.00 par value of common stock (subject to increase upon retirement of preferred stock as provided in the second paragraph of Section 4 of this Article 4) divided into 300 shares of the par value of \$100.00 each.

(2) Assessibility of stock.-- The holders of preferred stock shall not be held individually responsible as such holders for any debts, contracts, or engagements of the Corporation, and shall not be liable for assessments to restore impairments in the capital of the Corporation.

(3) Dividends on Preferred Stock.-- The holders of preferred stock, in preference to the holders of common stock, shall be entitled to receive, when and as declared by the Board of Directors, out of net profits of the Corporation (determined as provided in section 5 of this Article 4) accruing after December 27, 1934 (hereinafter referred to as the "Recapitalization Date"), cash dividends thereon to and including January 31, 1935 at the rate of four per cent per annum of the par value thereof, and no more, and thereafter to and including January 31, 1940, at the rate of three and one-half per cent per annum of the par value thereof, and no more, and thereafter at the rate of four per cent per annum of the par value thereof, and no more. Such dividends shall be payable semi-annually on each February 1 and August 1, and shall accrue, as to any given share of such stock from the date of issuance of such share. Such dividends shall be cumulative, so that if dividends at the full rates required by this section 3 to be paid on the preferred stock shall not have been paid upon or declared and set apart for such preferred stock, the deficiency shall be fully paid or declared and set apart before any dividend or other distribution, whether in cash, property, stock, or otherwise, shall be declared, ordered, set apart, paid, or made in respect of the common stock. Dividends on the preferred stock shall be deemed to accrue from day to day.

(4) Dividends on Common Stock.-- Dividends or other distributions whether in cash, property, stock or otherwise, shall, so long as any shares of preferred stock are outstanding, be declared, ordered, set apart, paid, or made in respect of the common stock only out of the net profits of the Corporation (determined as provided in section 5 of this article 4) accruing after the Recapitalization Date.

If any retirement of preferred stock would decrease the outstanding capital of the Corporation below the minimum amount required by law, the Board of Directors, prior to or simultaneously with such retirement, shall transfer an amount equal to the aggregate par value of the preferred stock so retired from reserves set up for the retirement of preferred stock to a special reserve fund for the payment of common stock dividends, and shall declare on the common stock, out of such special reserve fund, a dividend payable in common stock in an amount equal to the aggregate par value of the preferred stock so retired, and the shares of common stock required for the payment of any such stock dividend shall be issuable without any further vote on the part of the holders or stock of any class or any further approval on the part of the State Comptroller.

(5) Determination of net Profits.-- For the purpose of this Article 4, the net profits or net loss (as distinguished from usage of terms "net profits" and "net loss" in reports required by the State Comptroller) of the Corporation shall be determined for each six months' period ending on December 31 or June 30 by deducting from the gross earnings from all sources for such period;

(a) All expenses for such period;

(b) All interest accrued during such period;

(c) All losses determined during such period, and such charge-offs and write-downs of assets and transfers to reserves (whether from income, divided profits or surplus) for such period (including all charge-offs, write-downs and transfers to reserves requested by the State Comptroller for such period) as may be reasonably necessary to make proper provision for doubtful assets, depreciation, and undetermined losses, but to the extent only that such losses, determined or undetermined, charge-offs, and write-downs of assets exceed reserves previously set up therefor in such period or any prior period, or available unallocated reserves;

(d) Provision for all taxes for such period, including taxes measured by income for all taxes

based on the ownership of stock in the Corporation paid or payable by the Corporation for the account of its shareholders, without prejudice to such right as the Corporation may have to recover the same;

(e) Such transfers for such period to surplus as may be required by law; provided, however, that transfers to earned surplus as required by section 7-(b) of Senate Bill No. 227, Laws of 1934, shall not be deducted from gross earnings in determining net profits available for the dividend and retirement requirements of the preferred stock; and

1. The per share par value of the preferred stock will be fixed by Reconstruction Finance Corporation.

2. Insert date on which Articles of Incorporation amended by shareholders.

(f) The net loss, if any, determined in accordance with the provisions of this section 5, accrued since the Recapitalization Date, accumulated to and existing at the beginning of such period; provided, however, that no deduction from gross earnings for the six months' period ending December 31, 1934, need be made by reason of any charge-offs or write-downs of assets or transfers to reserves required by the State Comptroller and approved in writing by Reconstruction Finance Corporation made on account of loss incurred prior to or depreciation in assets existing at the Recapitalization Date.

