12. (Associate Member) Margaret W. Johnson - University of Mississippi -
University, Mississippi
13. (Guest) William Tribby - Methodist Hospital - Memphis, Tennessee
14. (Absent) Earl White - Medical Arts Building - Greenville, Mississippi

The annual meeting was preceded by a dinner at 6:30 p. m. and the formal meeting opened at 7:45 p. m.

Dr. Mezey announced that the slide Seminar would be held in the histopathology laboratory at the Veterans Administration Hospital at Gulfport at 9:00 a. m. the following morning. He also announced that he would like to have all of the members as his guests the following noon for lunch at the Friendship House.

Dr. Hare then read the minutes of last year's meeting as well as the executive committee meeting. Both were approved as read.

Under Reports of Officers, the President suggested that arrangements for next year's meeting be begun earlier than this year.

The Secretary-Treasurer gave the financial report which is as follows:

Amount Taken In	Amount Disbursed	Present Balance
\$125.00	\$14.15	\$110.85

Dr. Ricks reports that there is a committee on Hospitals and Laboratories of the State Medical Association and no pathologist is on this committee. He suggests that we contact the new officers of the State Medical Association in order to encourage them to have at least one pathologist on said committee.

The Secretary-Treasurer then reported that he had contacted the previous year the College of American Pathologists and notified them of our organization's existence and its functions. Dr. Bratley had similarly notified the American Society of Clinical Pathologists. The Secretary-Treasurer also announced that a form letter had been sent to the Secretary of each Local Medical Society in the State of Mississippi similarly announcing our organization's aims and offering to help with any of their problems in pathology.

A tentative Charter of Incorporation was then read by Dr. Hare. It is as follows:

1. The corporate title of this organization shall be The Mississippi Association of Pathologists.

2. The incorporators shall be:

- (a) Dr. William V. Hare
Chairman, Pathology Department
University of Mississippi
University, Mississippi
- (b) Dr. Forrest Bratley
Director of Pathology Department
Mississippi Baptist Hospital
Jackson, Mississippi
- (c) Dr. R. H. Fenstermacher
Director of Pathology
Mercy Hospital
Vicksburg, Mississippi

3. The domicile of the corporation in this state shall be University, Lafayette County, Mississippi

4. No stock shall be issued by this corporation.

5. The period of existence of this organization shall be perpetual, subject at all times to alteration, amendment, or repeal.

6. This corporation is created to study, initiate, promote, and advance the practice of medicine through the specialty of pathology from the scientific, ethical, social and economic standpoint. The rights and powers that may be exercised by this corporation are those conferred by the provisions of Title 21, Chapter 4 of the Mississippi Code, 1942, annotated, as amended.

7. The only remedy for non-payment of dues shall be expulsion.

8. Each member shall have the right to one vote in the election of all officers and the loss of membership, by death or otherwise, shall terminate all interest of such member in the corporate assets.

9. There shall be no individual liability against any member of the corporation for corporate debts, but the entire corporate property shall be liable for the claims of creditors of the corporation.

It was noted that a Resident Agent must be named in the incorporation. Dr. Mezey nominated Dr. Hare; Dr. Conti seconded the nomination and with no other nominations Dr. Hare was elected. It was moved by Dr. Fenstermacher that we adopt this Charter of Organization as read. This motion was seconded by Dr. Naumann. The motion carried unanimously.

Dr. Fenstermacher reported on his studies of various Medical Practices Acts. He pointed out that Mississippi does not include the word "diagnosis" in her definition of the practice of medicine. Dr. Fenstermacher did not feel that we have a complete solution to this problem yet but that we should continue working on it. Dr. Ricks suggested that it might be easier to get an amendment

through the legislature with reference to the Medical Practices Act rather than an entirely new bill. There was considerable discussion of various aspects of this problem until Dr. Fenstermacher moved that action be deferred on it.

Dr. Morrison seconded the motion and this motion was carried.