All recoveries over net book value on assets previously charged off of written down or against which reserves have been set up, and all transfers from reserves to surplus or undivided profits (other than transfers made to reflect recoveries already treated as gross earnings), shall be considered gross earnings for the respective periods during which such recoveries or transfers are effected.

(6) Application of Net Profits.---As long as any shares of preferred stock are outstanding, the Corporation, on each February 1 and August 1 (except that, as provided in paragraph (b) hereof, no payments shall be required pursuant to the provisions of such paragraph prior to August 1, 1936), shall apply the net profits of the Corporation for the six months' period ending on the next preceding December 31 or June 30, as the case may be, to the following purposes and in the following order of priority:

(a) To the payment of dividends on the outstanding preferred stock accrued to such February 1 or August 1, as the case may be.

(b) To the payment into the preferred stock retirement fund (referred to in section 8 of this article 4) on August 1, 1936, of a sum equal to three-quarters of one per cent of the aggregate par value of the preferred stock at the time outstanding, and on each February 1 and August 1 thereafter, to and including February 1, 1940, of a sum equal to one-quarter of one per cent of the aggregate par value of the preferred stock at the time outstanding, and on each February 1 and August 1 thereafter of a sum equal to one-half of one per cent of the aggregate par value of the preferred stock at the time outstanding. In the event that the net profits of the Corporation shall on any such February 1 or August 1 be insufficient to permit the payment into such preferred stock retirement fund of the full amount hereinabove provided for, the deficiency shall be fully paid before any net profits of the Corporation shall be thereafter applied to any of the purposes hereinafter specified in this section 6.

(c) To the payment into the preferred stock retirement fund (referred to in section 8 of this Article 4), of a sum equal to forty per cent of the remainder, if any, of such net profits: Provided, however, that the aggregate amount paid into the preferred stock retirement fund in any one year in accordance with the requirements of this paragraph (c) need not exceed five per cent of the maximum aggregate par value of the preferred stock at any time outstanding, whether or not any such stock shall have been subsequently retired or the aggregate par value thereof reduced in any manner whatsoever; Provided, further, however, that unless otherwise elected, from time to time, by the Corporation by action of its Board of Directors, it shall not be required to make such payment into the preferred stock retirement fund required by this paragraph (c) except from such net profits as may have accrued from and after December 31, 1935.

Subject to compliance with the provisions of section 7-(b) of Senate Bill No. 227, Laws of 1934, any balance of net profits for any such period may be applied from time to time to such lawful purposes as may be determined by the Board of Directors, subject, however, to the provisions of section 7 of this Article 4.

(7) Limitations on retirement of Stock.---Except with the approval of the State Comptroller no preferred stock shall be called or purchased for retirement by the Corporation unless the then unimpaired capital, surplus and undivided profits of the Corporation, and the retirement funds provided for herein (after giving effect to the proceeds of any stock issued to provide funds for such retirement) exceed \$75,000.00 (4) by an amount at least equal to the sum necessary to effect such retirement. No shares of preferred stock shall be called or purchased for retirement unless all accrued dividends (whether or not earned or declared) to the dividend payment date next preceding the date of such retirement shall have been paid on all shares of preferred stock at the time outstanding.

(8) Retirement of Preferred Stock by Purchase.---Subject to the provisions of section 7 of this Article 4, whenever the balance in the preferred stock retirement fund shall amount to as much as \$1,000.00, (5) the Corporation shall (unless the Board of Directors shall elect to use the entire amount of such balance in the preferred stock retirement fund for the retirement of preferred stock by call as provided in section 9 hereof) within ten days thereafter mail, first-class postage prepaid, to all holders of record of preferred stock at their respective addresses as shown on the books of the Corporation, a notice specifying the balance in such fund and stating that the same is available for the purchase for retirement of preferred stock at the lowest prices (not in excess of the par value thereof and accrued dividends thereon, whether or not earned or declared, to the date of purchase) offered within twenty days after the date of such notice. At the expiration of such twenty days, the Corporation shall apply such balance to the purchase for retirement of preferred stock, if obtainable, in accordance with the terms of such notice. Within ten days after such expiration, subject to the provisions of section 7 of this article 4, the Corporation shall call for retirement, in the manner provided in section 9 hereof, the largest number of shares of preferred stock which can be retired from the balance in such retirement fund remaining after deducting the amount paid or to be paid for the purchase for retirement of preferred stock as aforesaid, and shall set aside from such retirement fund the sum necessary to effect such retirement, but the minimum capital shall in no event be reduced below the minimum amount of capital required by law. Subject to the provisions of section 7 of this Article 4, at any time and from time to time the Corporation may make such lawful transfers from its surplus and/or undivided profits to the preferred stock retirement fund as the Board of Directors may determine. All shares of preferred stock purchased for retirement by the Corporation, whether from the retirement fund or otherwise, shall be cancelled forthwith and shall not be reissued.

(9) Retirement of Preferred Stock by Call.---Subject to the provisions of section 7 of this article 4, the Corporation may at any time, at its election as expressed by resolution of the Board of Directors, retire the outstanding Preferred Stock as a whole, or from time to time in part, pro rata, or by lot in such equitable manner to carry out the purpose of this section 9 as the Board of Directors of the Corporation in its discretion shall from time to time determine, (and provided always that the capital shall in no event be reduced below the minimum amount of capital required by law) by paying for each share to be retired a retirement price equal to the par value thereof plus all accrued dividends thereon, whether or not earned or declared, accrued to the date of such retirement.

At least thirty days prior written notice of every such retirement, stating the retirement date and the retirement price, and the place of payment thereof, shall be mailed, first-class postage prepaid, to the holder of record of each share to be retired, at the address of such holder as shown

RECORD OF CHARTERS 37 -- 38 STATE OF MISSISSIPPI

TUCKER PRINTING HOUSE JACKSON MISS

on the books of the Corporation. Such notice having been so mailed, each holder of shares so called for retirement shall be entitled to receive payment of the retirement price of such shares (without interest) upon surrender to the Corporation, on or after the retirement date, at the place designated in such notice, of the certificate or certificates therefor in transferable form and, if required, properly stamped for transfer. In case less than all of the shares represented by any certificate are retired, a new certificate shall be issued representing the unretired shares. From and after the retirement date (unless the Corporation shall default in payment of the retirement price), all dividends on shares called for retirement shall cease to accrue, such shares shall be deemed to be no longer outstanding, and all rights of the holders thereof as shareholders of the Corporation, except the right to receive the retirement price, shall terminate. All shares so retired shall be canceled forthwith and shall not be reissued.

(10) Increase or Decrease of Capital Stock: Amendments of Articles of Incorporation, Etc.-- By the affirmative vote of the holders, voting by classes, of at least two-thirds of the shares of each class of stock at the time outstanding, and not otherwise, and subject to such approval by the State Comptroller and such other conditions as at the time may be required by law--

3 Insert June 30 or December 31 next succeeding the Recapitalization Date.

4 This figure, representing approximately the unimpaired capital structure of the Corporation after giving effect to the issue of the preferred stock, will be fixed by Reconstruction Finance Corporation prior to the purchase of the preferred stock.

5 This figure will be fixed by Reconstruction Finance Corporation.

(a) The capital stock of the Corporation may be increased at any time and from time to time through issuing additional shares of preferred stock and/or common stock, and/or through the creation of one or more additional classes of stock; however, that no vote of the holders of preferred stock shall be required with respect to any issue of additional shares of common stock if the entire proceeds of such issue are to be used for the retirement of shares of preferred stock; and provided further, that no vote of the holders of stock of any class shall be required with respect to any issue of additional shares of common stock as a stock dividend, pursuant to the second paragraph of section 4 of this Article 4 in connection with the retirement of shares of preferred stock;

(b) The capital stock of the Corporation may be decreased at any time and from time to time to any amount not below the amount at the time required by law; provided, however, that no vote of the holders of stock of any class shall be required with respect to the retirement of preferred stock;

(c) The name of the Corporation and/or the place where its operations of discount and deposit are to be carried on may be changed, but this clause shall not be construed to abridge the powers of the Board of Directors under applicable law with reference to the establishment or change of location or closing of branches;

(d) These Articles of Incorporation may be amended at any time and from time to time in any other respect, but not so as to change the respective voting rights of the preferred stock and common stock so long as any of the preferred stock remains outstanding;

(e) The Corporation may be consolidated or merged into or with any other bank, or may acquire all or substantially all of the assets and business of any banking corporation or trust company;

(f) All or substantially all of the assets and business of the Corporation may be sold or otherwise disposed of;

(g) The Corporation may go into voluntary liquidation; and

(h) Any plan or reorganization of the Corporation may be carried into effect-- Provided, however, that if and as long as the voting rights of the preferred stock are increased in accordance with the provisions of section 12 or 13 of this Article 4 or the fair value of the assets of the Corporation as determined by the State Comptroller shall be less than an amount equal to all of its liabilities, including all capital stock outstanding, any of the actions specified in the foregoing paragraphs (a) to (h) inclusive, of this section 10 may be taken by the affirmative vote of two-thirds of the votes to which the holders of all classes of stock, voting as one class, are at the time entitled, and not otherwise, except that the Corporation may not be put into voluntary liquidation without the approval of the State Comptroller.