Dr. Bratley then brought up the question of the possibility of increasing the number of technicians trained in this state. He said that he was training about four to five a year while Dr. Fenstermacher was training from eight to ten, but that they were apparently the only two in the state who were training technicians at the present time. They have both been approached by Dr. David Wilson with regard to the problem of increasing their enrollments and possibly getting some financial aid from the Kellogg Foundation. At this point, Dr. David Wilson joined the meeting as a guest to discuss this problem in which he as a member of the Commission on Hospital Care has a vital interest. Dr. Wilson brought out that it is not necessary for the individuals training technicians to have passed their board examinations. He then discussed several facets of the problem dealing with increasing the numbers of technicians produced in the state. Drs. Conti and Mezey asked why it was that Veterans Hospitals could not train technicians and stressed their great difficulty in hiring tissue technicians due to Civil Service red tape. Dr. Wilson pointed out that some Veterans Hospitals did have approved technician training schools. Dr. Fenstermacher says that he has far more applicants than he can handle at his school, and points out the increasing demands of doctors for registered (American Society of Clinical Pathologists) technicians. It was then moved by Dr. Hare and seconded by Dr. Moore that we approve in principle Dr. Wilson's ideas consisting of (1) expanding the presently existing schools for technicians and (2) opening up of new technician schools. This motion was carried.

Dr. Hare then read eight (8) laws tentatively set up to cover autopsies in the State of Mississippi. These were discussed and it was decided that

it would be better in our laws to eliminate any mention of damages. Dr. Ricks moved that (1) we endorse the passage of an autopsy law and (2) that the responsibility for further formulating these tentative laws be referred to the executive committee. This motion was seconded by Dr. Mezey and carried. It was suggested that the Attorney General's Office of the State might assist us with the actual wording of the laws.

There was some discussion of the present (1950) Mississippi Autopsy Law and it was suggested that the Secretary-Treasurer send copies of this to each member of our organization.

Dr. Mitchell then brought up the question of tissue service to indigent patients in Mississippi. The representatives of the American Cancer Society, Mississippi Division, have suggested the possibility of paying for them on a cost basis. The systems of other states were discussed, particularly with regard to the number of forms necessary to be filled in and the small numbers of actual tissues sent in under a system. Dr. Mitchell then moved and Dr. Moore seconded that we go on record as saying that we will accept any tissues from indigent patients free of charge from individual medical doctors. This motion was carried.

Dr. William Tribby then gave us a report regarding the meeting of the Tennessee Pathology Association. He said that they had been requested to meet at a different time from the State Medical Association since the State Medical Group felt that the pathology meeting drew members from the general sessions. Dr. Tribby has previously attended the Alabama meeting and discussed with them the possibility of Alabama, Mississippi, and Tennessee having a combined annual scientific session. February has been suggested as a possible meeting date. He also brought up the question of the possibility of our three organizations backing some member for the Board of Governors of the

College of American Pathologists. This nomination must be in by about October. Dr. Fenstermacher then moved that the executive committee be delegated to have the power to nominate a delegate for our state as a potential candidate for the Board of Governors. Dr. Ricks seconded the motion and it was carried.

The combined meeting was then discussed again and Dr. Tribby explained that he meant to hold the business meetings of the state organizations just before the State Medical Meetings and the combined meeting be only for a scientific session. Dr. Mezey then moved that we should favor, in principle, a tri-state scientific session and refer the problem to the executive committee to work out the details. Dr. Hare seconded and the motion carried.

Dr. Mezey then suggested that it might well add to the dignity of the organization if letterhead stationery were used for organizational correspondence. He also suggested that it would be well to have frequent information bulletins emanating from the Secretary-Treasurer.

The question of excessive work being done by secretaries of members of this organization who are paid by third parties was brought up. Dr. Mitchell moved that when large amounts of secretarial work were involved the secretary so used could be reimbursed at the prevailing rate in that particular area. Dr. Moore seconded and the motion was carried.

Election of officers: Dr. Hare nominated Dr. Naumann for president elect; Dr. Mezey seconded. Motion carried.

Dr. Ricks nominated Dr. Hare for Secretary-Treasurer; Dr. Moore seconded and the motion was carried.

Dr. Mezey nominated Dr. Ricks for councilor; Dr. Morrison seconded the nomination and it was carried.

Dr. Mezey moved with Dr. Hare seconding the expression of thanks to our Chairman for his work this past year in the organization. Dr. Bratley in turn thanked those who had helped with his duties.

Dr. Fenstermacher was then installed as President and the meeting was adjourned.

Addendum: At an informal meeting held at Gulfport following the Slide Seminar, it was unanimously resolved that Dr. Mezey be partially compensated for his splendid job of arranging the Seminar by absolving him from paying dues this next year.