(11) Preemptive rights.-- In case of any increase in the capital stock of the Corporation of any class than by way of a stock dividend, the new shares shall be offered for subscription to the holders of record of all shares of stock of that class at the time outstanding, in proportion to the number of shares of such stock of that class held by them respectively by mailing, first-class postage prepaid, to such holders, at their respective addresses as shown on the books of the Corporation, transferable subscription warrants exercisable at any time on or before thirty days from the date of such mailing. If at the expiration of both of such subscription rights any of the new shares have not been subscribed for, such unsubscribed new shares may be issued and sold at such price, not less than the par value thereof, to such persons and on such terms as the Board of Directors may determine.

(12) Voting rights.-- (a) Except as otherwise provided in sections 10 and 13 of this article 4 and in this section 12, each holder of stock of any class shall be entitled to vote on all matters one vote for each share of stock of any class held by him.

(b) In all elections of directors, each holder of stock of any class shall have the right to the votes allocable to the number of shares owned by him for as many persons as there are directors to be elected, or to cumulate such votes and give one candidate as many votes as the number of directors multiplied by the number of votes allocable to his shares shall equal, or to distribute such votes on the same principle among as many candidates as he shall think fit.

(c) In case as many as two semi-annual dividend payment (whether or not consecutive and whether or not earned or declared) on the preferred stock shall be in arrears (exclusive of any such dividend which may be payable at any time within three (3) months from the date of issuance of the preferred stock), then, and until all arrears of dividends upon the preferred stock shall have been paid and the full dividend on the outstanding preferred stock for the then current semi-annual dividend period shall have been declared and funds set apart for the payment thereof, the holders of preferred stock at the time outstanding shall be entitled, as a class, to vote on all matters twice the number of the votes to which the holders of common stock, as a class, are at the time entitled, and each holder of preferred stock shall be entitled to a pro rata share of the votes to which his class is entitled.

(d) At any time while the votes of the preferred stock are increased as provided in paragraph (c) of this section 12 in subparagraph (2) of section 13 of this article 4, any one or more of the directors, officers, or employees of the Corporation may be removed at any annual or special meeting of shareholders, for or without cause, and their successors elected, by the affirmative vote of two-thirds of the votes to which the holders of all classes of stock, voting as one class, are at the time entitled.

(d) The Corporation shall violate or fail to observe any of the terms, provisions, or conditions of its Articles of Incorporation-

Then after written notice from Reconstruction Finance Corporation of the existence of any of said conditions and so long as any of said conditions in (a), (b), (c) and (d) above shall continue:

(1) All directors, officers, and employees of the Corporation shall receive compensation at rates not exceeding such maximum limitations as may be fixed by the vote of the holders of a majority of the shares of preferred stock at the time outstanding.

(2) In case Reconstruction Finance Corporation, with the approval of the State Comptroller, at any time shall notify the Corporation that any director, officer or employee of the Corporation is regarded by Reconstruction Finance Corporation as unsatisfactory, and in case such director, officer, or employee is not removed from office (and, if requested by Reconstruction Finance Corporation, replaced with a director, officer, or employee satisfactory to it) within thirty days after receipt by the Corporation of such notice, then, and until such removal and replacement shall have been effected, the holders of preferred stock at the time outstanding shall be entitled, as a class, to vote on all matters twice the number of the votes to which the holders of common stock, as a class, are at the time entitled, and each holder of preferred stock shall be entitled to a pro rata share of the votes to which his class is entitled.

(3) The Corporation shall not directly or indirectly purchase or otherwise acquire any real estate for its own use, or lease any real estate for its own use for a term longer than one year, without in each case the affirmative vote of the holders of a majority of the preferred stock at the time outstanding, or a written waiver of voting rights in respect thereto by the holders of such majority; provided, however, that this limitation shall not apply to real estate acquired under the provisions of sub-divisions 2 and 3 of Section 53 of Senate Bill 227, Laws of 1934.

(4) The Corporation shall not incur indebtedness maturing more than one year from the creation thereof, without the affirmative vote of the holders of a majority of the preferred stock at the time outstanding or a written waiver of voting rights with respect thereto by the holders of such majority, but the indebtedness herein referred to shall not be construed to include the issuance of circulating notes and the acceptance of time deposits, which may continue to be accepted by the Corporation under such conditions as may be provided by law.

(14) Rights of preferred stock on liquidation.- In the event of any receivership, conservatorship, liquidation, dissolution, or winding up of the Corporation, whether voluntary or involuntary, before any payment or other distribution, whether in cash, property, or otherwise shall be made to the holders of common stock, the holders of preferred stock shall be entitled to receive, for each share of such stock held by them, an amount equal to the par value thereof, plus an amount equal to all unpaid dividends thereon, whether or not earned or declared, accrued to the date of payment, but shall not be entitled to any other or further payment; provided, however, that a merger or consolidation in accordance with law and these Articles of Incorporation, shall not be deemed a liquidation, dissolution, or winding up of the Corporation within the meaning of this section 14.

RESOLVED FIFTH, That the Articles of Incorporation be amended by inserting a new article, to be designated as Article 9, reading as follows:

Article 9. (a) Officers.- The Board of Directors shall elect one of its members President of the Corporation. (b) Powers of Board of Directors.- The Board of Directors shall have the power to define the duties of the officers and clerks of the Corporation, to require bonds from them, and to fix the penalty thereof; to regulate the manner in which election of directors shall be held and to appoint judges of the election; to make all by-laws that it may be proper for them to make, not inconsistent with law and these Articles of Incorporation, for the general regulation of the business of the Corporation and the management of its affairs, and generally to do and perform all acts that it may be legal for a board of directors to do and perform according to law and within the limits of these Articles of Incorporation.

RESOLVED SIXTH, That the Articles of Incorporation be amended by inserting a new article, to be designated as Article 10, reading as follows:

Article 10. Special meetings of shareholders.- Except as otherwise specifically provided by statute, special meetings of the shareholders may be called for any purpose at any time by the Board of Directors or by the holders of at least ten per cent of the then outstanding shares of any class. Every such special meeting shall be called by mailing, not less than ten days before the time fixed for the meeting, to all shareholders of record entitled to act and vote at such meeting, at their respective addresses as shown on the books of the Corporation, a notice stating the purpose of the meeting. Such notice may be waived in writing.

RESOLVED SEVENTH, That each shareholder of record may subscribe within five days from and after the date of this meeting to such issue of preferred stock in proportion to the number of shares of common stock of the Corporation standing on the books of the Corporation in his name; and

RESOLVED EIGHTH, That the Board of Directors through its proper officers, at the expiration of the said five days, shall sell the unsubscribed portion of such preferred stock at such price (not less than the par value thereof) to Reconstruction Finance Corporation and/or to such other person or persons as the Board of Directors may deem advisable.

OF
HEIDELBERG FARMERS GIN (A. A. L.)

WE, THE UNDERSIGNED, all of whom are engaged in the production of agricultural products, do hereby voluntarily associate ourselves together for the purpose of forming and incorporating a cooperative association with capital stock under the provisions of Article 1 of Chapter 99 of the Mississippi Code of 1930, known as the "Agricultural Association Law," any and all amendments thereto, with all the benefits, rights, powers, privileges, and immunities given or allowed by said statute, or other laws of the State of Mississippi, in relation to corporations so formed, or amendments thereto; and for that purpose hereby adopt the following Articles of Association and Incorporation:

ARTICLE I. The name of the association shall be HEIDELBERG FARMERS GIN (AAL).

ARTICLE II. The domicile of the association shall be HEIDELBERG, Jasper County, Mississippi.

ARTICLE III. The period of existence of the association shall be fifty years from date thereof.

ARTICLE IV. The association shall be organized and operated under Article 1 of Chapter 99 of the Mississippi Code of 1930, and amendments thereto, with Seven Directors who term of office shall be 1 Year.