I hereby certify that the above minutes are a true and correct record of the proceedings of the May, 1951, meeting of The Mississippi Association of Pathologists.

THE CHARTER OF INCORPORATION OF
THE SARDIS LUGGAGE COMPANY

-o-o-o-

1. The corporate title of said company is
THE SARDIS LUGGAGE COMPANY.

2. The names of the incorporators are:

NAMES	ADDRESSES
Fulton Thompson	118 North Congress Street Jackson, Mississippi
J. H. Thompson	118 North Congress Street Jackson, Mississippi

3. The domicile is at the City of Sardis, County
of Panola, State of Mississippi.

4. Amount of capital stock and particulars as to
class or classes thereof:

The amount of authorized capital stock shall consist of six hundred (600) shares of Class A Common stock without par value, four hundred (400) shares of Class B Common stock of the par value of Twenty-Five Dollars (\$25.00) each, and four hundred (400) shares of Preferred stock of the par value of One Hundred Dollars (\$100.00) each.

The distinguishing designations, preferences and restrictions thereof are as follows:

Subject to the limitations provided for in the by-laws of the corporation, the holders of the Preferred stock shall be entitled to receive, when and as declared by the board of directors of the corporation, out of any assets of

the corporation available for dividends pursuant to the laws of the State of Mississippi, preferential dividends at the rate of five per centum (5%) per annum and no more, payable annually, semi-annually or quarterly on such days as may be determined by the board of directors before any dividend shall be declared or paid upon or set apart for the Class A Common stock or Class B Common stock. Subject to the limitations provided for in the by-laws of the corporation, such dividends upon the Preferred stock shall be cumulative, so that if dividends for any past dividend period at the rate of five per centum (5%) per annum shall not have been paid thereon, or declared and a sum sufficient for payment thereof set apart, the deficiency shall be fully paid or set apart but without interest, before any dividend shall be paid upon or set apart for the Class A Common stock or Class B Common stock. Whenever the full dividends upon the Preferred stock for all past dividend periods shall have been paid, and the full dividend thereon for the then current dividend period shall have been paid or declared and a sum sufficient for the payment thereof set apart, all further dividends declared by the board of directors shall be distributed equally to the holders of the Class A Common stock and Class B Common stock, share and share alike, irrespective of class.

Subject to the limitations provided for in the by-laws of the corporation, the corporation may at the option of the board of directors, redeem the whole or any part of the outstanding Preferred stock on any dividend payment date by paying One Hundred Dollars (\$100.00) for each share thereof, together with a sum of money equivalent to

dividends at the rate of five per centum (5%) per annum on the par value thereof from the date on which the dividends thereon became cumulative to the date fixed for such redemption, less the amount of dividends theretofore paid thereon. Notice of such election to redeem shall, not less than thirty (30) days prior to the dividend date upon which the stock is to be redeemed, be mailed to each holder of stock so to be redeemed at his address as it appears on the books of the corporation. In case less than all of the outstanding Preferred stock is to be redeemed, the amount to be redeemed and the method of effecting such redemption, whether by lot or pro rata or other equitable method, may be determined by the board of directors. If on or before the redemption date named in such notice, the funds necessary for such redemption shall have been set aside by the corporation so as to be available for payment on demand to the holders of the Preferred stock so called for redemption, then, notwithstanding that any certificate of the Preferred stock so called for redemption shall not have been surrendered for cancellation, the dividends thereon shall cease to accrue from and after the date of redemption so designated, and all rights with respect to such Preferred stock so called for redemption including any right to vote or otherwise participate in the determination of any proposed corporate action, shall forthwith after such redemption date cease and determine, except only the right of the holder to receive the redemption price therefor, but without interest. Stock redeemed pursuant to the provisions hereof shall not be reissued but shall be cancelled.

In the event of any liquidation, dissolution or winding up of the affairs of the corporation, whether voluntary or involuntary, the holders of the Preferred stock shall be entitled, before any assets of the corporation shall be distributed among or paid over to the holders of the Class A Common stock or Class B Common stock, to be paid One Hundred Dollars (\$100.00) per share, together with a sum of money equivalent to dividends at the rate of five per centum (5%) per annum on the par value thereof, from the date or dates upon which dividends on such Preferred stock became cumulative to the date of payment thereof, less the amount of dividends theretofore paid thereon. After the making of such payments to the holders of the Preferred stock, the remaining assets of the corporation shall be distributed among the holders of the Class A Common stock and the Class B Common stock, to the extent of the stated value of the issued and outstanding Class A Common stock and the par value of the issued and outstanding Class B Common stock, respectively. If the remaining assets shall be insufficient to permit the payment in full of such amounts to the holders of the Class A Common stock and Class B Common stock, such remaining assets shall be distributed among the holders of such stock in the proportion that the aggregate stated value of the issued and outstanding Class A Common stock and the aggregate par value of the issued and outstanding Class B Common stock bears to the total amount of the stated value of the issued and outstanding Class A Common stock and the aggregate par value of the issued and outstanding Class B Common stock.