ARTICLE V. The purpose of the association shall be, primarily, to engage in the business of ginning and wrapping cotton, and buying, selling, storing, shipping, and otherwise handling cotton-seed and cotton-seed products for its members; however, it may engage in any other business granted, authorized, or allowed to association organized under Article I of Chapter 99 of the Mississippi Code of 1930, or amendments thereto. The association may also engage in any part or all of its activities with non-members, provided the business transacted with such non-members is not greater in value than that transacted with its members.

ARTICLE VI. The association shall have all the powers granted, authorized, or allowed to associations organized under Article I of Chapter 99 of the Mississippi Code of 1930 or other laws of the State of Mississippi, or amendments thereto, granting corporate powers to cooperative associations.

ARTICLE VII. Section 1. The authorized capital stock of the association shall be \$30,000.00 of which the sum of \$6000.00 shall be common stock, divided into 600 shares of a par value of \$10.00 each, and \$24,000.00 shall be preferred stock, divided in 960 shares of a par value of \$25.00 each.

Section 2. The common stock of the association shall only be issued or transferred to, or held by producers of agricultural products who make use of the services and facilities of the association; and no person, firm, or corporation shall own or hold at any one time more than one share of such common stock. The preferred stock shall be held only by producers qualified to hold common stock, and by agricultural association, organizations, federations, or corporations organized under Article 1 of Chapter 99 of the Mississippi Code of 1930, or whose purposes and operations are in harmony with the purposes of that act. No person, firm or corporation shall own or hold at any one time more than 20% of the preferred stock outstanding.

Section 3. All transfers of stock shall be made on the books of the association on surrender of the certificate covering the same by the holder thereof, or by attorney properly authorized, but only with the consent and approval of the board of directors, and when the stockholder is free from indebtedness to the association. No purported transfer of stock shall pass any right or privilege on account of such stock, or any vote of voice in the control or management of the association unless the recipient thereof is eligible, as herein defined, to hold such stock, and such transfer is approved by the board of directors.

Section 4. Each share of stock shall entitle the holder thereof to one vote, provided, however, that holders of preferred stock shall have only such voting rights as are granted under Section 194 of the Mississippi Constitution of 1890.

Section 5. The common stock of the association shall not bear dividends. The preferred stock shall bear non-cumulative dividends not exceeding 6% per annum, if earned and when declared by the board of directors; and such dividends shall have preference over any and all other dividends or distributions declared in any year. In the discretion of the board of directors, all dividends or distributions, or any part thereof, may be paid in certificates of preferred stock and/or credits on preferred stock, or ad interim certificates representing fractional part hereof, subject to conversion into full shares.

Section 6. The common stock of any member who shall die or whose membership is terminated by the board of directors shall be retired by the association at its par or book value, whichever is less; and the association may pay therefor in cash or by certificate of indebtedness payable within one year from date thereof. The preferred stock, or any part thereof, may be redeemed or retired from time to time, provided said stock is retired in the same order as originally issued. All such preferred stock so retired shall be paid for in cash at the par value thereof, plus any dividend declared thereon and unpaid. No stock shall bear dividends or be eligible for voting after it has been called for retirement.

Section 7. In the event of dissolution or liquidation of the association, no holder of stock shall receive any distribution of the assets on such stock in excess of the par value thereof, plus any dividend declared thereon and unpaid. Upon such distribution, the holders of preferred stock shall be entitled to receive the par value of their stock, plus any dividend declared thereon and unpaid, before any distribution is made on the common stock.

Each of the parties hereto hereby subscribe for one share of common stock of the association and agrees to pay therefor at the par value of \$10.00, in cash, at the first meeting to be held after the issuance of the association's charter by the Secretary of State.

OF
THE PLANTERS COOPERATIVE GIN COMPANY (A. A. L.)

WE, THE UNDERSIGNED, all of whom are engaged in the production of agricultural products, do hereby voluntarily associate ourselves together for the purpose of forming and incorporating a cooperative association with capital stock under the provisions of Article 1 of Chapter 99 of the Mississippi Code of 1930, known as the "Agricultural Association Law", and any amendments thereto, with all the benefits, rights, powers, privileges, and immunities given or allowed by said statute, or other laws of the State of Mississippi, in relation to corporations so formed, or amendments thereto; and for that purpose hereby adopt the following articles of Association and Incorporation:

ARTICLE I. The name of the association shall be THE PLANTERS COOPERATIVE GIN COMPANY (A.A.L.).

ARTICLE II. The domicile of the association shall be at Leland, Washington County, Mississippi.

ARTICLE III. The period of existence of the association shall be fifty years from date hereof.

ARTICLE IV. The association shall be organized and operated under Article 1 of Chapter 99 of the Mississippi Code of 1930, and amendments thereto.

ARTICLE V. The purpose of the association shall be, primarily, to engage in the business of ginning and wrapping cotton, and buying, selling storing, shipping, and other handling cotton-seed and cotton-seed products for its members; however, it may engage in any other business granted, authorized, or allowed to associations organized under Article 1 Chapter 99 of the Mississippi Code of 1930, or amendments thereto. The association may also engage in any part or all of its activities with non-members, provided the business transacted with such non-members is not greater in value than that transacted with its members.

ARTICLE VI. The association shall have all the powers granted, authorized, or allowed to associations organized under Article 1 of Chapter 99 of the Mississippi Code of 1930, or other laws of the State of Mississippi, or amendments thereto, granting corporate powers to cooperative associations.

ARTICLE VII. Section 1. The authorized capital stock of the association shall be \$25000.00, of which the sum of \$2000.00 shall be common stock, divided into 100 shares of a par value of \$20.00 each, and \$23000.00 shall be preferred stock, divided into 1150 shares of a par value of \$20.00 each.

Section 2. The common stock of the association shall only be issued or transferred to, or held by producers of agricultural products who make use of the services and facilities of the association; and no person, firm, or corporation shall own or hold at any one time more than one share of such common stock. The preferred stock shall be held only by producers qualified to hold common stock, and by agricultural associations, organizations, federations, or corporations organized under Article 1 of Chapter 99 of the Mississippi Code of 1930, or whose purposes and operations are in harmony with the purposes of that act. No person, firm or corporation shall own or hold at any one time more than 15% of the preferred stock outstanding.

Section 3. All transfers of stock shall be made on the books of the association on surrender of the certificate covering the same by the holder thereof, or by attorney properly authorized, but only with the consent and approval of the board of directors, and when the stockholder is free from indebtedness to the association. No purported transfer of stock shall pass any right or privilege on account of such stock, or any vote or voice in the control or management of the association unless the recipient thereof is eligible, as herein defined, to hold such stock, and such transfer is approved by the board of directors.

Section 4. Each share of stock shall entitle the holder thereof to one vote, provided, however, that holders of preferred stock shall have only such voting rights as are granted under Section 194 of the Mississippi Constitution of 1890.

Section 5. The common stock of the association shall not bear dividends. The preferred stock shall bear non-cumulative dividends not exceeding 8% per annum, if earned and when declared by the board of directors; and such dividends shall have preference over any and all other dividends or distributions declared in any year. In the discretion of the board of directors, all dividends or distributions, or any part thereof, may be paid in certificates of preferred stock and/or credits on preferred stock, or as interim certificates representing fractional parts thereof, subject to conversion into full shares.

Section 6. The common stock of any member who shall die or whose membership is terminated by the board of directors shall be retired by the association at its par or book value, whichever is less; and the association may pay therefor in cash or by certificate of indebtedness payable within one year from date thereof. The preferred stock, or any part thereof, may be redeemed or retired from time to time, provided said stock is retired in the same order as originally issued. All such preferred stock so retired shall be paid for in cash at the par value thereof, plus any dividend declared thereon and unpaid. No stock shall bear dividends or be eligible for voting after it has been called for retirement.

Section 7. In the event of dissolution or liquidation of the association, no holder of stock shall receive any distribution of the assets on such stock in excess of the par value thereof, plus any dividend declared thereon and unpaid. Upon such distribution, the holders of preferred stock shall be entitled to receive the par value of their stock, plus any dividend declared thereon and unpaid, before any distribution is made on the common stock.

Section 8. The first organization meeting of the stockholders may be called on written or oral notice to each of the incorporators, without the necessity of publication of any requirement by statute as to time.

Each of the parties hereto hereby subscribe for one share of common stock of the association and agrees to pay therefor at the par value of \$20.00, in cash, at the first meeting to be held after the issuance of the association's charter by the Secretary of State.

HICKORY COOPERATIVE GIN ASSOCIATION, (A.A.L.)

WE, THE UNDERSIGNED, all of whom are engaged in the production of agricultural products, do

hereby voluntarily associate ourselves together for the purpose of forming and incorporating a co-operative association with capital stock under the provisions of Article I of Chapter 99 of the Mississippi Code of 1930, known as the "Agricultural Association Law," and any amendments thereto, with all the benefits, rights, powers, privileges, and immunities given or allowed by said statute, or other laws of the State of Mississippi, in relation to corporations so formed, or amendments thereto; and for that purpose hereby adopt the following Articles of Association and Incorporation:

ARTICLE I. The name of the association shall be Hickory Cooperative Gin Association, (A.A.L.).