After making such payments in full to the holders of the Class A Common stock and Class B Common stock, any further assets shall be distributed equally to the holders of the Class A Common stock and Class B Common stock, share and share alike, irrespective of class.

Except as expressly required by law or as herein otherwise provided, the holders of the preferred stock shall have no voting power nor shall they be entitled to notice of meetings of stockholders, all rights to vote and all voting power being vested exclusively in the holders of the Class A Common stock and Class B Common stock, each holder thereof being entitled to one vote for each share of such stock standing in his name on the books of the corporation.

The sale price per share of the Class A Common stock without par value shall be Eighty Three Dollars and Thirty-Three and One Third Cents (\$83.33 $\frac{1}{3}$).

The payment of dividends, the redemption or purchase of Preferred stock and the transfer of shares of stock of any class shall be subject to the provisions of the by-laws of the corporation and the restrictions contained therein.

Except upon the affirmative vote of the holders of two-thirds ($\frac{2}{3}$) of the total number of the issued and outstanding shares of Class A common stock and Class B common stock, voting together and not separately as classes, the corporation shall not

- (a) Amend any provision of this Charter of Incorporation

- (b) Sell or mortgage all or substantially all of the assets of the corporation
- (c) Merge or consolidate with or into any other corporation
- (d) Increase or decrease the amount of the authorized capital stock
- (e) Take any steps toward the dissolution of the corporation
- (f) Amend any provisions of the by-laws of the corporation.

5. Number of shares for each class and par value thereof:

Class A Common stock - 600 shares without par value

Class B Common stock - 400 shares, par value \$25.00 each

Preferred stock - 400 shares, par value \$100.00 each.

6. The period of existence is ninety-nine years.

7. The purpose for which it is created:

To design, manufacture, buy and sell, trunks, suit cases, sample cases, travelling bags, handbags, luggage, pocketbooks, wallets, bill rolls, cases, coverings, wearing apparel, belting, sporting goods and all other manufactured or allied products.

To manufacture, assemble, fabricate, produce, purchase, import, receive, lease as lessee, or otherwise acquire, own, hold, store, use, repair, service, maintain, mortgage, pledge or otherwise encumber, sell, assign, lease as lessor, distribute, export and otherwise dispose of, and generally to trade and deal in and with, as principal, agent or otherwise, goods, wares and merchandise of all kinds, and any and all machinery, tools, equipment, appliances, devices, supplies and

materials used or useful in connection with or incidental to any of the foregoing.

The rights and powers that may be exercised by this corporation, in addition to the foregoing, are those conferred by Chapter 4, Title 21, Code of Mississippi of 1949, and amendments thereto.

8. Number of shares of each class to be subscribed and paid for before the corporation may begin business is forty (40) shares of Class B Common stock of the par value of Twenty-Five Dollars (\$25.00) each.

9. In furtherance and not in limitation of the powers conferred by statute, the board of directors is expressly authorized:

To set apart out of any of the funds of the corporation available for dividends a reserve or reserves for any proper purpose or to abolish any such reserve in the manner in which it was created.

10. This corporation reserves the right to amend, alter, change or repeal any provision contained in this charter of incorporation, in the manner now or hereafter prescribed by statute, and all rights conferred upon stockholders herein are granted subject to this reservation.

S. heretofore organized as the Baby Research Foundation, an unincorporated association, dedicated to research for the improvement in the care and welfare of infants and children and to evaluate new products for clinical use in the field of pediatrics, apply for a charter of incorporation under the laws of the State of Mississippi, and for the purpose of so doing, the above members are hereby designated as the incorporators and are fully

authorized to do and perform all things necessary in the procurement of such charter and the organization of the corporation provided thereby.

There being no further business, the meeting was adjourned.