ARTICLE II. The domicile of the association shall be at Hickory, Newton County, Mississippi.

ARTICLE III. The period of existence of the association shall be fifty years from date hereof.

ARTICLE IV. The association shall be organized and operated under Article 1 of Chapter 99 of the Mississippi Code of 1930, and amendments thereto.

ARTICLE V. The purpose of the association shall be, primarily, to engage in the business of ginning and wrapping cotton, and buying, selling, storing, shipping, and otherwise handling cotton-seed products for its members; however, it may engage in any other business granted, authorized, or allowed to associations organized under Article I of Chapter 99 of the Mississippi Code of 1930, or amendments thereto. The association may also engage in any part or all of its activities with non-members, provided the business transacted with such non-members is not greater in value than that transacted with its members.

ARTICLE VI. The association shall have all the powers granted, authorized, or allowed to associations organized under Article 1 of Chapter 99 of the Mississippi Code of 1930, or other laws of the State of Mississippi, or amendments thereto, granting corporate powers to cooperative associations.

ARTICLE VII. Section 1. The authorized capital stock of the association shall be \$30,000.00, of which the sum of \$5000.00 shall be common stock, divided into 500 shares of a par value of \$10.00 each, and \$25,000.00 shall be preferred stock, divided in 1000 shares of a par value of \$25.00 each.

Section 2. The common stock of the association shall only be issued or transferred to, or held by producers of agricultural products who make use of the services and facilities of the association; and no person, firm, or corporation shall own or hold at any one time more than one share of such common stock. The preferred stock shall be held only by producers qualified to hold common stock, and by agricultural associations, organizations, federations, or corporations organized under Article 1 of Chapter 99 of the Mississippi Code of 1930, or whose purposes and operations are in harmony with the purposes of that act. No person, firm or corporation shall own or hold at any one time more than 20% of the stock outstanding.

Section 3. All transfers of stock shall be made on the books of the association on surrender of the certificate covering the same by the holder thereof, or by attorney properly authorized, but only with the consent and approval of the board of directors, and when the stockholder is free from indebtedness to the association. No purported transfer of stock shall pass any right or privilege on account of such stock, or any vote or voice in the control or management of the association unless the recipient thereof is eligible, as herein defined, to hold such stock and such transfer is approved by the board of directors.

Section 4. Each share of stock shall entitle the holder thereof to one vote, provided, however, that holders of preferred stock shall have only such voting rights as are granted under Section 194 of the Mississippi Constitution of 1890.

Section 5. The common stock of the association shall not bear dividends. The preferred stock shall bear non-cumulative dividends not exceeding 6% per annum, if earned and when declared by the board of directors; and such dividends shall have preference over any and all other dividends or distributions declared in any year. Section 6. The common stock of any member who shall die or whose membership is terminated by the board of directors shall be retired by the association at its par or book value, whichever is less; and the association may pay therefor in cash or by certificate of indebtedness payable within one year from date thereof. The preferred stock, or any part thereof, may be redeemed or retired from time to time, provided said stock so retired shall be paid for in cash at the par value thereof, plus any dividend declared thereon and unpaid. No stock shall bear dividends or be eligible for voting after it has been called for retirement.

Section 7. The Preferred Stock aforesaid may be issued when and as the Board of Directors shall determine, and shall entitle the holders thereof to receive out of net earnings, and the corporation shall be bound to pay, a cumulative dividend at the rate of six per centum (6%) per annum, payable before any dividend shall be set apart or paid on the Common Stock; provided, however, that whenever all accrued dividends have been paid on the Preferred Stock, the Directors shall have power, in their discretion, to declare and pay out of the net income or profits of the Company a dividend for a like period on the Common Stock. The holders of Preferred Stock shall, in case of liquidation or dissolution of the Corporation, before any amount shall be paid to the holders of the Common Stock, be entitled to be paid the par value of their shares and the dividends accumulated and unpaid thereon, but shall not participate in any further distribution of assets of the Company. The shares of Common Stock without par value may be issued by the corporation for such consideration as may be fixed by the Board of Directors thereof, but at not less than One Dollar per share.
